Independent Auditor's Report

Plan Administrator
PEAK6 Group LLC 401(k) PS Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements
We have performed an audit of the financial statements of PEAK6 Group LLC 401(k) PS Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Responsibilities of Management for the 2021 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements
We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that: (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Plan Description

The following description of Peak6 Group LLC 401(k) PS Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees (as defined) of Peak6 Group LLC and Subsidiaries (the Company). Such employees are eligible to participate in the Plan as of the first day of the month following the later of the date of hire or the attainment of 18 years of age. Participants can begin contributing upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: The Plan is designed as a qualified cash deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the Code) and provides for the following contributions:

***Participant contributions*:** Each year, participants may contribute a portion of total pretax or after-tax compensation, as defined in the Plan, not to exceed certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts disbursed or transferred from another qualified plan (rollovers). Participants who do not affirmatively decline to participate in the Plan will be automatically enrolled in the Plan. Automatically enrolled participants have their deferral rate set at 6% of their eligible compensation and their contributions invested in the Fidelity Freedom Funds, registered investment companies, based on age.

***Discretionary company contributions*:** Discretionary company contributions, if any, may be made annually at the discretion of the Company on behalf of eligible employees who made participant contributions, earned at least 1,000 hours of service during the Plan year, and were employed as of the last day of the Plan year. For 2021, the Company authorized a discretionary contribution of 50% of compensation deferred by the employee up to a maximum of 50% of 6% of eligible compensation in the amount of $1,716,070, of which $167,356 were forfeitures of unvested portion of terminated participants' accounts resulting in a receivable of $1,548,714, as presented on the statement of net assets available for benefits.

***Company profit-sharing contributions*:** Company profit-sharing contributions, if any, may be made annually at the discretion of the Company to eligible employees who incurred at least 1,000 hours of service during the Plan year and were employed as of the last day of the Plan year. For 2021, the Company did not authorize any such contributions.

Notes receivable from participants: Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of 50% of the vested account balance, or $50,000. A participant may have only one loan outstanding at any given time. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence, and are due and payable in full upon termination of employment or death. The loans are secured by the balance in the participant's account. Loans bear interest ranging from 4.25% to 6.50% at December 31, 2021, and at 4.25% to 6.50% at December 31, 2020, which are commensurate with local prevailing rates at note origination, as determined by the Plan Administrator. Principal and interest are paid ratably through bimonthly payroll deductions.

Note 1. Plan Description (Continued)

Notwithstanding the foregoing, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), enacted March 27, 2020, permitted Plan loan limits to be increased, and the loan repayments of affected participants to be suspended for up to a year, for participants affected by the coronavirus pandemic. Under the CARES Act, Plan loan limits for loans made to affected participants during the period from March 27, 2020 to September 22, 2020, could be increased to the lesser of: (1) $100,000 (up from $50,000), minus outstanding Plan loans of the individual or (2) 100% (up from 50%) of the individual's vested account balance. In addition, an affected participant was permitted to suspend Plan loan repayments due during the period from March 27, 2020 to December 31, 2020, for up to a year, with adjustment to any subsequent repayments to reflect the suspension and any interest accruing during the suspension period. The deadline for adopting formal Plan amendments implementing such CARES Act provisions is December 31, 2022.

Investments and investment options: The assets of the Plan are held by Fidelity Management Trust Company (Fidelity), trustee of the Plan. Upon enrollment, a participant may direct employee and Company contributions, if any, into a variety of registered investment companies. The Plan automatically enrolls employees into Fidelity target date funds selected by Fidelity based on the employees date of birth. Participants have the ability to change their deferral percentage as of the beginning of each payroll period. Participants are able to change their investments on a daily basis, if desired.

Participants' accounts: Participants' accounts are credited with their contributions, rollover contributions, the allocation of the Company's discretionary and profit-sharing contributions, if any, and Plan earnings or losses and are charged with an allocation of administrative expenses, if any remain unpaid after reduction from forfeitures. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary and profit sharing portions of their accounts plus actual earnings thereon are vested 10% after one year of service, 20% after two years of service, 40% after three years of service, 60% after four years of service, and fully vested after five years of credited service, or upon death, disability, normal retirement or termination of the Plan. Effective October 18, 2021, the Plan was amended to specify a different vesting schedule than the aforementioned applying to discretionary profit sharing contributions and a certain specified class of participants resulting in vesting of 100% after two years of service, as more fully described in the Plan document.

Payments of benefits and withdrawals: A distribution can be made to a participant upon request due to disability, retirement or termination of employment. A participant's beneficiary or beneficiaries may request a distribution of any vested account balance in the event of the participant's death. Distribution may be deferred until a later date. However, distribution cannot be postponed on any vested account balance that is $5,000 or less in which case the Plan Administrator will direct the trustee that any amount exceeding $1,000 be distributed to an individual retirement account or annuity (IRA) for the participant's benefit. Any vested account balance that is $1,000 or less will be distributed as a lump-sum distribution. Prior to such distribution a participant still has the right to request that the amount be distributed directly to the participant in the form of a lump-sum payment or to request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions. Additionally, the Plan provides in-service distributions related to hardships and obtaining age 59½.

Note 1. Plan Description (Continued)

Forfeited accounts: Forfeitures of unvested portions of terminated participants' accounts are to be retained by the Plan and invested in a money market fund and will be used first to pay the Plan's administrative expenses. Any remaining forfeited balances will be used to reduce future Company contributions payable to the Plan. Forfeited balances at December 31, 2021 and 2020, totaled $156,594 and $62,697, respectively, and forfeitures used to reduce Company contributions for 2021 (funded in 2022) were $167,356 which included $10,762 of forfeitures from 2022. At December 31, 2021 and 2020, the Company contribution receivable was recorded net of the respective forfeiture balance.

Plan administration: The Plan's administrative and investment advisory fee expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and investment advisory fees paid by the Plan include trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements have been prepared under the accrual basis of accounting.

Accounting policies: The Plan follows United States generally accepted accounting principles (U.S. GAAP), as established by the Financial Accounting Standards Board (FASB).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a detailed discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are deemed to be distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Plan administration: Investment-related expenses of the Plan are paid by the Plan as provided in the Plan document and are included in net appreciation in the statement of changes in net assets available for benefits. Recordkeeping fees in the amount of $13,722 were paid by the Plan directly to Fidelity. All other significant costs related to Plan Administration and professional services are paid by the Company and excluded from these financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

Recent accounting pronouncement: In June 2016, the FASB issued Accounting Standards Update (ASU) 2016-13, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, which amends several aspects of the measurement of credit losses on financial instruments, including replacing the existing incurred credit loss model and other models with the Current Expected Credit Losses (CECL) model and amending certain aspects of accounting for purchased financial assets with deterioration in credit quality since origination. The new standard is effective for fiscal years beginning after December 15, 2022. The Plan evaluated the new standard and it is not expected to have a material impact on the financial statements.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Fidelity)

The following is a summary of the Plan's asset and income information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule that were prepared by or derived from information certified or provided by Fidelity, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets and income:

	December 31	
	2021	2020
Shares of registered investment companies	$ 74,987,952	$ 60,281,983
Money market fund	4,748,681	4,166,103
Participant-directed brokerage accounts	387,776	331,511
Notes receivable from participants	70,291	111,065
Net appreciation in fair value of investments	5,943,948	
Interest income and dividends	5,497,523	
Interest income on notes receivable from participants	3,949	

Note 4. Fair Value of Financial Instruments

The fair value of the Plan's assets and liabilities that qualify as financial instruments under Accounting Standards Codification (ASC) 825, Financial Instruments, approximates the carrying amounts presented in the financial statements.

ASC 820, Fair Value Measurement, defines fair value as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity; unobservable inputs are inputs that reflect the Plan's assumptions about the assumptions market participants would use in pricing the asset or liability.

Note 4. Fair Value of Financial Instruments (Continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is deemed significant to the fair value measurement. When a valuation utilizes multiple inputs from varying levels of the fair value hierarchy, the hierarchy level is determined based on the lowest level input(s) that is (are) significant to the fair value measurement in its entirety.

The three levels of the fair value hierarchy that prioritize inputs to valuation methods are as follows:

Level 1: Valuations based on quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Valuations based on quoted prices for similar assets and liabilities in active markets and inputs that are observable for the assets or liabilities either directly or indirectly, for substantially the full term of the financial instrument. Investments falling under Level 2 predominately consist of OTC products and other unquoted securities valued using broker quotes where these can be corroborated to observable market data.

Level 3: Valuations based on inputs that are unobservable and deemed significant to the overall fair value measurement (including the Plan's own assumptions used in determining the fair value of investments). Investments included within Level 3 are predominately OTC products and other unquoted securities valued using broker quotes where there is little, if any, market activity for the asset or liability.

The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

Following is a description of the valuation methodologies used for each general type of investment measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2021.

***Shares of registered investment companies*:** Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

***Money market fund*:** Valued at quoted market prices of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, measured on a recurring basis, at fair value.

	December 31 2021 Level 1	December 31 2020 Level 1
Shares of registered investment companies	$ 74,987,952	$ 60,281,983
Money market fund	4,748,681	4,166,103
Participant-directed brokerage accounts	387,776	331,511
	$ 80,124,409	$ 64,779,597

Note 4. Fair Value of Financial Instruments (Continued)

There were no Level 2 or Level 3 investments as of December 31, 2021 or 2020.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of Level 3.

Note 5. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by Fidelity Investments, an affiliate of Fidelity. Fidelity is the trustee and third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fidelity Management Trust Company provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Fidelity Management Trust Company. Fidelity Management Trust Company receives revenue from mutual fund service providers for services Fidelity Management Trust Company provides to the funds. This revenue is used to offset certain amounts owed to Fidelity Management Trust Company for its administrative services provided to the Plan.

Certain employees of the Company provide administrative services to the Plan. These employees do not receive any compensation from the Plan for their services.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 7. Tax Status

The underlying volume submitter plan has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to, and has chosen to, rely on the current IRS volume submitter opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The current and prior three tax years remain subject to income tax examination.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following table reconciles net assets available for benefits per the financial statements to the Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	$ 81,743,414	$ 66,220,598
Differences in:		
Investments	70,291	111,065
Receivables—participant notes receivable	(70,291)	(111,065)
Receivables—company contributions	(1,548,714)	(1,329,936)
Net assets available for benefits per Form 5500	$ 80,194,700	$ 64,890,662

The following is a reconciliation of the changes in net assets available for benefit per the financial statements for the year ended December 31, 2021, to the Form 5500:

Net income after transfers per the financial statements	$ 15,522,816
Transfers out, net	90,329
Net adjustment to reflect the change in Company contributions on the accrual basis	(218,778)
Net income per the Form 5500	$ 15,394,367

Note 10. Transfers Out, Net

If a participant of the Plan becomes eligible for the defined contribution plan of a subsidiary company of the Sponsor, Apex Clearing Corporation (Apex), their participation in this Plan will cease. When they become eligible to participate in Apex's defined contribution plan, their account balance in the Plan is automatically transferred into Apex's defined contribution plan. A similar transfer occurs when a participant of Apex's defined contribution plan becomes eligible for this Plan. During the year ended December 31, 2021, the net amount of transfers described above were $90,329 out of the Plan.

Note 11. Subsequent Events

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through November 15, 2022, the date these financial statements were available to be issued.

As of March 25, 2022, the Plan adoption agreement was restated from a volume submitter plan sponsored by Fidelity Management & Research Co. to a non-standardized pre-approved Profit Sharing Plan sponsored by Fidelity Management & Research Co.
