Independent Auditor's Report

Audit Committee
Apex Clearing Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements
We have performed an audit of the financial statements of Apex Clearing Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion on the 2021 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated November 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Plan Description

The following description of the Apex Clearing Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Apex Clearing Corporation (the Company) who are 18 years of age or older, except for temporary employees and interns who must be 21 years of age or older and complete 1,000 hours of service during an eligibility computation period. Eligible employees are able to begin participating in the Plan the first day of the month following the later of their date of hire or meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan is designed as a qualified cash deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code (IRC) and provides for the following contributions.

Participant contributions: Each year, participants may contribute a portion of total pretax or after-tax compensation, as defined in the Plan, not to exceed certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts disbursed or transferred from another qualified plan (rollovers). Participants who do not affirmatively decline to participate in the Plan will be automatically enrolled in the Plan. Automatically enrolled participants have their deferral rate set at 6% of their eligible compensation and their contributions invested in the Fidelity Freedom Funds, a registered investment company, based on age.

Company matching contributions: The Company may make an annual discretionary matching contribution based on compensation that a participant contributes to the Plan. Participants must be employed at year-end and have earned at least 1,000 hours of service during the plan year in order to receive the discretionary matching contribution, if any. For the year ended December 31, 2021, the Company made a matching contribution in the amount of $1,271,073, of which $156,208 was paid using forfeited accounts.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Company matching contribution, if any, plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct the investment of their contributions into various shares of registered investment companies, as more fully described in the plan document. Participants may change their investment options daily, subject to certain limitations.

Vesting: Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Participants hired on or after October 1, 2012, are 10% vested in the Company's contributions plus actual earnings thereon after one year of credited service, 20% after two years of credited service, 40% after three years of credited service, 60% after four years of credited service and fully vested after five years of credited service. Participants hired prior to October 1, 2012, are 20% vested in the Company's contributions plus actual earnings thereon after one year of credited service, 40% after two years of credited service, 50% after three years of credited service, 80% after four years of credited service and fully vested after five years of credited service. Participants are automatically fully vested upon normal retirement, death, permanent disability or termination of the Plan.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum amount of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance during the prior 12-month period. Note terms are limited to 10 years for a purchase of a primary residence or to five years otherwise. Upon termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. However, if the termination of employment results from a corporate action on the part of the Company and the participant remains performing the same job after that corporate action, within 60 days of termination of employment the participant may request that the Plan Administrator roll over a participant loan to a new employer's retirement plan (if such new plan will accept a loan rollover). Unless the loan is rolled over to a new plan, any default in the repayment to the Plan will result in the treating of the balance due as a taxable distribution from the Plan. The notes are secured by the balance in the participant's account and bear interest ranging from 4.25% to 7.50% at December 31, 2021, and at 4.25% to 6.50% at December 31, 2020, which are commensurate with local prevailing rates at note origination, as determined by the Plan Administrator. Principal and interest are paid ratably through bimonthly payroll deductions.

Notwithstanding the foregoing, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), enacted March 27, 2020, permitted plan loan limits to be increased, and the loan repayments of affected participants to be suspended for up to a year, for participants affected by the coronavirus pandemic. Under the CARES Act, plan loan limits for loans made to affected participants during the period from March 27, 2020, to September 22, 2020, could be increased to the lesser of: (1) $100,000 (up from $50,000), minus outstanding plan loans of the individual, or (2) 100% (up from 50%) of the individual's vested account balance. In addition, an affected participant was permitted to suspend plan loan repayments due during the period from March 27, 2020, to December 31, 2020, for up to a year, with adjustment to any subsequent repayments to reflect the suspension and any interest accruing during the suspension period. The deadline for adopting formal plan amendments implementing such CARES Act provisions is December 31, 2022.

Payment of benefits and withdrawals: A distribution can be made to a participant upon request due to disability, retirement, or termination of employment. A participant's beneficiary or beneficiaries may request a distribution of any vested account balance in the event of the participant's death. Distribution may be deferred until a later date. However, distribution cannot be postponed on any vested account balance that is $5,000 or less in which case the Plan Administrator will direct the trustee that any amount exceeding $1,000 be distributed to an individual retirement account or annuity (IRA) for the participant's benefit. Any vested account balance that is $1,000 or less will be distributed as a lump-sum distribution. Prior to such distribution a participant still has the right to request that the amount be distributed directly to the participant in the form of a lump-sum payment or to request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions. Additionally, the Plan provides in-service distributions related to hardships and obtaining age 59 ½.

Forfeited accounts: At December 31, 2021 and 2020, forfeited non-vested accounts totaled $139,518 and $27,225, respectively. Forfeitures are invested in a money market fund and may be, at the Company's discretion, applied to cover the Plan's administrative expenses or to reduce future Company contributions. At December 31, 2021 and 2020, the Company contribution receivable was recorded net of the respective forfeiture balance.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Accounting policies: The Plan follows generally accepted accounting principles (GAAP), as established by the Financial Accounting Standards Board (the FASB), to ensure consistent reporting of financial condition.

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a detailed discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes are recorded as distributions based upon the terms of the plan document. No loans were deemed uncollectible as of December 31, 2021 and 2020.

Payment of benefits: Benefits are recorded when paid.

Plan administration: Investment-related expenses of the Plan are paid by the Plan as provided in the plan document and are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits. Recordkeeping fees in the amount of $12,241 were paid by the Plan directly to Fidelity Management Trust Company. All other significant costs related to plan administration and professional services are paid by the Company and excluded from these financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

Recent accounting pronouncement: In June 2016, the FASB issued Accounting Standards Update (ASU) 2016-13, *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, which amends several aspects of the measurement of credit losses on financial instruments, including replacing the existing incurred credit loss model and other models with the Current Expected Credit Losses (CECL) model and amending certain aspects of accounting for purchased financial assets with deterioration in credit quality since origination. The new standard is effective for fiscal years beginning after December 15, 2022. The Plan evaluated the new standard and it is not expected to have a material impact on the financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through November 15, 2022, the date the financial statements were available to be issued.

As of January 1, 2022, the Plan adoption agreement was restated to change the plan name to Apex Fintech Services 401(k) Plan and the adopting employer name to Apex Fintech Services LLC.

As of March 24, 2022, the Plan adoption agreement was restated from a volume submitter plan sponsored by Fidelity Management Trust Company to a non-standardized pre-approved Profit Sharing Plan sponsored by Fidelity Management & Research Company (FMR).

The Plan sponsor authorized on May 16, 2022 to merge the plan assets related to Silver Management Group from the Engage PEO Multiple Employer Plan into the Plan. All plan assets related to Silver Management Group were transferred from Engage PEO Multiple Employer Plan to the Plan on June 30, 2022. The Plan was amended to include Silver Management Group as a predecessor employer for recognized services. The merger does not impact participant benefits as the benefit provisions were incorporated in the Plan.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (FMTC)

The following is a summary of the Plan's asset and income information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule that were prepared by or derived from information certified or provided by FMTC, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2021	2020
Shares of registered investment companies	$ 43,875,224	$ 34,814,435
Money market fund	3,367,306	3,620,875
Notes receivable from participants	686,560	548,650
Net appreciation in fair value of investments	4,731,845	
Interest income and dividends	2,034,785	
Interest income on notes receivable from participants	36,493	

Note 4. Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured on a recurring basis at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded and have readily determinable fair values.

Money market fund: Valued at quoted market prices of shares held by the Plan at year-end.

Note 4. Fair Value of Financial Instruments (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, classified by major security class, at fair value.

	December 31	
	2021	2020
	(Level 1)	(Level 1)
Shares of registered investment companies	$ 43,875,224	$ 34,814,435
Money market fund	3,367,306	3,620,875
	$ 47,242,530	$ 38,435,310

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

The Plan invests in shares of registered investment companies managed by an affiliate of FMTC. FMTC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain employees of the Company provide trustee and administrative services to the Plan. These employees do not receive any compensation from the Plan for their services.

The plan recordkeeper may receive revenue sharing payments form mutual funds in which the plan assets are invested. The administrative services agreement between the Plan and its recordkeeper provides that to the extent revenue sharing payments received by the recordkeeper exceed administrative fees charged to the Plan by the recordkeeper, the excess will be credited to the Plan and can be used to pay future other administrative expenses of the Plan or be allocated to participants at the discretion of the Company.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 7. Tax Status

Effective October 1, 2012, the Plan adopted a volume submitter plan sponsored by FMR. The volume submitter plan has received an opinion letter, dated March 31, 2014, from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since the adoption date. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Note 7. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. Plan management has analyzed the tax positions taken by the Plan and has concluded that through December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The current and prior three tax years remain subject to income tax examination.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31	
	2021	2020
Net assets available for benefits per the financial statements	$ 49,045,145	$ 40,030,179
Differences in:		
Investments	672,248	545,687
Receivable—notes receivable from participants	(686,560)	(548,650)
Receivable—Company contributions	(1,116,055)	(1,046,219)
Net assets available for benefits per Form 5500	$ 47,914,778	$ 38,980,997

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500:

	December 31, 2021
Net increase per the statement of changes in net assets available for benefits per the financial statements	$ 9,014,966
Net adjustment to reflect Company and participant contributions on the accrual basis	(69,836)
Net transfers	(90,329)
Change in deemed distributed participant loans	(11,348)
Net increase per Form 5500	$ 8,843,453

Note 10. Transfers In, Net

If a participant of the Plan becomes eligible for the defined contribution plan of the Sponsor's parent company, their participation in this Plan will cease. When they become eligible to participate in the parent company's defined contribution plan, their account balance in the Plan is automatically transferred into the parent company's defined contribution plan. A similar transfer occurs when a participant of the parent company's defined contribution plan becomes eligible for this Plan. During the year ended December 31, 2021, the net amount of transfers described above were $90,329 into the Plan.
