Independent Auditor's Report

To the Participants and Administrator of
Bakkt 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2021 Financial Statements

We have performed an audit of financial statements of Bakkt 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the 2021 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Bakkt 40(k) Plan, formerly named Bridge2 Solutions, LLC Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Bakkt 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of Plan

The following description of Bakkt 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) and profit-sharing plan, covering substantially all employees of Bakkt, LLC (the Plan Sponsor or the Company), Bridge2 Solutions, LLC (Bridge2) and Aspire Loyalty Travel Solutions, LLC (Aspire) (collectively, Participating Employers), other than nonresident aliens and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Prior to January 1, 2021, the Plan operated under the name of Bridge2 Solutions Retirement Savings Plan. The Plan was amended on January 1, 2021, to change the name of the Plan to Bakkt 401(k) Plan and amend the Plan Sponsor from Bridge2 to Bakkt, LLC.

Eligibility for Participants

In order to participate in the Plan, employees must be at least twenty-one years of age. Eligible participants are permitted to enter the Plan immediately upon meeting eligibility requirements.

Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may make pretax or Roth contributions to the Plan totaling a maximum of 60% of compensation (as defined in the plan agreement), subject to limitations under the IRC. The limit for 2021 was \$19,500. If the participant is at least age 50 before the end of the year, then the participant may elect to defer additional amounts (catch-up contributions). The maximum catch-up contribution was \$6,500 for 2021.

The Plan Sponsor provides safe harbor matching contributions of 100% of the first 6% of compensation deferred by each employee. The Plan Sponsor made safe-harbor matching contributions totaling \$2,058,510 for the year ended December 31, 2021.

In addition to the safe-harbor matching contributions, the Plan Sponsor may also make discretionary profit sharing and discretionary matching contributions. Such additional discretionary contributions are subject to limitations under the IRC and allocated to employees based on each participant's compensation. There were no discretionary contributions in 2021.

Administration

The Plan Sponsor serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits.

Reliance Trust Company (Reliance) served as the Trustee of the Plan with Transamerica serving as agent of Reliance and Custodian of the Plan. Effective January 1, 2021, Fidelity Management Trust Company (Fidelity) serves as the Trustee and Custodian of the Plan. As the Custodian, Fidelity receives all contributions made under the Plan, holds Plan assets, pays benefits as directed by the Plan Administrator, and assists in the administration of the Plan. Fidelity serves as the intermediary for all asset purchases and redemptions and manages certain aspects of the Plan's investment options (Notes 5 and 7).

Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Plan Sponsor. These expenses include, but are not limited to, legal and accounting and certain recordkeeping fees. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Participant Accounts

Each participant account is credited with pretax and rollover contributions made by the participant and the participant's portion of Plan Sponsor safe-harbor matching contributions, discretionary matching contributions, discretionary profit-sharing contributions and plan earnings. Plan earnings, which consist of earnings, expenses and gains and losses on investments, are allocated based on participant account balances, as defined in the plan agreement.

Vesting

All participants become 100% vested in Plan Sponsor safe-harbor contributions and employer matching contributions at the time such contributions are allocated. All participants become 100% vested in employer discretionary profit-sharing after five years of service. The vesting percentages for employer profit-sharing contributions are as follows:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

For all participants hired to the Plan Sponsor or Participating Employers prior to January 1, 2021, employer discretionary profit-sharing contributions will vest over a four year period of service. The vesting percentages for employer profit-sharing contributions for participants hired prior to January 1, 2021, are as follows:

Years of Service	Percentage
1	25%
2	50%
3	75%
4	100%

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100%, among various investment options offered by the Custodian, including certain options for which Fidelity or its affiliates serve as investment advisors (Note 7).

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, no more than one loan per participant may be outstanding at a time. Typically, loans are secured by 50% of the participant's account balance and payable in equal monthly payments. After review of interest rates charged for similar loans by other lenders, the Plan Administrator will determine a reasonable rate of interest, which will be fixed for the duration of the loan.

Withdrawals

In general, a participant may withdraw up to 100% of the pretax and Roth contributions in the event of a participant's heavy and immediate financial hardship, as defined in the plan agreement. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make contributions will be suspended for six months. Participants may receive an in-service distribution of their vested account balance after attaining age 59 ½ or upon becoming disabled, as defined in the plan agreement. Rollover contributions may be withdrawn by a participant at any time.

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or partial distributions, when applicable. In general, if a participant's account balance, as defined in the plan agreement, is less than \$5,000 and employment is terminated other than due to retirement or death, the account may be distributed before normal retirement age without the participant's consent. Regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is \$1,000 or less. Terminated employees that defer distribution of their benefits are required to pay all fees incurred by the Plan to administer the participant's deferral payment.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Nonvested account balances of terminated employees are forfeited upon the complete distribution of the vested portion of their account or a five year break in service. Forfeitures of terminated employees' nonvested accounts are used to reduce Plan Sponsor contributions, as defined in the plan agreement. The outstanding forfeiture balance totaled \$7,696 and \$274 at December 31, 2021 and 2020, respectively.

Note 2: Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Payments of Benefits

Benefit payments are recorded when paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Note 3: Fair Value Measurement

The accounting standard for fair value measurements provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in non-active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Mutual funds are valued at quoted market prices as provided by the Custodian. Net appreciation in the fair value of the mutual funds represents the change in fair value during the year, including realized and unrealized gains and losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Common Collective Trusts: The common collective trust is managed by the Trustee and is not publicly quoted. The common collective trust is valued based on the values reported by the Trustee of the fund. Fair values reported by the Trustee are based on the underlying assets of the fund, which are quoted prices in active markets. The net asset value (NAV) is used as a practical expedient to estimate the fair value of the investment and is not classified in the fair value hierarchy. The practical expedient would not be used if it is determined to be probable that the investments will sell for an amount different from the reported NAV. There are currently no redemption restrictions or unfunded commitments on these investments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in methodologies used at December 31, 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 25,459,807	\$ -	\$ -	\$ 25,459,807
Common collective trusts ⁽¹⁾	-	-	-	931,997
Total assets at fair value	<u>\$ 25,459,807</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 26,391,804</u>

Assets at Fair Value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 12,502,620	\$ -	\$ -	\$ 12,502,620
Total assets at fair value	<u>\$ 12,502,620</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,502,620</u>

⁽¹⁾ These investments are measured using NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statements of net assets available for benefits.

Note 4: Fully Benefit-Responsive Investment Contract

The Plan has entered into a traditional investment contract through a group annuity contract with the Custodian. The traditional investment contract held by the Plan is a guaranteed investment contract which meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus interest, less participant withdrawals and administrative expenses. The Custodian maintains the contributions in a general account secured by the general assets of the Custodian. Guaranteed interest rates and maturity dates are revised semiannually by the Custodian subject to contractual limitation in the contract. Certain events such as plan termination or a plan merger initiated by the Plan Sponsor may limit the ability of the Plan to transact at contract value. The Plan Sponsor does not believe that any events that may limit the ability of the Plan to transact at contract value are probable of occurring. The contract value of guaranteed investment contracts totaled \$0 and \$2,138,795 as of December 31, 2021 and December 31, 2020, respectively, and is reported as investments at contract value on the accompanying statements of net assets available for benefits.

Note 5: Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the amounts for investment assets and transactions in those assets included in the accompanying financial statements and supplemental information as outlined below as of December 31, 2021 and 2020, and for the year ended December 31, 2021, was derived from statements certified as complete and accurate by the Trustee in accordance with DOL regulations. As permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information to information included in the Plan's financial statements and supplemental information:

Note 6: Income Tax Status

Effective January 1, 2017, the Plan Sponsor entered into a standard adoption agreement with Retirement Strategies, Inc. for a Volume Submitter Profit Sharing Plan with CODA (the Prototype Plan). The Prototype Plan received a favorable opinion letter from the IRS dated June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan agreement was subsequently amended effective October 28, 2021.

The Plan has not received an individual determination letter. However, the Plan Administrator believes the Plan is designed and currently operating in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of December 31, 2021.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is subject to an income tax examination since inception.

Note 7: Party-in-Interest Transactions

The Custodian performs services for, sells products to and manages and maintains certain investments of the Plan for which fees are charged to the Plan. While the Plan Sponsor pays most of the fees, an insignificant portion is paid by the Plan (Note 1). Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subjected to the provisions of ERISA. In event of partial or full termination of the Plan, affected participants will become 100% vested in their accounts.

Note 9: Prohibited Transactions

The Plan Sponsor identified certain prohibited transactions in the administration of the Plan. These deficiencies related to late remittances of participant contributions and loan repayments totaling \$554,440 during the year ended December 31, 2021. The Plan Sponsor is currently in the process of correcting the deficiencies under correction programs offered by the United States DOL and the IRS.

Note 10: Failure to Implement Deferral Elections

During 2020, a plan failure occurred within the contribution deferral feature of the Plan. As a result, employee deferrals on bonus compensation were not properly deducted and deferred from certain participants' gross wages, plus any applicable employer match was also not made. The Plan Sponsor has taken corrective action with the IRS and DOL related to this plan failure and plans to submit a Qualified Non-Elective Contribution (QNEC) to the Plan on behalf of the affected participants equal to the sum of up to 50% of the difference between their elected deferral percentage and the actual amount deferred for each affected participant representing the lost opportunity to defer their bonus compensation into the Plan. In addition, the Plan Sponsor plans to make a restoration contribution to the Plan for lost earnings on the deferral.

Note 11: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between the date of the statement of net assets available for benefits for the year ending December 31, 2021 and the report date, the date of the issuance of the financial statements. During this period, there were no recognized subsequent events requiring recognition or non-recognized subsequent events requiring disclosure in the financial statements other than those disclosed herein.
