INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of GE Incentive Savings Plan for Union Employees of Aviation Systems and Unison Engine Components

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of GE Incentive Savings Plan for Union Employees of Aviation Systems and Unison Engine Components (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 13, 2022 and December 31, 2021, and the related statements of changes in net assets available for benefits for the period January 1, 2022 through June 13, 2022 and the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from an agent on behalf of the qualified institution as of June 13, 2022 and December 31, 2021, and for the period from January 1, 2022 through June 13, 2022 and the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by an agent on behalf of the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Plan merged into the GE Retirement Savings Plan (RSP) effective June 13, 2022. The Plan's net assets were transferred to the RSP as a result of the merger.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by an agent on behalf of the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Predecessor Auditors' Disclaimer of Opinion on 2020 Financial Statement

The financial statement of the Plan as of December 31, 2020, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report, dated July 19, 2021, indicated that because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statement.

GE INCENTIVE SAVINGS PLAN FOR UNION EMPLOYEES OF
AVIATION SYSTEMS AND UNISON ENGINE COMPONENTS

Notes to Financial Statements

June 13, 2022, December 31, 2021 and December 31, 2020

(1) Description of the Plan

The GE Incentive Savings Plan for Union Employees of Aviation Systems and Unison Engine Components (the "Plan") is a defined contribution plan sponsored by GE Aviation Systems LLC (the "Company"), an affiliate of General Electric Company ("GE"). The Plan is subject to applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On May 5, 2007, at which time the Plan commenced operations, GE acquired Smiths Aerospace Group Limited and certain aerospace businesses of Smiths Group PLC.

On December 18, 2018, the Plan was amended to reflect the fact that certain participants ceased participation in this Plan on December 31, 2018 and began participating in the GE Retirement Savings Plan ("RSP") effective January 1, 2019. On December 20, 2019, the Plan was amended to reflect the fact that certain participants ceased participation in this Plan on December 31, 2019 and began participating in the RSP effective January 1, 2020. Effective January 1, 2020, the only contributions to this Plan are trailing profit sharing employer contributions to certain Grand Rapids participants and any participant rollover contributions.

On November 23, 2020, assets and liabilities attributable to the following portions of this Plan were merged into the RSP: (a) the portion of the Plan attributable to participants whose terms and conditions of employment at the Sterling, VA site were covered by collective bargaining agreements with the Public Service Employees Local Union 572 of the Laborers International Union of North America, and (b) the portion of the Plan attributable to participants whose terms and conditions of employment at the Dayton, OH site were covered by collective bargaining agreements with the International Union of Electronic, Electrical, Salaried Machine and Furniture Workers-Communication Workers of America, AFL-CIO – Local 775.

On June 13, 2022, the Plan was merged and assets of \$11,151,381 were transferred into the RSP. Certain plan provisions were preserved with respect to transferring participant account balances.

Ascensus Trust Company (the "Trustee") is the Plan's custodian and trustee and Ascensus, LLC ("Ascensus") is the recordkeeper for the Plan.

The description of the Plan is provided for general information purposes only. The complete terms of the Plan are provided in the GE Incentive Savings Plan for Union Employees of Aviation Systems and Unison Engine Components Plan document (the "Plan Document"). Information concerning the Plan, including benefits and vesting provisions is included in the Summary Plan Description ("SPD") and other material made available to participants.

Participant Contributions and Investment Options

Effective January 1, 2020, no participant pre-tax or after-tax contributions to the Plan are permitted. However, participants may contribute amounts as "rollover" provisions representing distributions from other qualified defined benefit or defined contribution plans of a former employer.

Participants may invest their accounts in various investment options including registered investment companies, a collective trust fund and a stable value fund. Audited financial statements and prospectuses or other disclosure documents of the registered investment companies ("mutual funds") are made available to participants.

Employer Contributions

Prior to January 1, 2020, the Company made a matching contribution to eligible employees in amounts equal to the matchable percentage as determined by the specific collective bargaining agreement governing each entity, as described in the Plan

AVIATION SYSTEMS AND UNISON ENGINE COMPONENTS

Notes to Financial Statements

Documents. The Company may also make profit sharing contributions to eligible employees in an amount as determined by the specific collective bargaining agreement governing each entity, as described in the Plan Documents.

Vesting

Participants are immediately fully vested in their contributions as well as the earnings thereon. In addition, participants whose accounts merged into the RSP became fully vested prior to the asset transfer.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) applicable employer profit sharing and matching contributions and (b) investment results. The benefit to which a participant is entitled is the value of the participant's vested account. Historically, the Plan had different vesting schedules for the different collectively-bargained populations. Effective February 23, 2022, all Plan accounts were fully vested.

Notes Receivable from Participants

The Plan permits participants, under certain circumstances, to borrow a minimum of \$1,000 from their participant accounts. Subject to certain IRC and Plan limits, a participant may not borrow more than the lesser of \$50,000 minus their highest outstanding balance of loans from all plans maintained by the Company and its affiliates, during the past 12 months or 50% of their vested account balance.

The term of any loan is up to 5 years from the effective date of the loan unless the loan is used to acquire a principal residence for which a term of up to 15 years may be permissible. Loans are secured by the remaining balance in the participant's account. The interest rate applicable to participant notes receivable is 1% above the prime interest rate in effect as of the last business day before the loan is requested. Loans are repaid with interest in equal payments over the term of the loan by payroll deductions, personal checks, or other such methods as may be required. Participants may repay the principal amount with written notice without penalty.

In the event of a loan default, the amount of the outstanding balance will be reported to the Internal Revenue Service ("IRS") in the year of the default as ordinary income.

Payment of Benefits

Subject to certain limitations, a participant may withdraw all or a portion of his or her after-tax contributions, including earnings thereon. Generally, before-tax contributions and Company contributions may not be withdrawn while employed by the Company prior to age 59 ½. Certain company contributions may not be withdrawn while a participant is employed by the Company. In the case of a hardship, a participant may elect to withdraw, as applicable, at least the lesser of \$1,000 or the vested balance in his or her account. In order to make a hardship withdrawal, a participant must first withdraw the maximum after-tax contributions. Hardship withdrawals are permitted no more than once in any six-month period.

Upon termination of service or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a direct rollover.

Plan Termination and Amendment

Although the Company has not expressed any intent to do so, it has the right under the Plan, to the extent permitted by law, to terminate the Plan in accordance with the provisions of ERISA. If the Plan is terminated, each participant's interest will be payable in full according to the Plan's provisions. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace the Plan for any reason.

Administrative and Investment Advisory Costs

Expenses related to the administration of the Plan, including recordkeeping expenses and Trustee's fees, may be paid by the Plan. However, the Company may choose to pay these expenses (see note 2(f)). For the registered investment companies, collective trust fund and stable value fund investment advisors are reimbursed for costs incurred or receive a management fee for providing investment advisory services. These reimbursed costs and management fees are reflected in the investment income on the statements of changes in net assets available for plan benefits.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

(b) Investments

Plan investments are reported at fair value. See notes 3 and 4 for additional information.

Investment transactions are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) in the fair value of investments consists of the realized gains or losses on the sales of investments and the net unrealized appreciation (depreciation) of investments.

(c) Fair Value Measurements

Fair value of a financial instrument is the price the Plan would receive to sell an asset in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical asset, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 - Quoted prices for identical investments in active markets.

Level 2 - Quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 - Significant inputs to the valuation model are unobservable.

When available, quoted market prices are used to determine the fair value of investment securities, and they are included in Level 1. Level 1 securities include registered investment companies.

See note 4 for additional information.

AVIATION SYSTEMS AND UNISON ENGINE COMPONENTS

Notes to Financial Statements

June 13, 2022, December 31, 2021 and December 31, 2020

(d) Notes Receivable from Participants

Loans to participants are recorded at the outstanding principal balance plus accrued interest.

(e) Payment of Benefits

Benefit payments are recorded when paid to participants.

(f) Expenses

Substantially all expenses related to administration of the Plan are paid by the Company or out of the Plan's forfeiture account at the discretion of the Plan sponsor, and in accordance with the provisions of the Plan, with the exception of the Plan's loan expenses, which are paid by the Plan's Trustee out of the respective participant's accounts.

(g) Management Estimates and Assumptions

The preparation of financial statements in conformity with US GAAP requires management of the Plan to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(3) Certification by Trustee

The information presented in this note and the "Fair Value Measurements" note (note (4)) was compiled from information that was certified as complete and accurate by Ascensus, an agent on behalf of the Trustee. The information presented below was not subject to auditing procedures by the Plan's Independent Auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(4) Fair Value Measurements

The Plan's investments in the trust are measured at fair value on a recurring basis. The following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies - Valued at the daily closing price as reported by the fund. The funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective trust fund - Valued at the net asset value of units of a bank collective trust. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

Stable value fund - A collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

Interest bearing cash - Valued at cost plus accrued interest.

The Plan had no investments at June 13, 2022, since the Plan was merged into another plan.

^(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits. These investments are priced daily and there are no unfunded commitments or redemption restrictions associated with the funds.

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2021	2020	Redemption Frequency	Redemption Notice period
Stable value fund	<u>\$ 1,882,171</u>	<u>\$ 1,783,576</u>	Daily	12 months

(5) Risks and Uncertainties

The Plan offers a number of investment options including registered investment companies, a collective trust fund and a stable value fund. Certain funds invest in U.S. equities, international equities and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur (including in the near term) and that such changes could materially affect participant account balances and amounts reported in the statements of net assets available for plan benefits.

GE INCENTIVE SAVINGS PLAN FOR UNION EMPLOYEES OF
AVIATION SYSTEMS AND UNISON ENGINE COMPONENTS

Notes to Financial Statements

June 13, 2022, December 31, 2021 and December 31, 2020

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

As of December 31, 2021 and 2020, the following investments represent more than 10% of the fair value of the Plan's total investments.

	2021	2020
Dodge & Cox Stock Fund	\$ 1,634,889	\$ 1,596,371
Vanguard Institutional Index Fund	2,134,219	1,904,269
Vanguard Target Retirement 2020 Fund	**	1,714,261
Wells Fargo Stable Value Fund	1,882,171	1,783,576

**Investment did not exceed more than 10% of the fair value of the total investments.

(6) Related Party Transactions (Parties-in-Interest)

Registered investment companies, collective trust fund and stable value fund operating expenses, reduce the respective fund's assets and are reflected in the fund's share/unit price and dividends.

The recordkeeper and trustee of the Plan, which are mentioned in note 1, as well as the Company and Plan participants, are each a "party-in-interest" as defined by ERISA. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

(7) Tax Status

The Internal Revenue Service ("IRS") has notified the Company by a letter dated January 28, 2016, that the Plan is qualified under the appropriate sections of the IRC and that the related trust is tax-exempt. In December 2016, the IRS began publishing a Required Amendments List for individually designed plans which specifies changes in qualification requirements. The list is published annually and requires plans to be amended for each item on the list, as applicable, to retain its tax-exempt status. The Plan has monitored the published IRS List annually and the Plan has been amended for each item on the IRS list, as applicable, to retain its tax-exempt status. Management believes that the Plan and related trust are currently designed, have been amended, and are being operated in compliance in all material respects with the applicable requirements of the IRC, and that the letter remains valid. Therefore, no provision for income taxes has been included in Plan's financial statements.

(8) Subsequent Events

Subsequent events are evaluated through November 18, 2022, the date the financial statements are available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.

(9) Reconciliation of Financial Statements to Form 5500

Notes receivable from participants are classified as investments per Form 5500 instructions. In addition, any deemed distributions are not considered to be plan assets per Form 5500 and are excluded from notes receivable from participants. However, these distributions remain a plan asset for purposes of these financial statements until a distributable event occurs and they are offset against Plan assets.
