INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Millbrook Revolutionary Engineering 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Millbrook Revolutionary Engineering 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the period February 1, 2021 (date of inception) through December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the period February 1, 2021 (date of inception) through December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Millbrook Revolutionary Engineering 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Millbrook Revolutionary Engineering 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Millbrook Revolutionary Engineering 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Millbrook Revolutionary Engineering 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Millbrook Revolutionary Engineering 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan and trust with a qualified cash or deferred 401(k) arrangement covering all eligible employees of Millbrook Revolutionary Engineering, Inc. (the “Company”) who have 90 days of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was created February 1, 2021, with employees of Millbrook Revolutionary Engineering, Inc. who were previously participating in the Spectris Group Safe Harbor 401(k) Retirement Plan, which was transferred into this Plan at February 1, 2021. Employees of the Company as of February 1, 2021 were automatically eligible to participate in the plan.

Reliance Trust Company is the Plan’s custodian. Empower Retirement provides recordkeeping services to the plan. The plan administrator has overall responsibility for the operation and administration of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Restatement

Effective November 1, 2021, the Plan was amended and restated to comply with regulatory requirements. The restatement excluded part-time employees, seasonal employees, and employees that are residents of Puerto Rico. It also was amended to use forfeitures to offset safe harbor contributions and include section 125 compensation in total compensation.

Contributions

Participants may contribute 90% of annual eligible compensation, as defined in the Plan, and designate those contributions as either pre-tax or Roth. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company contributes a safe harbor matching contribution, equal to 100% of the first 3% of plan compensation, plus 50% of salary deferrals up to the next 2% of plan compensation.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

Contributions are subject to certain IRS limits. Participants direct the investment of their contributions, including their employer contribution, into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participants' contributions and Company safe harbor matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, Company safe harbor matching contributions, plus earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of the participant's vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate. Participants may have a maximum of one outstanding loan at a time. Principal and interest is paid ratably through payroll deductions.

Payment of Vested Benefits

On termination of service due to death, disability, or retirement, participants may elect to receive an amount equal to the value of the vested interest in their account, in a lump-sum amount. Participants with a vested account balance of less than or equal to \$5,000 may elect to take a lump-sum distribution, otherwise funds are rolled into an IRA.

In-service distributions are allowed when a participant reaches age 59 $\frac{1}{2}$. Rollover contributions may be withdrawn at any time. The Company may authorize certain withdrawals from a participant's account in the event of proven financial hardship. Hardship withdrawals are subject to specific statutory and legal requirements.

Forfeitures

Forfeited nonvested accounts may be used to reduce employer contributions. Unallocated forfeitures were \$1,335 at December 31, 2021.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for full benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. As of December 31, 2021, no allowance for credit losses has been recorded. If a participant does not make loan payments and the plan administrator considers the participant's loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

Subsequent Events

The plan sponsor has performed a review of events subsequent to the statement of net assets available for benefits date through December 7, 2022, the date the financial statements were available to be issued and has determined that there are no material events that have occurred during this period, except as disclosed in Note 10.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the period February 1, 2021 (date of inception) through December 31, 2021 was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (the custodian of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

MILLBROOK REVOLUTIONARY ENGINEERING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,061,055	\$ -	\$ -	\$ 5,061,055

MILLBROOK REVOLUTIONARY ENGINEERING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds traditional fully benefit-responsive investment contracts with Massachusetts Mutual Life Insurance Company (Mass Mutual) totaling \$68,590 at December 31, 2021. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestiture or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. During the period February 1, 2021 (date of inception) through December 31, 2021, there were direct fees of \$38,605 paid to Mass Mutual Life Insurance Company, a party-in-interest as defined in Section 3(14) of ERISA. During the period February 1, 2021 (date of inception) through December 31, 2021, there were transactions involving the investment of plan assets in investment funds maintained by Reliance Trust Company, a party-in-interest as defined in Section 3(14) of ERISA. Indirect fees paid by the Plan for investment management services are included in the net appreciation of the fair value of investments.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 – TAX STATUS

The Plan is a volume submitter document plan for which the Internal Revenue Service has issued an advisory letter dated April 7, 2021, stating that while they do not issue a determination as to whether a specific employer's plan is qualified, any employer who adopts this plan document will be considered to have a plan qualified under code section 401(a) provided all the terms are not more favorable for officers, owners, or highly compensated employees than for other employees. Management believes that the Plan is still operating in accordance with the terms provided in the volume submitter document.

The Plan is subject to examination by the Internal Revenue Service for the statutory period.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

MILLBROOK REVOLUTIONARY ENGINEERING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 10 – SUBSEQUENT EVENTS

Subsequent to December 31, 2021, the fair value of the Plan's investment portfolio has decreased significantly due to the volatility and decline of the stock market. However, as the values of individual investments fluctuate with market conditions, the amount of losses that will be eventually realized cannot be determined. These conditions could materially impact participant account balances and the amounts reported in the Plan's financial statements.

Effective January 1, 2022, the plan was restated. As a result of the restatement, the plans name was changed to UTAC US Inc. 401(k) Plan.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
