INDEPENDENT AUDITORS' REPORT

Community Action Partnership 401(k) Plan
St. Joseph, Missouri

Opinion

We have audited the accompanying financial statements of Community Action Partnership 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of February 28, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Community Action Partnership 401(K) Plan as of February 28, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Community Action Partnership 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Action Partnership 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Community Action Partnership 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Action Partnership 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules (as listed in the table of contents on pages 12 - 13) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

COMMUNITY ACTION PARTNERSHIP 401(k) PLAN

St. Joseph, Missouri

Notes to the Financial Statements
For the Years Ended February 28, 2022 and 2021

NOTE A: DESCRIPTION OF THE PLAN

The following description of the Community Action Partnership ("Organization") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- 1) General - The Plan was established effective March 1, 2004. The Plan is a cash or deferred profit sharing plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- 2) Participant-Directed Defined Contribution Plan - The Plan is a participant-directed defined contribution plan.
- 3) Tax-Deferred Contributions - For each plan year, each eligible participant may make an election to make tax-deferred contributions. This election to defer will be a percentage of the participant's compensation or a fixed amount per paycheck of up to a maximum dollar amount determined by the Federal government each year. The tax-deferred contributions are always 100 percent vested. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.
- 4) Rollover Contributions - An employee may elect to roll over qualified distributions from another plan or a rollover IRA into the Plan. The rollover contributions are always 100 percent vested.
- 5) Employer Contributions - The employer makes discretionary amount and percentage contributions determined annually starting after one year of service.
- 5) Participant Accounts - Each participant's account is credited with the participant's contribution as stated in 2) above. An investment election must be made by each participant that will specify the percentage of the contributions to each participant's account that is to be invested among the investment funds. The earnings or losses on these investments are allocated to these investment funds.
- 6) Payment of Benefits - Upon termination of employment, the Plan permits distribution of the participant's account. If the value of the participant's vested interest in their plan account is \$1,000 or less, the Plan account may be "cashed out" by distributing the vested interest in their Plan account in a single-sum payment as soon as reasonably practicable following the date employment terminates. If the value of the participant's vested interest in their Plan account is more the \$1,000, distribution of the Plan account cannot be made before the normal retirement date of the participant without their written consent. The terminated participant may elect to have their vested balance rolled over into an individual retirement account or other eligible retirement plan if eligible for rollover. They may also elect to have a lump sum payment or they may request installment payments over a specific period of time (annually, quarterly, or monthly) not exceeding their life expectancy.
- 7) Payment of Administrative Expenses - The Organization will pay the third party administrator flat fee plus the fees for the investment advisor and the audit on behalf of the Plan. The participants will pay the third party administrator a "per participant fee".

NOTE A: DESCRIPTION OF THE PLAN (Continued)

- 8) Withdrawn Participants – There were 16 and 5 participants who withdrew from the plan and received \$153,103.35 and \$23,544.57 in distributions during the Plan Year ended February 28, 2022 and 2021, respectively.
- 9) Participant Loans – The plan does not allow loans to Participants.
- 10) Participant Direction of Investment – The Plan permits every participant to direct the investment of his/her account balances under the Plan. The trustee will invest the participant's account balances under the Plan in accordance with the participant's written direction. The participants are permitted to go online at their discretion and make any changes they choose to their investment account.
- 11) Hardship Withdrawals – If a participant incurs an immediate and heavy financial need, they may make a hardship withdrawal of their tax-deferred contributions, but only if the Administrator determines that the withdrawal is necessary to meet their financial need. The Plan had \$29,724.63 and \$5,831.34 in hardship withdrawals made during the plan year ended February 28, 2022 and 2021, respectively.
- 12) Vesting – Participants are 100% vested upon participation.

NOTE B: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are recorded at estimated fair value based upon published quoted prices, determined primarily by the last reported sales price on the last business day of the year. The shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the plan at year-end.

Purchases and Sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments should be recognized upon payment.

Third Party Administrator Duties

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

NOTE B: SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses

Certain administrative functions are performed by officers or employees of the Agency. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Agency.

All other operating expenses of maintaining the Plan are paid by the Agency.

NOTE C: CONCENTRATIONS

The source of contributions received by the Plan is from employees' tax-deferred contributions and the employer's match contributions. If on August 1 of any plan year, 50% or less of the eligible employees have elected to make deferrals to the Plan, the Board intends to terminate the plan at the end of the plan year.

NOTE D: TAX STATUS

The Internal Revenue Service has ruled by a letter dated September 18, 2001, that the Plan's prototype being used qualifies under Section 401(k) of the Internal Revenue Code and, therefore, the Plan is not subject to tax under present income tax laws. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 28, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

NOTE E: FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 28, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of February 28, 2022 and 2021:

NOTE G: PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Plan account.

NOTE H: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In December 2019, a novel strain of coronavirus ("COVID-19") was reported in Wuhan, China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern." The U.S. government has implemented enhanced screenings, quarantine requirements and travel restrictions in connection with the COVID-19 outbreak. The extent of the impact of the COVID-19 on the Plan's operational and financial performance will depend on future developments, including duration and spread of the outbreak and related travel advisories and restrictions and the impact of the COVID-19 on the stock market. The Plan could experience significant declines in market value of investments. Our results of operations for full year 2023 may be materially adversely affected.

NOTE I: RELATED PARTY/PARTY-IN-INTEREST

The plan has the following service providers: Jarred, Gilmore and Phillips, PA is the plan auditor, BPAS Plan Administration & Recordkeeping Services is the plan administrator, and Community Action Partnership of Greater St. Joseph is the plan sponsor.

All these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE J: SUBSEQUENT EVENTS

The Plan evaluated events and transactions occurring subsequent to February 28, 2022, through December 14, 2022, the date the financial statements were available to be issued. During this period, there were no subsequent events requiring recognition in the financial statements. Additionally, there were no nonrecognized subsequent events requiring disclosure.
