Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Transaction Data Systems, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITOR'S REPORT

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The 2021 supplemental Schedule H, Line 4a – Schedule of Delinquent Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

Predecessor auditors performed an audit of the 2020 financial statements of Transaction Data Systems, Inc. 401(k) Profit Sharing Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the 2020 audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 13, 2021, indicated that: (a) the amounts and disclosures in the 2020 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2020 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2020 supplemental schedules, other than the information in the 2020 supplemental schedules that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2020 supplemental schedules related to assets held by and certified to by a qualified institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

TRANSACTION DATA SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Plan Description

The following description of the Transaction Data Systems, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan, effective January 1, 2013, and most recently restated October 18, 2021, is a defined contribution plan covering all eligible employees of Transaction Data Systems, Inc., and participating employers (the Company or Employer), as defined. The Plan is intended to satisfy all the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, in response to the novel coronavirus (COVID-19) pandemic, the U.S. Congress enacted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act), which among other things, included temporary relief provisions that impacted retirement plan withdrawal rules for qualified participants. The provisions of the CARES Act were permitted to be treated as effective and operationalized immediately upon enactment and prior to amending the Plan document. The Plan allowed for certain of the temporary relief provisions for qualified individuals (as defined under the CARES Act), including penalty-free coronavirus-related distributions of up to \$100,000 with repayment terms of up to three years. The CARES Act also waived required minimum distributions that would have been payable during 2020. The temporary CARES Act provisions expired December 31, 2020.

Eligibility

Prior to October 18, 2021, participants became eligible to make elective salary deferrals on the first day of each plan quarter coinciding with or next following their completion of one month of service. Effective October 18, 2021, the Plan was restated and amended to remove the service requirement for employees to become eligible to participate in elective salary deferrals and provide for immediate entry into the Plan. In order to be eligible to receive Company matching and discretionary non-elective contributions, a participant must complete one year of service, as defined, and attain age 21. In addition, to receive Company discretionary non-elective contributions, a participant must be employed on the last day of the Plan year and have at least 1,000 hours of service during the Plan year.

Contributions

Participants may contribute either pre-tax or after-tax Roth deferrals, up to a certain statutory maximum which is set by law each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

The Company provides a safe harbor matching contribution to each eligible participant equal to 100% of the participant's salary deferrals up to 3% of compensation, as defined, plus 50% of the participant's salary deferrals between 3% and 5% of compensation. The Plan also provides for the Company to make a discretionary non-elective contribution to be allocated to employees, as determined annually by the Company. For the year ended December 31, 2021, the Company did not elect to make a discretionary non-elective contribution.

TRANSACTION DATA SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited with the participant's and Company contributions, and allocations of the Plan's earnings, and charged with benefits payments and an allocation of the Plan's losses and administrative expenses. Plan earnings and losses are allocated based on account balances while contributions are credited based upon elective deferrals and compensation, as defined. Administrative expenses are charged directly to the accounts of the participants who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investments of their accounts into various options offered by the Plan. Participants may change their investments periodically, as permitted by the Plan sponsor.

Vesting

Participants are immediately vested in elective contributions, rollover contributions, Company safe harbor matching contributions, and earnings thereon. Vesting in Company discretionary non-elective contributions accrue at a rate of 20% per year beginning with the first year of vesting service and are fully vested after five years of service. Upon Plan termination, attainment of normal retirement age, participant death or disability, Company discretionary non-elective contributions vest immediately.

Vesting in Company discretionary non-elective contributions transferred to the Plan in connection with the merger of the Warkentine, Inc. 401(k) Profit Sharing Plan in 2017 accrue at a rate of 20% per year, beginning with the second year of vesting service, and are fully vested after six years of service.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant with a vested balance greater than \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a series of installments over time. If the vested account balance is \$5,000 or less, the Plan will automatically roll the vested account to an IRA in a direct rollover if: (1) the vested account is more than \$1,000; and (2) the participant did not elect a lump-sum payment or rollover into another qualified plan or individual retirement account. Participants attaining the age of 59½ may request an in-service distribution. In addition, hardship withdrawals may be requested and are paid in one lump-sum upon approval. Participants that reach the age of 70 ½ prior to January 1, 2020, are required to take a minimum distribution from their account. Participants who reach the age of 70 ½ after January 1, 2020, are required to take a minimum distribution from their account upon reaching the age of 72.

Forfeitures

Any non-vested amounts remaining after the distribution of a terminated participant's account balance are forfeited. Forfeitures are used to reduce expenses paid by the Company or reduce the Company's contributions. Forfeitures not used to pay Plan expenses or reduce Company contributions are allocated to participants meeting the allocation requirements, as defined in the Plan. During the year ended December 31, 2021, forfeitures of \$1,615, \$9,191, and \$4,423 were used to reduce employer contributions, pay Plan expenses, and were allocated to participants, respectively. At December 31, 2021 and 2020, there were \$61 and \$3,704 of unallocated forfeitures, respectively.

TRANSACTION DATA SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses paid by the Plan and included in administrative expenses on the accompanying statement of changes in net assets available for benefits include primarily contract administration fees. Investment-related expenses are included in net appreciation in fair value of investments. Any costs associated with the investment of a participant's account are charged to that participant.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through December 31, 2021, as of November 22, 2022, which is the date the financial statements were available to be issued. No material events have occurred since December 31, 2021, that require recognition or disclosure in the financial statements.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

TRANSACTION DATA SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: These assets are valued as determined by quoted market price, which represents the net asset value of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The pooled separate accounts are stated at fair value using the net asset value (NAV) practical expedient as reported to the Plan. The NAV practical expedient is based on the quoted market prices of the underlying investments. The unit value of the pooled separate account is calculated by dividing the total value of the assets of the separate account minus its liabilities by the number of units in the separate account. There are no unfunded commitments on these investments and redemption restrictions include one transfer per 30-day period.

Common/Collective Trusts: The Plan invests in the Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053 (the Fund) issued by Metropolitan Life Insurance Company (MetLife), which is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments or redemption restrictions on these investments.

The Plan also invests in various common collective trust funds issued by Wilmington Trust that are comprised of shares or units in commingled funds that are not publicly traded and are valued at their NAV. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments on these investments. The Funds require the Plan Sponsor to provide advance written notice of five business days for Plan Sponsor withdrawals which will exceed \$1 million of the assets invested in each fund.

TRANSACTION DATA SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

The pooled separate accounts and the common collective trust funds held by the Plan file a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity. Accordingly, certain disclosure requirements under Financial Accounting Standards Board (FASB) *Accounting Standards Update* (ASU) 2015-12 with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Fair Value Measurements at Reporting Date Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Pooled Separate Accounts*	295,681			
Common/Collective Trusts*	15,511,473			
Total Investments	\$ 20,136,246			

* Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have been removed from the total investments in the fair value hierarchy. The net asset values presented in this table are intended to reconcile the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4 - Information Certified by Principal Trust Company

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule of assets (held at end of year), which was certified by Principal Trust Company (Principal), as of December 31, 2021 and 2020, and for the year ended December 31, 2021, as complete and accurate, as permitted by 29 CFR 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 5 - Tax Status

The Plan adopted a prototype non-standardized 401(k) profit sharing plan which received a favorable opinion letter from the IRS dated June 30, 2020. The opinion letter stated that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the ruling. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Party-in-Interest and Related Party Transactions

Certain Plan investments are held and managed by Principal. Transactions related to these investments qualify as party-in-interest transactions. For the year ended December 31, 2021, the Plan paid administrative fees and expenses to Principal in the amount of \$101,850.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Company contributions.

Note 8 - Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the *near-term* and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

TRANSACTION DATA SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

In March 2020, the World Health Organization classified the novel coronavirus (COVID-19) outbreak as a pandemic. The effects of the COVID-19 pandemic have caused volatility in financial markets and may continue to affect the value of investments held by the Plan. Due to the uncertainty of the duration and the continued effects of this pandemic, the near and long-term financial effects cannot be reasonably estimated at this time.

Note 9 - Non-Exempt Transactions

During the Plan years ended December 31, 2021, 2018 and 2017, the Company did not remit certain employee deferrals within the appropriate time period prescribed by the Department of Labor. These transactions constitute prohibited transactions as defined by ERISA. The Company corrected these late remittances in December 2021 by restoring lost earnings in the amount of \$643, which is included in other income on the statement of changes in net assets available for benefits.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
