INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Bettcher Industries, Inc. Employee Stock Ownership Plan and Trust
Wakeman, Ohio

Opinion

We have audited the financial statements of the Bettcher Industries, Inc. Employee Stock Ownership Plan and Trust (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Terminating Plan and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Plan’s Sponsor terminated the Plan on December 14, 2021 and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the ongoing basis of accounting used in presenting the 2020 financial statements to the liquidation basis of accounting used in presenting the 2021 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining

sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Bettcher Industries, Inc. Employee Stock Ownership Plan and Trust

1 Description of Plan

On October 3, 2017, Red Barn Holdings, Inc. acquired 100% of the issued and outstanding shares of the Bettcher Industries, Inc. Employee Stock Ownership Plan (the “Plan”) and Bettcher Industries, Inc. and Subsidiaries. The Plan was amended and restated as of October 1, 2017, to reflect this change in ownership. The below description provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all eligible employees of Bettcher Industries, Inc. (through October 3, 2017) and Red Barn Holdings, Inc. (effective October 3, 2017) (the “Company”). The Plan's inception date was January 1, 2011. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan operates as an employee stock ownership plan (ESOP) and is designed to comply with Section 4975 (e)(7) and the regulations of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Trustee.

On March 22, 2019, the Company acquired the assets of Cantrell Innovative Solutions, LLC (“Cantrell”) as part of an Asset Purchase Agreement. The Plan was amended to allow Cantrell employees eligibility to participate in the Plan effective April 1, 2019, with prior service with Cantrell counted for both purposes of vesting and eligibility.

On September 13, 2019, the Company acquired 100% of the outstanding shares of Tarheel Distributors, Inc. (“Tarheel”) as part of a Stock Purchase Agreement. The Plan was amended to allow Tarheel employees eligibility to participate in the Plan effective October 1, 2019, with prior service with Tarheel counted for both purposes of vesting and eligibility.

Plan Termination:

As of October 30, 2021, the shareholders of the Company, including the Plan, entered into a stock purchase agreement to sell all of the issued and outstanding shares of the Company to Merlin Buyer Inc. The Company signed an amendment to terminate the Plan, effective as of December 14, 2021.

Eligibility:

Effective December 14, 2021, no employees are eligible to participate in the plan. For the period January 1, 2020 through December 14, 2021, the age requirement was eighteen years and older. Prior to January 1, 2020, employees of the Company were eligible to participate upon reaching 21 years of age.

Prior to the Plan's termination, eligible participants could join the Plan on January 1, April 1, July 1, or October 1 coinciding with or immediately following meeting the age and service requirements. With respect to Matching Contributions, participants were eligible the first day of the month coinciding with or immediately following meeting the age and three month service requirements.

NOTES TO FINANCIAL STATEMENTS

Bettcher Industries, Inc. Employee Stock Ownership Plan and Trust

1 Description of Plan, Continued

Contributions:

Prior to the Plan's termination, contributions were made by the Company on a discretionary basis. A participant must have completed twelve consecutive months of service, with at least 1,000 hours during the Plan year, and be employed on the last day of the Plan year to be eligible to receive a contribution.

Prior to the Plan's termination, the Company's contributions, if any, could be made in cash or common stock of the Company, or both. For the Plan year ending December 31, 2020 the Company contributed 3,249.75 shares of common stock and the remaining amount in cash.

For the Plan year ending December 31, 2020, the contributions were allocated based on the ratio of the employees' compensation during the contribution period to the total compensation of all employees during that period.

Effective January 1, 2019, the Company could make a discretionary Matching Contribution based on a percentage of the participants' elective deferrals under the Bettcher Industries, Inc. 401(k) Retirement Savings Plan. The Company matched 50% of the first 6% of participant's 401(k) elective deferral for the plan year ended December 31, 2020.

There were no contributions to the Plan during 2021.

Participants' Account:

Each participant's account was credited with the participant's allocation of (a) the Company's contribution and (b) the Plan's earnings and losses. Allocations of Company contributions were based on a specified allocation schedule, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. The Plan's earnings and losses were allocated based on the ratio of the balance of the portion of such account in the Trust as of the preceding valuation date.

Vesting:

Effective December 14, 2021, any participant who has an account balance are vested at 100%.

Prior to the Plan's termination, employer matching contributions were 100% vested. Vesting in the Participant's ESOP account balance was based on years of service based on the following:

<u>Years of Service</u>	<u>Vested %</u>
1	0
2	20%
3	40%
4	60%
5	80%
6	100%

NOTES TO FINANCIAL STATEMENTS

Bettcher Industries, Inc. Employee Stock Ownership Plan and Trust

1 Description of Plan, Continued

Forfeitures:

Forfeited amounts were used to pay administrative expenses on the Plan or used to re-credit any accounts for participants who had been re-employed by the Company. Effective January 1, 2019, forfeited amounts were first used to offset any contributions made by the Company. Any remaining forfeitures were allocated to participant accounts in the same manner as the employer contribution. Total forfeitures utilized were \$-0- (2021) and \$5,249 (2020).

Payment of Benefits:

Upon termination of service due to retirement, death or disability, the participant may elect to receive an amount equal to the value of the vested balance in shares of stock or cash as soon as the annual valuation is completed. If the participant leaves for other situations and the account balance is less than \$5,000, the balance can be paid in a lump sum. If the participant leaves for other situations and the account balance is greater than \$5,000, the balance will be paid after a five-year waiting period to be paid in annual installments.

Put Option:

Under federal income tax regulations, the employer stock that is held by the Plan (if any) and its participants and is not readily tradeable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company could pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification:

Prior to the Plan termination, participants who were at least age 55 with at least ten years of vested service could elect to transfer 25% to 50% of the value of the total number of shares represented by the Employer Stock Fund account to the Bettcher Industries 401(k) Savings Plan. There were no diversifications for plan years ending in 2021 or 2020.

2 Summary of Significant Accounting Policies

Basis of Accounting:

As disclosed in Note 1, the Company elected to terminate the Plan during 2021. As a result, the Plan changed its basis of accounting from the ongoing basis to the liquidation basis in accordance with United States Generally Accepted Accounting Principles (U.S. GAAP). There were no material changes to the financial statements as a result of the change under the liquidation basis of accounting.

NOTES TO FINANCIAL STATEMENTS

Bettcher Industries, Inc.
Employee Stock Ownership Plan and Trust

2 Summary of Significant Accounting Policies, Continued

Investment Valuation:

The Plan's investments are stated at fair value. Company common stock is valued by an independent third-party appraiser.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Reasonable expenses incident to the operation of the Plan, including trustee fees are paid by the Plan and are recorded as incurred. Certain administration fees are paid by the Company.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through November 30, 2022, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Interest Bearing Cash:

The Plan holds cash in an interest-bearing account. The investment is classified as a Level 1 investment.

Common Stock:

The fair value of the employer's common stock is based on a valuation determined by an independent appraiser. These instruments are classified within Level 3 of the valuation hierarchy.

The fair value of the Company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser considered historical and projected cash flow and net income, return on assets, return on equity, market comparability, and fair value of Company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability. The valuation process involves plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the plan fiduciary.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4 Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated May 4, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

5 Related Party and Party-in-Interest Transactions

The Plan invests in Company common stock, and certain professional fees for the administration and audit of the Plan were paid by the Company, which is a related party. In addition, the Plan has an independent Trustee which is a related party.

The Plan has arrangements with various service providers and these arrangements qualify as in party interest transactions, as well.

6 Administration of Plan Assets

The Plan's assets consist of Company common shares and cash, which are held by the Trustee and Wells Fargo as of December 31, 2021 and 2020.

The contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

7 Voting Rights

Prior to the Plan's termination, each participant was entitled to exercise voting rights attributable to the shares allocated to his or her account and was notified by the Trustee prior to the time that such rights were to be exercised. The trustee was not permitted to vote any allocated share for which instructions had not been given by a participant.

Re: Accountant's Report and Form 5500 filing for 2021

Dear Sir/Madam:

We are currently in the process of completing our audit of the Plan for the year ended December 31, 2021. Due to the pandemic and current environment, we regret the audit report is not attached to the Form 5500 at this time. We will amend our 2021 Form 5500 filing and submit the Plan's audit report with the amended filing.

Sincerely,

Kevin Harry
