INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Lone Star Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Lone Star Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Lone Star Corporation 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan

General

The following description provides only general information. Users of these financial statements should refer to the *Plan Document* for a more complete description of the Plan's provisions.

The Lone Star Corporation 401(k) Plan (the "Plan"), established on July 1, 2010, last amended January 1, 2020, and restated July 22, 2022 is a defined contribution plan covering employees of Lone Star Instrumentation & Electric Corporation (the "Company"), subject to certain restrictions for participant eligibility as defined in the *Plan Document*. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan custodian and recordkeeper

Massachusetts Mutual Life Insurance Company ("Mass Mutual" or "Custodian"), serves as the Plan custodian and recordkeeper. The Plan administrative functions are performed by Pentec Pension Management Group, Inc. During 2020, Empower Retirement LLC ("Empower") acquired the retirement business of MassMutual, in which there was a transitionary period where the Plan transferred to Empower during 2022.

Eligibility

All employees of the Company are eligible to participate in the Plan after the minimum service requirement of one year is met and attaining the minimum age of 21. Employees electing to participate in the Plan upon meeting eligibility requirements will become a participant of the Plan for all contribution types allowed by the Plan on the first day of the following quarter after meeting eligibility.

Participant contributions

Participants may contribute to the Plan on a pre-tax or post-tax ("Roth") basis, subject to certain limitations set forth in the Internal Revenue Code ("IRC"). Participants may contribute up to 100% of eligible compensation as defined in the Plan. Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 or older by the end of the calendar year and are making deferral contributions to the Plan, may also make catch-up contributions up to the limit dictated by the IRC.

Employer contributions

The Plan provides for mandatory Safe Harbor matching contributions to all eligible participants in an amount equal to 100% of the participant's elective deferrals up to a maximum of 5% of the participant's annual compensation. The Company has the option to make annual discretionary matching and non-elective contributions in an amount to be determined by the Company. There were no discretionary matching or non-elective contributions made for the years ended December 31, 2021 and 2020.

Lone Star Corporation 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan (Continued)

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution, rollover contribution, matching contribution, the Company's discretionary matching or profit sharing contributions, an allocation of Plan earnings or losses, and administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the allocation of their account balance in any of several investment options. Participants can change their investment options among the various investment funds either through direct transfers from one fund to another or by changing the percentage of future contributions allocated among the investment funds.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, employer Safe Harbor matching contributions and actual earnings or losses thereon. Vesting in the employer's discretionary matching and profit sharing contribution portions of a participant's account, plus actual earnings thereon, is based on years of continuous service according to the following schedule:

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants

Participants may borrow a minimum of $1,000 from their fund accounts up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans are made for terms not to exceed five years unless the loan is used to acquire a principal residence, in which case, the administrator may permit a longer repayment term. Repayments of principal and interest are credited to the funds in which the participant's deferrals and employer contributions are invested. Principal and interest are paid ratably through weekly payroll deductions. The maximum number of loans that a participant may have outstanding at any one time is one. All notes receivable shall bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances.

Note 1 - Description of the Plan (Continued)

Benefit payments

Upon termination of service, death, disability, or retirement, a participant may elect a distribution in the form of a lump-sum amount. In-service withdrawals are permitted when a participant, who has not separated from service reaches age 59-1/2, has reached normal retirement age, or in the event of financial hardship as defined by the Plan.

If the value of the terminated participant's vested account balance is less than $1,000, the Plan administrator is allowed, and will direct the Custodian to distribute it to the terminated participant as a lump sum distribution. If the participant's vested account balance is greater than $1,000, the participant may elect to receive a lump sum distribution, roll the balance into another qualified retirement plan or an individual retirement account, or leave the vested balance in the Plan. If the participant's vested account balance is greater than $5,000, the participant may elect to receive partial withdrawals or a lump sum distribution. Any taxable distribution paid by the Custodian directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Forfeitures

Forfeitures represent excess employer contributions that are reconciled at year-end by the Custodian and reallocated to the forfeitures account. Forfeitures are used to pay Plan administrative expenses and may also be used to reduce future employer contributions. For the years ended December 31, 2021 and 2020, no forfeitures were utilized or available to pay Plan administrative expenses or employer contributions.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants may become fully vested in any non-vested account balances and the net assets of the Plan are to be distributed to participants in accordance with priorities established by the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Benefit payments

Benefit payments are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition

The Plan's Guaranteed Investment Contract is valued at contract value (see Note 5). The Plan's investments in pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 regarding fair value of investments.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of the investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation in fair value of investments are reported as net in the statements of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon terms of the *Plan Document*, upon liquidation of their account balance.

Financial instruments and credit risk

Financial instruments which potentially subject the Plan to credit risk include investments in pooled separate accounts and a guaranteed investment contract. Investments are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Use of estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

Note 3 - Certified Investments

For Plan years 2021 and 2020, the financial information included in the Plan's financial statements and supplemental schedule, except for contributions, benefits paid to participants, and administrative expenses, has been derived from information certified as complete and accurate by Empower.

Note 4 - Fair Value Measurements

The Plan uses a three-level hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Pooled separate accounts - These investments are valued daily at the net asset value of the units held by the Plan based on the quoted market value of the underlying assets. All investments in this category can be redeemed daily, have a daily redemption notice period, and have no unfunded commitments. In the event that a pooled separate account fund initial valuation is not deemed representative of market value, the Custodian may make adjustments as approved by the respective trustee to achieve a price believed to be more reflective of fair value.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation method is considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Guaranteed Investment Contract

Effective January 4, 2013, the Plan entered into a fully benefit-responsive investment contract (the "Contract") with Mass Mutual, the issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 5 - Guaranteed Investment Contract (Continued)

Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value.

The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. This product is not a traditional guaranteed income contract and therefore there are not any known cash flows that could be discounted.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The interest crediting rate is determined semi-annually and may not be less than 1.5%. The interest crediting rate is calculated based upon many factors, including projected earnings on investments held in the general account, projected cash flow, the interest rate at which new investments can be made, investment and interest rate risk, investment management expenses, liquidity needs and the competitive environment, as well as potential profit or loss.

There is no event that limits the ability of the Plan to transact at contract value with Mass Mutual. There are also no events or circumstances that would allow Mass Mutual to terminate the fully-benefit responsive group annuity contract with the Plan and settle at an amount different from contract value.

Note 6 - Tax Status

The non-standardized pre-approved profit sharing plan adopted by the Plan received its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-In-Interest Transactions

The Plan's investments are units in pooled separate accounts and a guaranteed investment contract managed by the Custodian. Therefore, these transactions qualify as party-in-interest transactions.
