Report of Independent Auditor

To,
The Participants and the Plan Administrator,
Granules Pharmaceuticals 401(k) Plan & Trust

Scope and nature of the ERISA Section 103(a)(3)(c) audit of financial statements for the year ended December 31, 2021

We have performed an audit of the financial statements of Granules Pharmaceuticals 401(k) Plan & Trust (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (“2021 financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the auditor’s responsibilities for the audit of the 2021 financial statements section —

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the auditor’s responsibilities for the audit of the 2021 financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our

audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of 2021 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the 2021 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the 2021 financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the 2021 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit of financial statements for the year ended December 31, 2021, section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

Supplemental schedules required by ERISA for the year ended December 31, 2021

The supplemental schedules of Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2021, and Schedule H, Part IV, Line 4a – Schedule of delinquent participant contributions for the year ended December 31, 2021 (under supplemental information), are presented for purposes of additional analysis and not a required part of the 2021 financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' report on the financial statements for the year ended December 31, 2020

We were engaged to audit the financial statements of the Plan for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 04, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the financial statements for the year ended December 31, 2021, and (b) the form and content of the information included in the financial statements for the year ended December 31, 2020, other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1: DESCRIPTION OF PLAN

The following description of the Granules Pharmaceuticals 401(k) Plan & Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on January 01, 2015, and restated on October 01, 2021. The Plan is sponsored by Granules Pharmaceuticals, Inc. (the "Company" or "Plan Sponsor"). The Vanguard Group, Inc. ("Vanguard") has entered into an agreement with Ascensus, LLC, an affiliate of Ascensus Trust Company, to provide certain plan recordkeeping and administration services for the Plan. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective October 01, 2021, the Plan has adopted Granules Consumer Health, Inc. as a participating employer and the employees of Granules Consumer Health, Inc. started contributing to the Plan from pay period ended November 19, 2021.

Eligibility

Employees of the Company are permitted to enter the Plan on the date a participant attains the age of 21. Plan excludes employees covered under collective bargained agreement, leased employees and non-resident alien employee with non- US income.

Contributions

Participants may contribute an amount equal to a dollar amount or percentage of the participant's compensation not to exceed certain IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant pre-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Rollover contributions are comprised of distributions made to the participants from their account balances with their former employers' qualified plans and transferred to the Plan. Participant contributions, including rollover contributions, received during the years ended December 31, 2021, and December 31, 2020, amounted to \$640,004 and \$459,902, respectively.

The Plan allows for an employer discretionary matching contribution, subject to certain eligibility requirements, as defined in the Plan document. The Company matches 100% of the participant's elective deferrals up to 2% of gross compensation. The matching contributions made by the Company for the year ended December 31, 2021, amounted to \$174,475 and \$129,977 for the year ended December 31, 2020.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administration

The Company serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions which may affect eligibility for benefits. For the years ended December 31, 2021, and December 31, 2020, the Plan administrator engaged Ascensus, LLC, as a record-keeper, to assist in the administration of the Plan.

Plan expenses

Substantially all expenses, with the exception of fees related to notes receivable from participants and benefits paid to participants, incurred in connection with the administration of the Plan are paid by the Company.

	Year ended	
	December 31, 2021	December 31, 2020
Contract administrator fees	4,665	6,938
Total	4,665	6,938

Investment options

Participants are required to make participant-directed allocations of their accounts among various investment options offered by the Plan administrator.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding loan balances range from 4.25% to 6.50%. Principal and interest are paid rateably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Vesting

Participants are fully vested with respect to their contribution from their salaries. The vesting percentages for employer matching contributions are as follows:

Years of service	Percentage
Less than 1	0 %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Benefit payments

In-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching age fifty-nine and a half. Upon normal retirement at age sixty-five, disability or death, the participant or beneficiary may receive the value of the account as set forth in the Plan document.

Granules Pharmaceuticals 401(k) Plan & Trust

Financial Statements

December 31, 2021, and December 31, 2020

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, disability, or death, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or as set forth in the Plan document.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

When the participants reach age 72 and separate from service, they have to start withdrawing a certain amount each year from the balance to their credit in the Plan. The participant who is a five percent owner of the Company, needs to begin taking payments at age 72 even if still employed.

Hardship withdrawals

Participants may take hardship withdrawals from pre-tax deferrals but not from matching contributions.

Forfeitures

Forfeited non-vested employer matching accounts can be used to pay Plan expenses and reduce employer contributions or restore forfeited account balances of rehires who are eligible for a restoration of forfeitures. As of December 31, 2021, and December 31, 2020, the non-vested forfeited accounts totalled to \$73,762 and \$57,067, respectively. Forfeitures of terminated employees' nonvested accounts totalled \$15,292 during the year 2021 and \$4,452 during the year 2020. During the year ended December 31, 2021, \$80 were utilized to Plan expenses and during the year ended December 31, 2020, \$NIL, were utilized.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates in financial statements

The preparation of financial statements in conformity with GAAP requires the use of management estimates. These estimates are subjective in nature and involve assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of investment income and deductions during the plan year. Actual results could differ from those estimates.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of any Plan termination, Plan assets will be distributed in accordance with the Plan document.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of investments, which consist of realized gains and losses and the unrealized appreciation on investments held. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Financial Statements

Basis of fair value measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021, and December 31, 2020.

Money market and mutual funds: Valued at the daily closing price, as reported by the fund. Money market and mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price are considered to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methods or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Contributions

Participant and employer contributions are recorded in the period the employer makes the payroll deduction.

Payment of benefits

Benefits are recorded when paid. Excess participant contributions payable generally represent the distribution of certain assets to employees for the Plan to comply with ERISA nondiscrimination rules.

Corrective distributions

Corrective distributions are those contributions that were ineligible for the plan year. Corrective distributions during the years ended December 31, 2021, and December 31, 2020, amounted to \$NIL and \$39,149, respectively.

NOTE 3: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as at December 31, 2021, and December 31, 2020, may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE 4: INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements for the years ended December 31, 2021, and December 31, 2020, and supplemental information as of and for the year ended December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedules.

NOTE 5: INVESTMENTS

A schedule of the fair value or contract value, wherever applicable, of individual investments that comprised 5% or more of the Plan's net assets available for benefits at December 31, 2021, and December 31, 2020 is as follows:

NOTE 6: FAIR VALUE MEASUREMENTS

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2021, and December 31, 2020. As required by ASC Topic 820, Fair Value Measurements and Disclosures, investments assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's policy is to recognize significant transfers between levels at the Plan's year-end. The tables below set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2021 and December 31, 2020:

NOTE 8: INCOME TAX STATUS

The Plan has adopted a Prototype Non-Standardized Profit-Sharing Plan with CODA, sponsored by Ascensus, LLC. On March 31, 2014, the Internal Revenue Service ("IRS") stated in an opinion letter that the Prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, apart from the failures to be corrected that are described in note 9 below, the Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. generally accepted accounting principles require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, and December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: PLAN CORRECTIONS

For the years ended December 31, 2015, through December 31, 2020, the Plan's provisions were not properly applied, including (i) failure to follow the Plan's definition of compensation when calculating participant deferrals and employer contributions for certain participants; (ii) both insufficient and excess allocations of matching contributions; and (iii) certain failures to correctly apply deferral elections, or failure to make changes to deferral elections as requested by participants, which impacted the corresponding matching contributions. The Plan administrator is working with ERISA counsel and is in the process of determining the affected participants and intends to make the Plan whole for any amounts due, including earnings. For the Plan years ended December 31, 2020, approximately \$33,211 is estimated to be due to the Plan and will be remitted to the Plan on the final determination. This estimated amount of \$33,211 will be included as contributions receivable from employer as of December 31, 2021, and December 31, 2020, and will be adjusted for any earnings or losses.

The estimated amount due to the Plan for the years ended December 31, 2015, through December 31, 2019, amounted to \$22,500 approximately, and will be remitted to the Plan on the final determination. This estimated amount of \$22,500 has been included as contributions receivable from employer as of December 31, 2021, and will be adjusted for any earnings or losses.

The Company will be correcting the above disclosed plan errors via the Employee Plans Compliance Resolution System Voluntary Correction Program (VCP).

As of December 31, 2021, and December 31, 2020, due to unintentional delays the Company failed to deposit payroll withholdings (including loan repayments) amounting to \$1,482 and \$152,252, respectively, after the

Granules Pharmaceuticals 401(k) Plan & Trust

Financial Statements

time frame deemed to be within DOL regulations for timely remittances. The Company has corrected delinquent contributions for Plan year 2020 amounting to \$152,252 during Plan year 2022 and is in the process of correcting 2021 delinquent contributions amounting to \$1,482 by calculating and remitting the lost earnings during Plan year 2022, using the DOL guidelines for late deposits.

NOTE 10: PARTY-IN-INTEREST TRANSACTIONS

Ascensus Trust Company serves as the directed trustee of the Plan. Ascensus, LLC, provides record keeping services to the Plan and may receive payments from some investments; therefore, these transactions qualify as party-in-interest transactions. Certain investments are shares of mutual funds managed by Vanguard. The Plan has other service providers. Party-in-interest transactions also include loans made to participants.

All these transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 11: IMPACT OF COVID-19

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Global financial markets have experienced significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions and benefit obligations will depend on future developments, including the duration and continued spread of the outbreak.

NOTE 12: CARES ACT PROVISIONS

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

Plan management has adopted certain relief provisions included in the CARES Act; however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain. The Plan will formally be amended by the end of the 2022 plan year.

NOTE 13: SUBSEQUENT EVENTS

The Plan evaluated all events and transactions that occurred after December 31, 2021, through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements.
