Brinker Capital Holdings, Inc. 401(k) Plan

Notes to Financial Statements

August 1, 2021 and December 31, 2020

(1) Description of Plan

The following description of the Brinker Capital Holdings, Inc. ("Brinker") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution profit-sharing plan. The Plan sponsor ("Sponsor") as of December 31, 2021 was Brinker and its wholly owned subsidiaries Brinker Capital Investments, LLC ("BCI") and Brinker Capital Securities, LLC ("BCS"), (collectively "Company"). Effective January 1, 2021, the Sponsor was changed to Orion Advisor Solutions, Inc. (Orion) and BCI was changed to be a participating employer.

The assets are maintained under an agreement between Reliance Trust Company ("trustee"), Professional Capital Services ("record keeper"), and the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Administrator is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Sponsor's Board of Directors.

On January 1, 2021, the Board of Directors of the Sponsor voted to merge the Plan into the Orion Advisor Solutions, LLC 401(k) Plan effective August 1, 2021. A final transfer of Plan assets to the Orion Advisor Solutions, LLC 401(k) Plan in the amount of \$33,551,292 occurred in the period from January 1, 2021 to August 1, 2021.

B. Eligibility

All employees of the Company (excluding employees classified as leased employees, aides, co-ops, interns or sub-contractors) who are age 18 or older are immediately eligible to participate in the plan. Employees must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to be eligible to receive a Sponsor discretionary profit sharing contribution.

Effective January 1, 2021, the Plan was amended to exclude employees hired after September 24, 2020 from eligible employees.

C. Contributions

Participants may contribute up to 85% of compensation, as defined by the Plan, on a before or after tax basis; subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to make rollover contributions that represent distributions from other qualified plans.

Newly eligible employees were automatically enrolled in the Plan 30 days after hire or notice of automatic enrollment is given unless election is made to the contrary. Those participants automatically enrolled were enrolled at a pre-tax deferral rate equal to 10% of compensation. Participants may opt out of such automatic enrollment at any time by making a new election.

The Sponsor makes matching contributions of 35% of the employees' pre-tax and Roth contributions that are not in excess of 100% of compensation. Effective January 1, 2021, the Plan was amended to change the employer matching contribution from a fixed to a discretionary rate. The employer matching contribution for the period from January 1, 2021 to August 1, 2021 was 50% of the first 6% of employee deferrals.

Brinker Capital Holdings, Inc. 401(k) Plan

Notes to Financial Statements

August 1, 2021 and December 31, 2020

The Sponsor may make discretionary profit sharing contributions as determined by Sponsor management. There were no discretionary profit sharing contributions contributed to the Plan during 2021 or 2020.

Participants direct the investment of their contributions (including rollovers), as well as the Sponsor's contributions, into various investment options offered by the Plan. Participants may change their investment options at any time.

D. Participant Accounts

Each participant's account is credited with the participant's contributions, including rollovers, and allocations of (a) the Sponsor's contributions, (b) Plan earnings (losses) and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

E. Vesting

Participants are fully vested in their contributions, as well as rollover contributions and are vested in the Sponsor's contributions to the Plan according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
One	0%
Two	20%
Three	50%
Four	100%

A year of service is credited upon the completion of 1,000 hours of service during the Plan year. Separate provisions apply in the event of death or disability of the participant. The payment of benefits is more fully described in the Plan's agreement.

F. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate as published in the Wall Street Journal plus one percent. Principal and interest is paid ratably through semi-monthly payroll deductions.

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to provide emergency assistance for individuals, families, and businesses affected by the coronavirus pandemic. In 2020 the Plan elected to adopt provisions of the CARES Act allowing eligible participants to request loans of up to \$100,000 or 100% of the participant's vested balance for qualifying coronavirus related reasons and to defer loan repayments to 2021.

G. Payment of Benefits

Upon termination of service, if a participant's vested interest exceeds \$1,000, a participant may elect to receive a lump sum payment at a time of his/her election. If the participant's account is less than \$1,000, the Plan can automatically cash out the account. Participants who separate from service due to retirement may elect to receive installment payments over a period not to exceed the joint life expectancy of the participant and his/her beneficiary.

The Plan also allows for in-service distributions of pre-tax and Roth elective deferral accounts once a participant reached the normal retirement age of 65.

Brinker Capital Holdings, Inc. 401(k) Plan

Notes to Financial Statements

August 1, 2021 and December 31, 2020

In 2020, the Plan elected to adopt provisions of the CARES Act allowing eligible participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus related reasons. The CARES Act also provided for the temporary waiver of any required minimum distributions due in 2020.

H. Forfeited Accounts

Participants leaving employment with the Company before becoming fully vested forfeit their non-vested interest in the Sponsor's contributions. These forfeitures will be used to reduce the Sponsor's current or future contributions under the Plan or to defray administrative costs of the Plan. At August 1, 2021 and December 31, 2020, the forfeiture balance was \$0 and \$3,676, respectively. Forfeitures of \$19,665 were used to reduce Sponsor contributions during the period from January 1, 2021 to August 1, 2021.

(2) Summary of Accounting Policies

A. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of August 1, 2021 and December 31, 2020. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

E. Payment of Benefits

Benefit payments to participants are recorded when paid.

F. Administrative Expenses

Administrative fees and expenses of operating and maintaining the Plan may be paid out of the Plan assets unless paid by the Sponsor. Certain administrative fees are paid directly by the Sponsor, and are excluded from these financial statements.

Brinker Capital Holdings, Inc. 401(k) Plan

Notes to Financial Statements

The trustee also certified to the completeness and accuracy of \$4,664 of interest earned on notes receivable from participants, \$50,509 of dividends and interest from investments, and \$3,372,367 of net appreciation (including realized gains and losses on investments bought and sold, as well as unrealized gains and losses on investments held during the year) in the value of investments related to the aforementioned assets for the period from January 1, 2021 to August 1, 2021.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) Codification (ASC) topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at fair value as determined by quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and equities valued at the net asset value of shares held by the Plan at year end. Accounts also include cash equivalents whose cost approximates fair value due to their short-term nature.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 29,317,560	--	--	29,317,560
Self-directed brokerage accounts	2,515,040	--	--	2,515,040
Total investments, at fair value	\$ 31,832,600	--	--	31,832,600

(5) Party-in-Interest Transactions

The Plan has a number of service providers which qualify as parties-in-interest. Fees for plan administration paid to parties-in-interest for the period from January 1, 2021 to August 1, 2021 were \$21,888.

(6) Income Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by Professional Capital Services, LLC. The prototype plan has received an opinion letter from the Internal Revenue Service dated November 30, 2014, as to the prototype plan's qualified status. The prototype plan opinion has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Risks and Uncertainties

The Plan invests in various securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Concentration of Credit Risk

The Plan invested in various securities with a particular position in Large Cap Equity Z fund which represented 42.4% of the total investments as of December 31, 2020. Management believes the risk related to this concentration is minimal.
