and Supplementary Information

For the year ended December 31, 2021

**INDEPENDENT AUDITOR'S REPORT**

November 28, 2022

To the Participants, Plan Administrator, and Administrative Committee of the
Stahls' Inc. Employees' Salary Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Stahls' Inc. Employees' Salary Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment

information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated November 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedules, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedules, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Stahls' Inc. Employees' Salary Savings Plan
Notes to the Financial Statements
December 31, 2021 and 2020

A. Description of the Plan

The following description of the Stahls' Inc. (the "Company") Employees' Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document and amendments for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company, and participating wholly owned subsidiaries, aged 18 years or older, with at least 6 months of service. Leased employees and employees covered by a collective bargaining agreement are not eligible to participate. Eligibility rules are identical for the employer discretionary matching contribution. Participants may enter the Plan on the first day of each month coinciding with or next following the date the participant satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed limits established by the Internal Revenue Code ("IRC"). Roth deferrals are also permitted under the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Company may make a discretionary matching contribution equal to a percentage of the participant's elected salary deferral. For the year ended December 31, 2021, the Company matched 50% of the participant's elective contributions, not to exceed a matching contribution of \$1,500 for each participant. Employer contributions are allocated into the various investment options of the Plan as directed by the participant. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

A. Description of the Plan – Continued

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings on their contributions. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years; however, notes used for the purchase of a primary residence may be repaid over a reasonable period of time that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at a commercially reasonable rate as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions over the term of the loan. During the year ended December 31, 2020, the Plan implemented the loan repayment delay provision of the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act").

Payment of Benefits

Upon retirement, death, disability or termination of employment, the vested balance of the participant's account may be distributed to the participant or the participant's beneficiaries. A participant can also receive in-service distributions from their vested account balance if they reach the age of 59 ½, or if they meet certain conditions defined by the Plan for a financial hardship distribution. Distributions from the Plan are made in single lump sum payments or partial withdrawals.

A. Description of the Plan – Continued

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$79,534 and \$39,305, respectively. These accounts will be used to pay certain administrative expenses of the Plan and to reduce future employer contributions made to the Plan. No forfeitures were used to reduce employer contributions or pay administrative expenses during the year ended December 31, 2021.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, and the custodian. See Note C and D for discussion of fair value measurements and fully benefit-responsive investment contracts, respectively.

Notes to the Financial Statements
December 31, 2021 and 2020

B. Summary of Accounting Policies – Continued

Investment Valuation and Income Recognition – Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and certain benefit payments are charged directly to the respective participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described on the next page:

Stahls' Inc. Employees' Salary Savings Plan
Notes to the Financial Statements
December 31, 2021 and 2020

C. Fair Value Measurements – Continued

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020. The Plan's investments as of December 31, 2021 and 2020, are held in a group variable annuity contract with Lincoln National Life Insurance Company ("Lincoln"). As of December 31, 2021, that contract is comprised of pooled separate accounts ("PSAs") and one fully benefit-responsive investment contract ("FBRIC"). As of December 31, 2020, that contract was comprised of PSAs and two FBRICs. The majority of the PSAs, or sub-accounts of the group variable annuity contract, hold underlying investments of mutual funds managed by both Lincoln and other investment companies such as Vanguard and American Funds. As of December 31, 2020, certain other sub-accounts also invested in PSAs managed by Stadion Money Management, LLC ("Stadion") which provided for increased customization of investments based on the risk tolerance of the participant.

Pooled separate accounts investing in mutual funds: These PSA's are valued daily using the net asset value ("NAV") of the unit which is based on the fair value of the underlying investments less liabilities in each separate account. Investment transactions are conducted with the sub accounts at the unit level and not directly with the underlying mutual fund. As such, the assets held in these sub accounts are classified as Level 2 assets which have inputs that are directly observable, but are not quoted prices in active markets.

C. Fair Value Measurements – Continued

Stadion pooled separate accounts: These investments are PSA's valued using the NAV of units held by the Plan at year-end, as provided by Lincoln, and are not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying net assets owned by the account net of investment management fees. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

D. Investment Contract with Insurance Company

The Plan's investments are held in a group variable annuity contract with Lincoln, which is comprised of multiple investment options, including FBRICs. Lincoln maintains the contributions in a general account. As of December 31, 2021 and 2020, the balance of these FBRIC investment options was \$2,306,018 and \$4,203,346, respectively. As of December 31, 2021, the contract consists of one FBRIC investment option; the Guaranteed Stable Value Account. As of December 31, 2020, the contract consisted of two FBRIC investment options; the Guaranteed Stable Value Account and the Managed Principal Protection Portfolio.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan. The crediting rate may not be less than 1% for the Guaranteed Stable Value Account. The interest crediting rate is declared on a quarterly basis.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

D. Investment Contract with Insurance Company – Continued

Market value adjustments ("MVA") and surrender charges in the Guaranteed Stable Value Account and Managed Principal Protection Portfolio could limit the ability of the Plan to initiate or complete a transaction at contract value and could result in an adjustment to the NAV. A market value adjustment is a feature of the contract that protects Lincoln and its clients against sudden movements in the bond markets. The purpose of the MVA is not to generate revenue but rather to offset losses caused by being forced to sell assets at a loss. An MVA is only applicable to the Guaranteed Stable Value Account.

A transfer of Guaranteed Stable Value Account assets directly to a competing fund is never allowed. Transfers from the Guaranteed Stable Value Account to non-competing funds must be followed by a 90-day waiting period prior to assets moving from a non-competing fund to a competing fund (90-day equity wash). Transfers from the Guaranteed Stable Value Account to a non-competing fund will not be allowed for a period of 90 days following the transfer of assets from a non-competing fund to a competing fund.

The Plan's ability to receive amounts due is dependent on Lincoln's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Lincoln and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow Lincoln to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

E. Related-Party Transactions and Party-in-Interest Transactions

The Plan's investments are held in a group variable annuity contract with Lincoln, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. In addition, compensation paid to the investment advisor and third-party administrator also qualify as party-in-interest transactions. Administrative expenses totaled \$261,066 for the year ended December 31, 2021, which includes expenses paid to parties-in-interest through charges directly to the respective participants' accounts.

F. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

G. Tax Status

The Company adopted a volume submitter plan, which received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2014, indicating that the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving this determination letter.

The plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Effective July 1, 2022, the Plan was restated and adopted a non-standardized pre-approved plan, which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest income for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the Lincoln National Life Insurance Company, the custodian of the Plan.

J. Delinquent Contributions and Contingencies

As disclosed in the schedule of delinquent participant contributions as of December 31, 2021, \$9,184 for 2019 and \$225 for 2021 were not remitted to the Plan in a timely manner, and the Company is in the process of remitting \$809 for 2020. The Company is also in the process of calculating the interest related to lost earnings and the related excise tax on these delinquent contributions. The Company and/or Plan may incur penalties or fines as a result of these delinquent contributions. An estimate of such penalties and fines has not been determined by plan management.

K. Subsequent Events

The Plan has evaluated subsequent events through November 28, 2022, the date the financial statements were available to be issued.

Effective July 1, 2022, the Plan was restated and adopted a non-standardized pre-approved plan in order to comply with the requirements of the 2017 IRS Cumulative List (IRS Notice 2017-37), and other applicable guidance. With this restatement, the Plan was also amended to increase the maximum matching contribution from \$1,500 to \$3,000 per participant.
