To the Plan Administrator
Red Thread Spaces LLC 401(k) Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Red Thread Spaces LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of February 28, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of February 28, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (held at end of year) as of February 28, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Red Thread Spaces LLC 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Red Thread Spaces LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Red Thread Spaces LLC (the “Company” or “Plan Sponsor”) on January 1, 1991, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Full-time employees (over 1,000 hours) in the United States become eligible to participate in the Plan upon reaching the age of 21 and upon the completion of six months of service, as defined in the plan document.

Contributions

Participants may contribute on a pretax basis an amount up to 75% of their eligible compensation, as defined by the Plan, subject to Internal Revenue Code (“IRC”) limitations. Participants may also contribute amounts representing distributions from other qualified plans (“rollovers”). Participants that have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan includes an automatic deferred provision of 3%, unless an employee makes a contrary election. Automatic contributions to the Plan will be invested in a default investment fund selected by the Company, until changed by the participant.

The Company, at its discretion, may elect to make discretionary matching and profit-sharing contributions to the Plan. There were no matching or profit-sharing contributions during the 2022 and 2021 plan years.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, any company matching contributions, as well as allocations of any company profit-sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Administrative Expenses

Certain administrative expenses are paid for by the Company and are excluded from these financial statements. Expenses resulting from participant loans and allocations of investment fees are deducted directly from participant accounts. The Plan has entered into revenue credit agreement with the plan trustee, Great West Trust Company, to reduce participant expenses. Net revenue credits of \$-0- and \$46,667 were allocated to the Plan’s ERISA spending account for the 2022 and 2021 plan years. As of February 28, 2022 and 2021, the ERISA spending account had credits of \$21,403 and \$27,382, respectively, available to reduce plan expenses.

Vesting and Forfeitures

Participants are fully vested in their contributions and earnings thereon. Company contributions and earnings thereon allocated to participant accounts vest and become nonforfeitable in accordance with the following schedule:

<i>Years of Vesting Service</i>	<i>Percent Vested</i>
Less than 1	0%
1 but less than 2	25%
2 but less than 3	50%
3 or more	100%

In the event of death, permanent disability, or retirement, a participant's employer contribution account becomes fully vested. If a participant terminates before becoming fully vested, aggregate company contributions and investment income thereon credited to the terminated participant's account are forfeited. Forfeitures are used to reduce future company matching contributions or pay plan expenses. Forfeiture balances were \$1 at February 28, 2022 and 2021. No forfeitures were used in 2022 and 2021.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. A loan for any purpose other than the purchase of a primary residence must be repaid over a period of not more than five years. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through weekly payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of February 28, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits

Employees are permitted to withdraw funds from their accounts upon attaining the age of 59½, retirement, termination, disability, or death. Hardship withdrawals are allowed if certain criteria are met. The participant or beneficiary may only elect to receive a lump-sum cash payment.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Notes to Financial Statements

Valuation of Investments and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares held in mutual funds are traded on national securities exchanges and valued at the net asset value ("NAV") as of February 28, 2022 and 2021.

The Plan holds an investment in a common/collective trust, specifically the Putnam Stable Value Fund. The Putnam Stable Value Fund invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities, money market funds, and may include derivative instruments such as futures contracts and swap agreements to provide daily liquidity. The Putnam Stable Value Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no unfunded commitments or redemption period, and the redemption frequency is daily. The fund is valued using the NAV of the units owned by the Plan as a practical expedient for fair value.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated all events and transactions that occurred after February 28, 2022, through December 13, 2022, the date these financial statements were available to be issued.

Plan Restatement March 1, 2022

The Internal Revenue Service ("IRS") requires that providers of pre-approved plan documents undergo a periodic restatement process every six years to update the plan documents for any required amendments, regulatory changes, and other enhancements. The pre-approved defined contribution plan document provided by Great-West Trust Company (formerly referred to as a "volume submitter" defined contribution plan document) was restated effective June 30, 2020, to comply with this IRS-required restatement process, and Great-West Trust Company, LLC received a favorable opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan is qualified under Section 401(a) of the IRC, and therefore, the related trusts are tax exempt.

Red Thread Spaces LLC 401(k) Plan

Notes to Financial Statements

On March 1, 2022, the Plan adopted the restated pre-approved defined contribution plan document provided by Great-West Trust Company, LLC. The adoption of the restated plan document did not result in a material change to the design or operations of the Plan.

In March 2022, the Company reinstated its discretionary matching contribution. Eligible participants will receive a matching contribution equal to 25% of employee contributions up to 6% of eligible pay.

3. Certified Investments

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the trustee of the Plan, has certified as to the completeness and accuracy of all the investments reflected on the accompanying statements of net assets available for benefits as of February 28, 2022 and 2021, the supplemental schedule - Schedule of Assets (Held at End of Year) as of February 28, 2022 and the related investment activity reflected on the statements of changes in net assets available for benefits for the years ended February 28, 2022 and 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan follows the guidance of Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, which defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability; and• inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Red Thread Spaces LLC 401(k) Plan

Notes to Financial Statements

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at February 28, 2022 and 2021.

The methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the plan investment assets at fair value, as of February 28, 2022 and 2021. As required by ASC Topic 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Active Markets for Identical Assets (Level 1)	February 28, 2022 Total
Mutual funds at fair value	\$ 44,483,378	\$ 44,483,378
Common/collective trust at NAV*		4,073,210
Total Investments	\$ 44,483,378	\$ 48,556,588

	Active Markets for Identical Assets (Level 1)	February 28, 2021 Total
Mutual funds at fair value	\$ 42,210,803	\$ 42,210,803
Common/collective trust at NAV*		3,694,164
Total Investments	\$ 42,210,803	\$ 45,904,967

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Income Tax Status

The Plan has adopted the Great-West Trust Company Defined Contribution Prototype Plan and Trust, which received opinion letters from the Internal Revenue Service, dated June 30, 2020, and March 31, 2014, stating that the form of the plan is qualified under Section 401 of the IRC, and therefore, the related trust is tax exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since

Red Thread Spaces LLC 401(k) Plan

Notes to Financial Statements

the date of the letter, the plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transactions

Certain plan investments are shares of common/collective trusts and mutual funds managed by Great-West Trust Company, LLC, the plan trustee, and affiliates; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

7. Plan Termination

Although the Company has not expressed any intent to do so, it has the right to discontinue contributions and to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, partial termination, or complete discontinuance of contributions to the Plan, the right of each affected participant to the amounts credited to the participant's account will be non-forfeitable, and the value of the participant's accounts will be paid in accordance with the provisions of the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
