Independent Auditors' Report

The Plan Administrator

Durr Heavy Construction, LLC 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Durr Heavy Construction, LLC 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of January 27, 2022 and December 31, 2021, and the related statements of changes in net assets available for benefits for the period from January 1, 2022 through January 27, 2022 and the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of January 27, 2022 and December 31, 2021, and for the period from January 1, 2022 through January 27, 2022, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

DURR HEAVY CONSTRUCTION, LLC 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

January 27, 2022 and December 31, 2021

(1) Description of plan

The following description of the Durr Heavy Construction, LLC 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan was a defined contribution plan which was adopted on January 1, 1999, to provide retirement benefits for employees of Durr Heavy Construction, LLC and Circle E Contracting, LLC, (collectively, the "Plan Sponsor"). The Plan covered substantially all employees who were at least 21 years of age and had completed one year of service ("participants") as defined in the adoption agreement. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On January 27, 2022, the Plan was merged into the Associated Builders and Contractors, Inc. Retirement & Savings Plan ("ABC Plan"). Employees were eligible to make contributions into the ABC Plan beginning on January 1, 2022.

(b) Contributions

Prior to January 1, 2022, participants could voluntarily make qualified retirement contributions to the Plan which were excludable by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Additionally, participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions were permitted up to 100% of compensation, subject to certain IRC limitations.

The Plan Sponsor made safe harbor matching contributions in an amount equal to the sum of 100% of the amount of each participant's elective deferrals that did not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceeded 3% of the participant's compensation but did not exceed 5% of the participant's compensation.

Additionally, the Plan Sponsor could, at its discretion, make a profit sharing contribution to the participants' accounts equal to a percentage of participant compensation, as determined by the Plan Sponsor. No profit sharing contributions were made by the Plan Sponsor for the period ended January 27, 2022 or the year ended December 31, 2021. Plan Sponsor contributions could not exceed the maximum amount deductible for federal income tax purposes.

DURR HEAVY CONSTRUCTION, LLC 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

January 27, 2022 and December 31, 2021

(c) Participant accounts

Each participant's account was credited (charged) with the participant's contributions, Plan Sponsor matching contributions, and allocations of profit sharing contributions, investment earnings (losses), and administrative expenses, as applicable. Allocations were based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

(d) Vesting

Participants were immediately vested in their elective salary deferral and the safe harbor matching contributions plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's profit sharing contributions was based on the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

(e) Payment of benefits

On termination of service due to death, disability or retirement, a participant could elect to receive a lump-sum payment equal to his or her entire account. Upon termination of service due to other reasons, a participant was entitled to receive only the vested interest in his or her account as a lump sum payment. If the value of a participant's vested balance did not exceed \$5,000, an automatic distribution would be made.

The Plan also allowed in-service distributions for fully vested participants after attainment of normal retirement date.

(f) Forfeited accounts

Forfeitures were created when participants terminated employment prior to becoming fully vested in the Plan Sponsor profit sharing contribution portion of their accounts. Such forfeitures were used to reduce the Plan Sponsor's contributions to the Plan or to pay Plan expenses. There were no unutilized forfeitures as of January 27, 2022 and the year ended December 31, 2021. Any remaining unused forfeitures were transferred to the ABC Plan with the transfer of assets on January 27, 2022.

DURR HEAVY CONSTRUCTION, LLC 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

January 27, 2022 and December 31, 2021

(g) Hardship withdrawals

The Plan permitted distributions in the event of a hardship, as defined in the plan agreement. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant was younger than age 59½. Hardship withdrawals were limited to the participant's elective account balance.

(h) Administrative expenses

Certain expenses of maintaining the Plan were paid directly by the Plan Sponsor and were excluded from these financial statements. Fees related to the processing of distributions were included in administrative expenses and charged directly to the participant's account. Recordkeeping and financial advisor fees were also included in administrative expenses. Investment related expenses were included in net appreciation (depreciation) in fair value of investments.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

(b) Investment valuation and income recognition

Investments were stated at fair value as reported by LT Trust Company ("LT Trust"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determined the Plan's valuation policies utilizing information provided by the investment advisers and LT Trust. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividend income was recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period/year.

(c) Payment of benefits

Benefits were recorded when paid.

(d) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Events occurring after reporting date

The Plan's management has evaluated events and transactions that occurred between January 27, 2022, and November 16, 2022, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified Information

Certain information related to investments reported and disclosed in the accompanying financial statements, including the fair value of investments as of January 27, 2022 and December 31, 2021, and net appreciation (depreciation) in fair value of investments, and dividend income for the period ended January 27, 2022, and the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by LT Trust.

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for asset's measured at fair value. There have been no changes in the methodologies used at January 27, 2022 and December 31, 2021.

- (i) *Money market fund*: Valued based on the funds' reported closing net asset values ("NAV") of shares held by the Plan as of the last business day of the plan year.
- (ii) *Mutual funds*: Valued based on the funds' reported closing NAV of shares held by the Plan as of the last business day of the plan year. The mutual funds are deemed actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no plan assets remaining as of January 27, 2022. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

Fair Value Measurements as of December 31, 2021 Using the Following Inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 138,296	\$ -	\$ -	\$ 138,296
Mutual funds	<u>7,853,958</u>	<u>-</u>	<u>-</u>	<u>7,853,958</u>
Total assets in the fair value hierarchy	<u>\$ 7,992,254</u>	<u>-</u>	<u>-</u>	<u>\$ 7,992,254</u>

(5) Income tax status

The Plan Sponsor adopted a volume submitter profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the volume submitter profit sharing plan was designed in accordance with the applicable sections of the IRC. The Plan itself had not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC and the Plan had been amended since receiving the opinion letter. However, the plan administrator believes that the amended Plan was designed and was being operated in compliance with the applicable requirements of the IRC, and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator analyzed the tax positions taken by the Plan, and concluded that as of January 27, 2022 and December 31, 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress.

(6) Related party and party-in-interest transactions

The Plan's investment in the money market fund was managed by LT Trust, and therefore, qualified as a party-in-interest transaction under ERISA. As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions also qualified as party-in-interest transactions.
