INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
South Miami Pharmacy Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of South Miami Pharmacy Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section -

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by Rotenberg Meril Solomon Bertiger & Guttilla, P.C. ("Rotenberg"), whose practice merged with Marcum LLP as of February 1, 2022. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed Rotenberg not to perform and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated November 8, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule(s) other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the South Miami Pharmacy Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan was established effective May 1, 2019 by SMP Acquisition Co. (the "Employer"). The Employer entered into a third party administrator and custodial agreement with Massachusetts Mutual Life Insurance Company ("Mass Mutual"). The Plan covers all employees of the Employer including its participating affiliates South Miami Pharmacy, Inc., SMP Pharmacy Solutions, LLC and North Ridge Plaza Pharmacy.

The Plan is a defined contribution plan. Employees are eligible to participate in the Plan at a minimum age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Management of the Employer is responsible for oversight of the Plan. The Plan's administrator determines the appropriateness of the Plans investment offerings and monitors investment performance.

CONTRIBUTIONS

The Plan allows pre-tax deferrals and/or Roth after-tax deferrals. Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan. All employees were limited to a maximum contribution of \$19,500 in 2021 by Code Section 402(g) of the Internal Revenue Code ("IRC").

Participants age 50 or older before the end of the Plan year were eligible to make an additional annual "catch-up" contribution up to \$6,500 as a pre-tax and/or Roth contribution. If any participant's compensation deferrals for a year exceeded the maximum allowable for that year, the excess amount may be returned to the participant as taxable compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees that do not complete a salary deferral agreement to elect a deferral amount or to elect not to defer under the Plan are automatically enrolled in the Plan. Their deferral rates are set at 3% and their contributions are invested in the default investment established under the Plan.

The Employer contributes a safe harbor employer contribution defined as 3% of plan compensation (as defined) that is allocated to all participants who are eligible to make salary deferrals. Participants must complete one year of employment and be employed on the last day of the year to receive the safe harbor employer contribution. For the year ended December 31, 2021, the safe harbor employer contribution totaled \$119,180.

SOUTH MIAMI PHARMACY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

The Employer may also contribute an additional amount determined in its sole judgement, known as a discretionary employer contribution. Participants must complete one year of employment and be employed on the last day of the year to receive the discretionary employer contribution. The Employer did not make a discretionary contribution for 2021. If required, the Plan permits the Employer to make a qualified non-elective contribution to correct failures of certain nondiscrimination testing required under the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is credited with (a) the participant's contributions, (b) allocations of the Employer's contributions, (c) rollover contributions, if any, and (d) earnings and the appreciation in the value of the investments; and charged with (a) distributions made to the participant, (b) depreciation in the value of the investments, and (c) allocation of participant account administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account.

VESTING

Participants are fully and immediately vested in their contributions, rollover contributions, and safe harbor employer contributions, plus actual earnings thereon. Vesting in the discretionary employer contribution portion of their accounts is based on years of continuous service. These contributions vest at a rate of 20% per year beginning in year two and are fully vested upon six years of service. In the event of total disability or death, the participant will become 100% vested in their account.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts. The minimum loan amount is \$1,000 and participants may borrow up to 50% of their vested account balance up to a maximum of \$50,000. However, the \$50,000 will be reduced by the highest outstanding note balance they had during the previous one-year period. Participants are allowed a maximum of two notes outstanding at one time. Notes must be fully repaid through payroll deductions within five years. The notes bear interest at Prime plus 1%. All notes are adequately secured by the balance of the participant's account.

SOUTH MIAMI PHARMACY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PAYMENT OF BENEFITS AFTER TERMINATION OF EMPLOYMENT

Upon termination of service, participants may elect to have their benefits paid to them in a single lump sum or paid as a direct rollover to another qualified retirement plan or individual retirement account. Termination of service may result from the death of the participant, total disability of the participant, retirement, or termination of employment. If the participant's account balance is greater than \$5,000, he or she has the option to defer receiving payments until age 72. In the event of a death of a participant prior to retirement, 100% of the participant's account will be paid to their beneficiary.

FORFEITED ACCOUNTS

If a participant terminates before becoming fully vested in their account balance, the non-vested portion of the participant's account balance will be forfeited as of the earlier of the distribution of the entire vested portion of the participant's account or the last day of the Plan year in which the former participant has a five-year break in service. If a participant is rehired before incurring the five-year break and received a distribution, the account balance at termination will be restored if the participant repays the entire amount previously distributed. Forfeitures may be used by the Plan to pay plan administrative expenses or reduce employer contributions. For the year ended December 31, 2021, there were no forfeitures redeemed by the Plan. The balance in the forfeiture account at December 31, 2021 and 2020 was \$11,722 and \$11,311, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The Plan follows the accounting and reporting guidance as prescribed by Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 962, "*Plan Accounting - Defined Contribution Pension Plans*."

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

SOUTH MIAMI PHARMACY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for the discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the period.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of both December 31, 2021 and 2020.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Services ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributes the excess contributions to the applicable participants by March 15th of the next fiscal year.

PAYMENT OF BENEFITS

Benefit payments to participants are recorded upon distribution.

SOUTH MIAMI PHARMACY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

EXPENSES

The costs and expenses of administering the Plan are paid by Plan participants unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from the financial statements. Administrative expenses incurred by the Plan include note receivable and benefit payment fees charged directly to the participants' accounts. Investment related expenses are included in net appreciation or depreciation of investments

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan values its investments under the provisions of FASB ASC 820, "*Fair Value Measurements and Disclosures*," which defines fair value under GAAP, establishes a framework for measuring fair value, and enhances disclosures about fair value measurements. GAAP establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement.

The following provides a description of the three levels of inputs that may be used to measure fair value under the standard, the types of plan investments that fall under each category, and the valuation methodologies used to measure these investments at fair value.

BASIS OF FAIR VALUE MEASUREMENTS

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

BASIS OF FAIR VALUE MEASUREMENTS (CONTINUED)

The table below segregates investments as of December 31, 2021 and 2020 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	<u>\$ --</u>	<u>\$ --</u>	<u>\$ --</u>	--
Investments measured at net asset value *				<u>3,158,850</u>
Investments at Fair Value				<u>\$ 3,158,850</u>
Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	<u>\$ --</u>	<u>\$ --</u>	<u>\$ --</u>	--
Investments measured at net asset value *				<u>2,592,959</u>
Investments at Fair Value				<u>\$ 2,592,959</u>

*These investments have been measured at fair value using the net asset value ("NAV") per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets for benefits.

Pooled Separate Accounts:

The fair value of the investments in the pooled separate accounts are determined by each fund's trustee based on the fair value of the underlying securities within the fund, which represents the NAV of shares held by the Plan at year-end. The investment in the trust is a public investment security valued using the NAV provided by Mass Mutual. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments that are traded on an active market. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. There are currently no redemption restrictions or unfunded commitments on these investments.

Fair Value of Investments That Calculate Net Asset Value:

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020.

Investment Pooled Separate Accounts	Fair Value at December 31, 2021	Fair Value at December 31, 2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

- (a) Equity - This income strategy seeks growth of capital by employing a flexible approach to investing in attractively valued companies in developed and emerging markets that are positioned to benefit from innovation, global economic growth, increasing consumer demand or a turnaround in business conditions.
- (b) Specialty/Sector/Balanced - These funds take a targeted approach and invest only in companies in certain segments of the economy. Because of their narrow focus, they offer less diversification which means they come with higher potential risks.
- (c) Fixed Income - This investment approach is focused on preservation of capital and income. It typically includes investments like government and corporate bonds, CDs and money market funds. Fixed income can offer a steady stream of income with less risk than stocks.
- (d) Asset Allocation - An investing strategy that divides an investment portfolio among different asset classes. Asset allocation is an investment strategy that aims to balance risk and reward by apportioning a portfolio's assets according to an individual's goals, risk tolerance, and investment horizon.

FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 4 - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

On September 1, 2019, the trustees of the Plan entered into a Group Variable Funding Agreement, (the "Agreement") with Mass Mutual. The accounts covered by the Agreement totaled \$3,158,850 and \$2,592,959 at December 31, 2021 and 2020, respectively. The Agreement provides for several separate accounts (pooled separate accounts) and one fixed account.

Mass Mutual maintains the contributions to the fixed account in a general account. The fixed account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses

The value of a participant's interest in the fixed account is the total amounts contributed to the fixed account plus the interest credited. The fixed account earns interest at a rate not less than the Declared Interest Rate (as defined in the Agreement) and not less than the Minimum Guaranteed Interest Rate (as defined in the Agreement). The Minimum Guaranteed Interest Rate is based on a defined formula established by the contract issuer, but may not be less than 1.00%. The Declared Interest Rate as of both December 31, 2021 and 2020 was 1.1% and 1.60%. The Minimum Guaranteed Interest rate is re-determined on an annual basis.

The fixed account meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on

competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issues and that also would limit the ability of the Plan to transact at contract value with the participants.

The Plan may discontinue the Agreement or request a surrender or partial surrender of the balances at any time.

NOTE 5 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following reconciles the net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Schedule H of Form 5500:

Net assets per Schedule H of Form 5500	<u>\$ 3,178,435</u>	<u>\$ 2,618,777</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the year ended December 31, 2021, to Schedule H of Form 5500:

Net increase in net assets available for benefits per the financial statements	559,657

Net income per Schedule H of Form 5500	<u>\$ 559,658</u>

NOTE 6 - PLAN TERMINATION

Although the Employer has not expressed any intent to do so, the Employer has the right, under the Plan agreement to amend any or all provisions of the Plan, as well as discontinue contributions and terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in the accounts.

NOTE 7 - TAX STATUS

The Plan adopted the Massachusetts Mutual Life Insurance Company Volume Submitter 401(k) Profit Sharing Plan (the "Volume Submitter Plan"), which is qualified under Section 401 of the IRC as a tax exempt plan. The Volume Submitter Plan has received an opinion letter from the IRS dated March 31, 2014.

On November 1, 2021, the Plan adopted the Great-West Trust Company Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan (the "Non-Standardized Plan"), which is qualified under Section 401 of the IRC as a tax exempt plan. The Non-Standardized Plan has received an opinion letter from the IRS dated June 30, 2020.

Although the Plan has been amended since adoption of the Volume Submitter Plan, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The 2019 and 2020 plan years are subject to income tax examination through 2023 and 2024, respectively.

NOTE 8 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Massachusetts Mutual Life Insurance Company (the custodian of the Plan). This information has not been audited by the Plan's independent auditors.

Certain employees of the Employer, who may have also been participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.
