Plan Management and those in Charge of Governance
Cherrylake's 401(k) Plan
Groveland, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Cherrylake's 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements of Cherrylake's 401(k) Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the accompanying 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Cherrylake's 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cherrylake's 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cherrylake's 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cherrylake's 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End or Year) as of June 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Cherrylake's 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated December 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CHERRYLAKE'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

A. Description of Plan

The following description of the Cherrylake's 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on July 1, 1992 and has been amended and restated with an effective date of July 1, 2021. The Plan is a defined contribution plan covering all employees hired before January 1, 2017 with 9 months of service, all employees hired after January 1, 2017 with 1 year of service, and have attained the age of 21. The Plan has entered into a group annuity contract with Great West Life and Annuity Insurance Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participants may make voluntary salary deferral contributions and/or ROTH contributions for the time they actively participate in the Plan. Participants may also contribute rollover amounts from other qualified plans. The maximum amount a participant may contribute for 2022 and 2021, as determined by the Internal Revenue Service (IRS), is \$20,500 and \$19,500, respectively. Catch-up contributions are allowed for those participants age 50 years or older. IMG Enterprises, Inc. (employer) may make matching contributions equal to a discretionary percentage, to be determined by the employer. The employer may also make profit sharing contributions. These contributions are also discretionary as determined by the employer.

Participant Account – Participants direct the investment of their contributions into various mutual funds, common/collective trust accounts, or a fixed annuity offered by the Plan. The fixed annuity is part of Great West Life and Annuity Insurance Company's general account and is subject to the claims of Great West Life and Annuity Insurance Company's general creditors. Each Participant's account is credited with the participant's contributions and allocations of the employer's contributions. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. The following vesting schedule applies to vesting in employer contributions: 1 year, 25%, 2 years, 50%, 3 years, 100%.

Forfeitures – Plan forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Employer non-matching and employer matching forfeitures are used to reduce the employer's future contributions. For the years ended June 30, 2022 and 2021, forfeitures were \$0 and \$513, respectively. At June 30, 2022 and 2021, the balance of forfeited non-vested amounts was \$2,601 and \$31,914, respectively.

Benefit Payments – Upon retirement (with normal retirement age of 65), a participant may elect to receive either a single sum payment equal to the value of his or her account or installments. Upon termination of service, a participant may elect to receive a single sum payment equal to the vested balance of his or her account or rollover the account. If the participant's vested balance exceeds \$5,000, the participant may elect to continue the Plan with the existing balance. If the participant's vested balance does not exceed \$5,000, the participant will receive a distribution of the vested amount and may not elect to continue the Plan with the existing balance.

CHERRYLAKE'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Participant Loans – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent of their vested account balance. Participants may not have more than two loans outstanding at any given time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from 1 to 5 years. Loans for the purchase of a primary residence can be made for longer periods of time. The loans are secured by an interest in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through monthly payroll deductions.

B. Summary of Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates – The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the fully benefit-responsive investment contract (fixed account), which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments – Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of June 30, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Date of Management's Review – Subsequent events were evaluated through December 2, 2022, which is the date the financial statements were available to be issued.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the June 30, 2022 excess contributions to the applicable participants prior to September 15, 2022.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the

CHERRYLAKE'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

C. Fair Value Measurements

Financial Accounting Standards Board's Accounting Standards Codification (FASB ASC) Topic 820, Fair Value Measurements and Disclosures (FASB ASC 820) defines fair value, requires expanded disclosures about fair value measurements, and establishes a three-level hierarchy for fair value measurements based on the observable inputs to the valuation of an asset or liability at the measurement date. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FASB ASC 820 prioritizes the inputs to the valuation techniques used to measure fair value by giving the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The levels of fair value hierarchy applied to the Plan's investments at June 30, 2022 and 2021 are as follows:

<u>Investment</u>	<u>Hierarchy Level</u>	<u>2022</u>	<u>2021</u>
Common/collective trust accounts	2	\$ 3,023,700	\$ 3,409,037
Mutual funds	2	\$ 581,964	\$ 653,591
Fixed account – Mass Mutual	2	\$ -	\$ 55,958
Fixed account – Great West	2	\$ 95,637	\$ -

See Note D below for a description of valuation methodologies.

D. Group Annuity Contract

The Plan has entered into a group annuity contract with Great West Life and Annuity Insurance Company. Plan investments consist of a fixed, guaranteed return account, mutual funds, and variable common/collective trust accounts.

Common/collective Trust Accounts – These are measured at fair value. Net asset value is calculated by the fund manager based on the underlying investments.

CHERRYLAKE'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Mutual Funds – These are measured at fair value. Net asset value is available in an observable market.

Fixed Account – Great West Life and Annuity Insurance Company's fixed account is a general account product and is considered fully benefit responsive. This investment option offers a guaranteed minimum rate of return for the period of time specified in the contract. The credit rating is established for amounts invested in the fixed account. In determining the net assets available for benefits, the Fund is included in the accompanying financial statements at contract value, which approximates fair value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: premature termination of the contracts by the plan, closing of the sponsor's business, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. The Plan's management believes that any of these events that would limit the Plan's ability to transact at contract value with participants is improbable of occurring.

E. Information Certified by Custodian

Under the Department of Labor's regulations, certain assets and related information held by a bank, trust company, or similar institution, or an insurance company, that is regulated and subject to periodic examination by a state or federal agency does not have to be audited, provided the plan administrator exercises this option and the institution holding the assets certifies the required information. Great West Life and Annuity Insurance Company and Massachusetts Mutual Life Insurance Company has provided certification as to the completeness and accuracy of the investments presented in the accompanying statements of net assets available for benefits as of June 30, 2022 and 2021, respectively, and in the statement of changes in net assets available for benefits for the year ended June 30, 2022. The accompanying supplemental schedule also includes investment information certified by Great West Life and Annuity Insurance Company as being complete and accurate.

F. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G. Tax Status

The IRS has determined and informed the Sponsor that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

H. Party-in-Interest

Certain Plan investments are managed by Great West Life and Annuity Insurance Company through their retirement services program. Great West provides custodial and recordkeeping services to the Plan, therefore, these transactions qualify as party-in-interest transactions. These are not considered prohibited transactions under ERISA.

CHERRYLAKE'S 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

I. Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. Reconciliation of Financial Statements to Form 5500
