Report of Independent Auditors

Investment Committee

McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the McAngus Goudelock and Courie 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements (“2021 Financial Statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (“US GAAP”).

Investment Committee
McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan

Opinion on the 2021 Financial Statements (continued)

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States (“US GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Investment Committee
McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Investment Committee
McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan

Auditors' Responsibilities for the Audit of the 2021 Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Investment Committee
McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan

Other Matter - Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the accompanying 2020 financial statements of the Plan, which comprise the statement of net assets available for plan benefits as of December 31, 2020, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

McAngus Goudelock and Courie, LLC adopted the McAngus Goudelock and Courie, LLC 401(k) Profit Sharing Plan (the “Plan”) to provide retirement benefits to substantially all of its employees. The following description of the Plan provides only general information. Participants may refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan benefits the employees of McAngus Goudelock and Courie, LLC (the “Firm”) and MGC Sports, LLC through a multiple-employer arrangement in which the employers do not have common ownership, as well as Congaree Title and Abstracting, LLC (collectively, the “Companies”) through a participation agreement. The Plan is a defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Employees may become participants in the 401(k) employee deferral portion of the Plan after completing thirty days of service and attaining age twenty-one. Employees are required to complete 1,000 hours of service during the Plan year and be employed by the Companies on the last day of the calendar year to participate in the Companies’ matching and profit sharing portions of the Plan. Once an employee has met all of the eligibility requirements they are automatically enrolled into the Plan at a deferral rate of 3% of pretax compensation and must opt out of the Plan in order to decline to participate.

Plan Amendments

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019, which allows certain eligible individuals to suspend required minimum distributions, and delay the commencement date for required minimum distributions. A CARES Act provision allowed the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The Plan has been amended to incorporate these changes.

Contributions

Participants may contribute any percentage or amount of pretax annual compensation, after-tax Roth 401(k) contributions, or a combination of the two, up to the maximum annual amount permitted by statute. Participants may also contribute rollover distributions from other qualified benefit plans. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions.

1. Description of Plan (continued)

Contributions (continued)

The Plan allows for discretionary safe harbor contributions determined by the Firm on an annual basis. The Companies made no discretionary safe harbor contributions in 2021 and 2020. The Plan permits other discretionary contributions, including: non-safe harbor matching, qualified non-elective, qualified matching, and discretionary contributions made to the profit sharing portion of the Plan. The Firm approved discretionary contributions totaling approximately \$2,277,000 and \$1,059,000 for 2021 and 2020, respectively.

Participant Accounts

Each participant's 401(k) account is credited with the participant's contributions, administrative expenses, and earnings and losses thereon. Each participant's profit sharing account is credited with an allocation of the Companies contributions, if any, and Plan earnings or losses, and is charged with an allocation of any administrative expenses paid by the Plan. The Companies' safe harbor contributions are allocated based on the ratio of each participant's compensation, as defined, to the total compensation of all Plan participants for the Plan year. Other contributions by the Companies are allocated based on the ratio of each participant's compensation, as defined, to the total compensation in the participant's designated employee group as defined by the Plan.

Participants may elect to allocate current contributions into any of the investment options offered by the Plan. Participants may change their investment options at any time. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are always 100% vested in their deferrals, Firm safe harbor, Firm qualified non-elective, and Firm qualified matching contributions to the Plan. For all other Firm contributions, a participant is 20% vested at the end of two years' continuous service, with additional vesting of 20% annually for each of the next four years, resulting in 100% vesting after the sixth year. A participant's account is also 100% vested under the Plan upon death, disability, or attaining normal retirement age regardless of years of service.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, participants, or their beneficiaries, may elect to receive their vested portion of Plan assets under several payout options specified in the Plan. Participants who have attained 59½ years of age are permitted to withdraw all or part of their vested accounts as in-service or hardship distributions.

1. Description of Plan (continued)

Forfeited Accounts

Participant forfeitures may be used to pay Plan expenses or reduce the Companies' contributions. Forfeitures of approximately \$12,000 were used to reduce employer contributions for each of the years ending December 31, 2021 and 2020. The amount of unallocated forfeited non-vested accounts were \$0 at both December 31, 2021 and 2020.

Participant Notes Receivable

Participants may borrow from their accounts, subject to certain restrictions. Loans must be made available to all participants on a reasonably equivalent basis and must not exceed 50% of each participant's vested account balance. The minimum amount of any loan is \$1,000 and may not exceed \$50,000. Loan terms range from one to five years, except for loans made for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 4.25% to 7.50% as of December 31, 2021. Interest rates are established on the date of the loan and are based on prime plus two percent at the date the loan is issued. Principal and interest are paid ratably through payroll deductions. A participant may have no more than one note receivable due to the Plan at any time.

Plan Termination

Although it has not expressed any intent to do so, the Firm has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company's contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Participant Notes Receivable

Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Indirect Compensation

Management has established a segregated account within the Plan which receives Rule 12b-1, shareholder servicing and sub-transfer agency payments paid by mutual funds in which the Plan invests. The Plan received approximately \$276,000 and \$170,000 from these sources in 2021 and 2020, respectively, which is recorded as indirect compensation in the accompanying statements of changes in net assets available for plan benefits. Indirect compensation is used to pay Plan expenses and any excess funds are available to be allocated to participants.

Plan assets include unallocated indirect compensation of approximately \$112,000 and \$170,000 at December 31, 2021 and 2020, respectively.

Risks and Uncertainties

The Plan may invest in investment securities that are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the 2021 statement of net assets available for plan benefits.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

The Plan paid approximately \$163,000 and \$139,000 for contract administration, investment and professional fees during 2021 and 2020, respectively. These transactions qualify as party-in-interest transactions, but are exempt from the prohibited transaction rules of ERISA.

3. Plan Certification

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2021 and 2020, related to investments, net appreciation in fair value of investments, and interest was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company, the trustee of the Plan.

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. All of the Plan's mutual fund investments, money market fund, and cash and cash equivalents were valued using Level 1 inputs, based on quoted market prices of the shares held by the Plan.

The Plan's investments include the Federated Capital Preservation Fund, a collective trust that invests in a variety of fully benefit-responsive investment contracts. The Federated Capital Preservation Fund is valued at the net asset value ("NAV") of units of the accounts. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV of the fund is based on the fair value of the underlying investments held, less the fund's liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the fund, the trust provider reserves the right to temporarily delay withdrawal from the fund in order to ensure that security liquidations will be carried out in an orderly business manner.

Notes to Financial Statements
December 31, 2020 and 2019

4. Fair Value Measurements (continued)

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Gains and losses included in changes in net assets available for plan benefits for the years ended December 31, 2021 and 2020 are reported in net appreciation in fair value of investments.

5. Income Tax Status

The Plan is a volume submitter plan, provided by CDM Retirement Consultants, Inc., designed to be in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Internal Revenue Service (“IRS”) has determined by a letter dated March 31, 2014 that the volume submitter plan, as then designed, was in accordance with applicable sections of the IRC. The volume submitter plan has been amended since receiving the opinion letter. However, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. As a result, Plan management believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

US GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2021 and 2020. The plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations for the years prior to 2018.

6. Subsequent Events

The Plan evaluated events and transactions after December 31, 2021 through November 11, 2022, the date the financial statements were available to be issued. No subsequent events were noted.
