Independent Auditor's Report

To the Plan Administrator
Northgate Gonzalez Markets, Inc. 401(k) Plan
Anaheim, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Northgate Gonzalez Markets, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, as described in Note 2 to the financial statements, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis) of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule (modified cash basis) agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Northgate Gonzalez Markets, Inc. 401(k) Plan

Notes to Financial Statements (Modified Cash Basis)

1. Plan Description

The following description of the Northgate Gonzalez Markets, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan was originally established on January 1, 1999, and is a 401(k) plan covering substantially all employees of Northgate Gonzalez Markets, Inc. (the “Company”) who are working a minimum of twenty hours a week, have at least six months of service, and are age eighteen or older. Union employees and nonresident aliens are excluded from participating. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is managed by the Plan Administrator appointed by the Board of Directors of the Company. The Plan Administrator has the responsibility for the day-to-day administration of the Plan. American United Life Insurance Company, the custodian (“AUL” or the “Custodian”), holds the Plan’s assets and distributes those assets in accordance with the Plan document and the instructions of its designees.

Contributions

Each year, participants may contribute a percentage of their eligible compensation, as defined in the Plan, as pre-tax or Roth contributions, up to the maximum allowable under the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed the amount allowable under the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan automatically enrolls all new participants into the Plan at a 2% deferral rate. The automatic deferral amount will increase by 1% per year up to a maximum of 4% of the participant’s compensation as of the beginning of each subsequent Plan year.

The Company has the option to make a discretionary matching employer contribution. During 2021 and 2020, the Company made discretionary matching employer contributions of 50% of the salary deferrals up to 4% of eligible compensation that the participant contributes to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s contribution, and the participant’s portion of the Plan’s earnings and expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit, which a participant is entitled to receive, is the amount that can be provided from the participant’s vested account.

Northgate Gonzalez Markets, Inc.

401(k) Plan

Notes to Financial Statements **(Modified Cash Basis)**

Notes Receivable from Participants

Plan participants are eligible to obtain loans that are associated with the participant's account balance. The minimum amount of any loan is \$1,000; the maximum amount of any loan is the lesser of (i) 50% of the participant's vested account balance or (ii) \$50,000, reduced by the participant's highest outstanding loan balance during the prior 12-month period. Loan repayments are made ratably through participant payroll deductions over a period not to exceed five years, unless the loans are used to purchase a primary residence, in which case the loan will be required to be repaid within 30 years of the original date of the loan. The loans bear interest rates that are based on other lenders' rates for similar loans, and currently have rates from 4.25% to 6.25%, with various maturities through August 2051.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of participants' accounts (including the actual earnings thereon) is based on years of continuous service. Participants are vested in 20% increments starting with the second year of service. A participant is 100% vested after six years of credited service. To earn a year of service, a participant must be credited with at least 1,000 hours of service during the 12-month period beginning on the first day of employment and any anniversary of the employment date.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant with an account balance not in excess of \$5,000 will receive an automatic lump-sum payout as soon as administratively feasible. A participant with an account balance in excess of \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-service withdrawals from the Plan may also be made upon circumstances of financial hardship or attainment of age 59½, in accordance with provisions specified in the Plan agreement.

Forfeitures

Forfeitures from non-vested participant accounts are used to reduce future administrative expenses and Company contributions. During the year ended December 31, 2021, forfeitures in the amount of \$411,321 were used to reduce the Company's contributions and \$300 was used to pay administrative expenses. As of December 31, 2021 and 2020, the outstanding forfeiture amounts were \$238,545 and \$230,826, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements and supplemental schedule of the Plan are prepared using the modified cash basis method of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States ("U.S. GAAP"). The modified cash basis differs from U.S. GAAP in that the Plan recognizes interest and dividend income when received and administrative expenses when disbursed.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan provides for investments in a stable value fund and pooled separate accounts, with investments included in the Statements of Net Assets Available for Benefits at fair value. The units of the pooled separate accounts are valued at quoted market prices, which represent the net asset values ("NAV") of units held by the Plan at year end. The Plan also invests in a stable value fund. The Plan's interest in the stable value fund is valued at the NAV practical expedient of the underlying investments reported by the issuer of the stable value fund at year-end. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest is recorded when received. Net appreciation (depreciation) includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance, plus any accrued (but unpaid) interest and are classified as notes receivable from participants. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

In preparing financial statements in conformity with the modified cash basis, management is required to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from these estimates.

Payment of Benefits

Benefits are recorded when paid.

Northgate Gonzalez Markets, Inc.

401(k) Plan

Notes to Financial Statements (Modified Cash Basis)

Administrative Expenses

All administrative expenses, unless paid by the Company at its discretion, are paid by the Plan. Fees associated with loan initiations and benefit payments are paid for by the Plan participants who request such transactions and are included in administrative expenses in the accompanying Statement of Changes in Net Assets Available for Benefits.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AUL, a qualified institution, has certified that the following data included in the accompanying financial statements and supplemental schedule (modified cash basis) are complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits (modified cash basis) as of December 31, 2021 and 2020.
- Net investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Northgate Gonzalez Markets, Inc.

401(k) Plan

Notes to Financial Statements (Modified Cash Basis)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts: Valued on a net unit basis as determined by the issuer on a daily basis. The pooled separate accounts are valued at the fair value of the underlying fund, less any liabilities, divided by the units outstanding. The underlying funds are valued at fair value based on publicly quoted prices in active markets.

Stable Value Fund: The Plan invests in a stable value fund that is valued at the NAV. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

<i>Investment Assets at Fair Value as of December 31, 2021</i>				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	\$ -	\$ -	\$ -	\$ 87,514,632
Stable value fund*	-	-	-	7,388,502
Total investments at fair value	\$ -	\$ -	\$ -	\$ 94,903,134

<i>Investment Assets at Fair Value as of December 31, 2020</i>				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	\$ -	\$ -	\$ -	\$ 73,400,501
Stable value fund*	-	-	-	6,463,757
Total investments at fair value	\$ -	\$ -	\$ -	\$ 79,864,258

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) as practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Northgate Gonzalez Markets, Inc.

401(k) Plan

Notes to Financial Statements **(Modified Cash Basis)**

The stable value fund held by the Plan consists of the American United Life (“AUL”) Fixed Account (“Fixed Account”), which is an interest-earning investment option, backed by AUL’s general account assets and is considered to be a stable value fund with underlying investments in investment contracts that carry a “benefit responsiveness” feature. This feature guarantees that participant-initiated withdrawals from the fund will be covered at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

The fair value of participant units held in the stable value fund are based on NAV after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts.

The average yield and crediting interest rate of the stable value fund were approximately 1.04% and 1.25% for the years ended December 31, 2021 and 2020, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.0% for the years ended December 31, 2021 and 2020, respectively.

At December 31, 2021 and 2020, the Plan had no unfunded commitments related to these investments. The redemption of these investments is subject to the preference of individual Plan participants and contains no restrictions on the timing of redemption; however, participant redemption may be subject to certain redemption fees.

5. Related Party and Party-in-Interest Transactions

Plan investments include the stable value fund and pooled separate accounts managed by the Custodian. The Custodian acts as the recordkeeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Administrative expenses represent fees paid by the plan participants for certain recordkeeping transactions and qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan’s exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan’s provisions as well as those of ERISA and the participants’ investment preferences dictate the Plan’s concentration of credit risk and market risk.

8. Tax Status

The Plan obtained its latest favorable determination letter on August 9, 2018, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan Sponsor believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan continues to be tax-exempt. Therefore, no provision for incomes taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements (modified cash basis) to the Form 5500:

	2021	2020
Net assets available for benefits per the financial statements (modified cash basis)	\$ 99,986,948	\$ 84,930,079
Add: Corrective distributions payable	11,423	2,146
Net assets per Form 5500	\$ 99,998,371	\$ 84,932,225

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements (modified cash basis) to the Form 5500:

	2021
Net increase in net assets available for benefits per the financial statements	\$ 15,056,869
Net change in accrual of corrective distributions payable	9,277
Net income per Form 5500	\$ 15,066,146

10. Subsequent Events

The Company has evaluated subsequent events through November 22, 2022, the date these financial statements were available to be issued. Based upon evaluation, it was determined that no subsequent events occurred that would require recognition or additional disclosure in the financial statements, except for the following.

Notes to Financial Statements
(Modified Cash Basis)

Subsequent to plan year ended December 31, 2021, the Plan assets were transferred to Fidelity Management Trust Company ("Fidelity"), which was appointed as the trustee of the Plan effective July 1, 2022. The AUL Fixed Asset Account agreement was terminated effective July 1, 2022 and the Plan assets were transferred to the Putnam Stable Value R1 Account.

The Plan document was restated effective July 11, 2022, whereby the Plan has adopted the non-standardized pre-approved profit-sharing plan sponsored by Fidelity. The IRS has determined and informed Fidelity, by an opinion letter dated June 30, 2020, that the Plan was designed in accordance with applicable sections of the IRC.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
