SEDITA KILTON

INDEPENDENT AUDITOR'S REPORT

Culligan Florida West Coast 401(k) Profit Sharing Plan
Ft. Myers, FL

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the accompanying financial statements of Culligan Florida West Coast 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted, by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented

- fairly, in all material respects in accordance with accounting principles generally accepted in the United States of America

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is requited to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transaction that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to these risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain and understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United Statements of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (HELD AT END OF YEAR) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion-

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

SEDITA KILTON

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – PLAN DESCRIPTION

General:

The following is a summary of major Plan provisions of the Culligan Florida West Coast 401(K) Profit Sharing Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was established on January 1, 1998, and the Plan was restated July 1, 2020.

Participation:

The Plan is a defined contribution plan covering all employees after attaining the age of twenty-one and meeting a one-year service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Participants may contribute up to 100% of pretax annual compensation subject to certain limitations, as defined, and participants direct the investment of their contributions in various investment options offered by the Plan.

The Plan provides for discretionary employer matching contributions for Participants who are employed at the end of the year or who have provided at least 500 hours of service. For the years ending December 31, 2021, the employer elected not to match employee contributions.

Contributions are subject to certain limitations established by the Internal Revenue Code.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of the employer's matching and profit sharing contributions, Plan earnings, and administrative expenses. Employer contributions are credited to participant accounts based on specific allocations as previously described in "Contributions". Allocations of Plan earnings and administrative expenses are based on the individual account balance as a percent of total invested assets.

Vesting:

Participants are vested immediately in their contributions and actual earnings thereon. Participants become vested in employer matching contributions and employer profit sharing contributions as follows:

Years of Service	Vesting Percentage
Fewer than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Additionally, participants become 100% vested upon normal retirement, death, permanent disability, or termination of the plan.

Payment of benefits:

Upon termination of service due to termination of employment, death, disability or retirement, a participant or his estate may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum paid in cash.

Loans to Participants

A participant may borrow from his or her vested account balance with a minimum loan amount of $1,000. Loans are secured by the participant's account and bear interest at prime plus 1%. The loans are subject to certain restrictions, as defined by the Plan document and applicable restrictions of the Internal Revenue Code. A participant may have only one outstanding loan at any time.

Forfeitures:

Forfeitures are used to reduce the employer contributions in the year the forfeiture occurs.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment valuation and income recognition:

The Plan's investments (Note 3) are stated at fair value determined using the quoted closing or last bid prices on the last day of the Plan year. The value of the investments increase or decrease to reflect the investment experience of the money market funds and mutual funds. Nationwide does not guarantee the values of the investments included in the accounts. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of benefits:

Benefits due to participants are recorded when processed and approved for payment by the Plan.

Uses of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3 – FAIR VALUE MEASURMENT

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers are described as follows:

- Level 1 – Observable inputs such as quoted prices in active markets.
- Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable
- Level 3 – Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions

The Plan uses appropriate valuation techniques based on the available inputs to measure fair value of its investments. When available, the Plan measures fair value Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were used by the Plan.

Level 1 Fair Value Measurements

Cash includes amounts in interest bearing cash, money market and U.S. Treasury funds that are readily convertible to cash, have a short-term maturity and are valued at cost which approximates fair value. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. Loans are valued at cost, which approximates fair market value.

Individual investments that represent 5% or more of the net assets available for benefits are as follows:

	2021 Amount
Investments, at Fair Value	
Money market and mutual funds	
Col Divd Oppr Inst2	$ 253,822
Vngrd US Gr Adml	$ 247,861

NW Inv Dest Mod Aggr R6	$ 364,378
NW Inv Dest Mod R6	$ 312,491
Parnassus Cor Eq Inst	$ 171,453

NOTE 4 – UNAUDITED INFORMATION CERTIFIED BY TRUSTEE

The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2021 and for the year then ended, December 31, 2021, that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	Year ended December 31,	
	2021	2020
Investments, at Fair Value		
Money market and mutual funds	$ 3,302,624	$ 2,700,252
Investment income:		
Net increase in fair value of investments	$ 411,337	

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by affiliates of Nationwide. Nationwide is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 6 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

NOTE 7 – ADMINISTRATIVE COSTS

Substantially all costs of administering the Plan are paid directly or reimbursed by the Company.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern" which continues to spread throughout the world and has adversely impacted global commercial activity and contributed significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes an y prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its performance, and its financial results.

NOTE 9 – FIDELITY BOND

ERISA requires that every person who handles funds or other property of a plan be bonded. The amount of the bond is equal to the lesser of 10% of the funds handled at the beginning of the Plan reporting period or $500,000. The Plan Sponsor carried a fidelity bond of $500,00 at the beginning of the Plan reporting periods beginning January 1, 2021.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination or discontinuance of matching contributions, participants will become fully vested in their accounts.

NOTE 11 – SUBSEQUENT EVENTS

There were no subsequent events that require adjustment to the financial statements or disclosure in the financial statements. Subsequent events have been evaluated through October 5, 2022 which is the date the financial statements were available to be issued.
