INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Rumsey Electric Company 401(k) Savings Plan
Conshohocken, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits for the Financial Statements

We have performed audits of the accompanying financial statements of Rumsey Electric Company 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of February 28, 2022 and December 31, 2021, and the related statements of changes in net assets available for benefits for the period from January 1, 2022 through February 28, 2022, and for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rumsey Electric Company 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period ended February 28, 2022 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

- 1 -

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Rumsey Electric Company 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rumsey Electric Company 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rumsey Electric Company 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rumsey Electric Company 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

RUMSEY ELECTRIC COMPANY
401(K) SAVINGS PLAN
Notes to Financial Statements
February 28, 2022 and December 31, 2021

NOTE 1 - Description of Plan

The following description of the Rumsey Electric Company 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document, as amended and restated, for a more complete description of the Plan's provisions.

- A. **General** - The Plan is a defined contribution plan with an I.R.C. Sec 401(k) provision covering all employees of Rumsey Electric Company (the "Company") who meet the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan including monitoring of investment performance and determining appropriate investment offerings. Charles Schwab Trust Company is the Plan's trustee and manages all investments.

As of March 31, 2021, Rumsey Electric Company Employee Stock Ownership Plan sold 100% of the issued and outstanding capital stock of Rumsey Electric Company (the Plan Sponsor) to Kendall Electric. See Note 6 for more information.

- B. **Eligibility** - Each employee who is not governed by a collective bargaining agreement is eligible to elect salary deferrals when they have attained the age of eighteen. Each employee who is not governed by a collective bargaining agreement is eligible to receive the employer contribution when they have attained the age of eighteen and completed one year of service.
- C. **Employee Contributions** - Eligible employees may make a voluntary tax-deferred contribution of 1% to 100% of their pre-tax annual compensation up to \$20,500 and \$19,500, which is the maximum dollar limit set by law for the years ended December 31, 2022 and 2021, respectively. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions are invested in the Schwab Retirement Planner, which manages the participants' accounts and selects investments based on demographic information. The Plan will automatically increase this percentage to 3% after one year unless the participant changes it.

Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up contributions." For the years ended December 31, 2022 and 2021, the maximum catch-up contribution was \$6,500.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

RUMSEY ELECTRIC COMPANY
401(K) SAVINGS PLAN
Notes to Financial Statements
February 28, 2022 and December 31, 2021

NOTE 1 - Description of Plan (Continued)

- D. Employer Contributions - The Company may make a discretionary matching contribution of the participant elective deferrals. For the year ended December 31, 2021, the Company elected to match employee salary deferrals at a rate of 50% of each employee's tax-deferred contributions up to the first 5%. Matching contributions for outside commissioned salesmen, however, are limited to eligible compensation of up to \$77,000 for the year ended December 31, 2021.

The Company can elect to make an additional non-elective contribution in such amounts as may be determined by its Board of Directors. The Board of Directors elected not to contribute a non-elective contribution for the period January 1, 2022 through February 28, 2022 and the year ended December 31, 2021. Such contributions are allocated to individual participant accounts based on the ratio of each participant's annual compensation to the total Plan participants' compensation. Non-elective contributions are allocated to investments as directed by participants.

- E. Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the employer's contributions, plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specified participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- F. Vesting - All employee and employer matching contributions are fully (100%) vested and nonforfeitable. Participants become fully (100%) vested in the non-elective contribution upon the occurrence of death, total or permanent disability, or normal or early retirement.

Other than as stated above, non-elective contributions vest based upon the following:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 years	0%
After 2 years but less than 3	20%
After 3 years but less than 4	40%
After 4 years but less than 5	60%
After 5 years but less than 6	80%
After 6 years	100%

A participant's vested benefit is determined as of the date of termination of employment or retirement.

NOTE 1 - Description of Plan (Continued)

- G. **Payment of Benefits** - A participant will receive a lump sum amount equal to the value of the individual's account upon termination of service due to death, disability, or upon attaining a normal retirement age or an early retirement benefit may be elected by individuals who meet specified age and service requirements. For terminated participants with vested balances less than \$5,000, the administrator shall pay the participant in one simple lump sum payment as soon as possible after termination. For vested balances that exceed \$5,000, no distribution is made from the Plan without consent of the participant.
- H. **Income Tax Status** - The IRS has determined and informed the Plan by a letter dated June 19, 2014, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

- I. **Forfeitures** - Any participant who terminates employment without being fully (100%) vested in their non-elective contribution account forfeits their unvested portion of the non-elective contribution. At February 28, 2022 and December 31, 2021, there were no forfeited nonvested accounts. These accounts are first to be used to reduce future plan administrative expenses, and then any remaining amount can be used to offset the employer contribution. During the period from January 1, 2022 through February 28, 2022 and the year ended December 31, 2021, the administrative expenses were not reduced by funds from forfeited excess match contributions. There was \$0 and \$240 of excess match contributions forfeited at February 28, 2022 and December 31, 2021, respectively.

NOTE 2 - Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are a representation of the Plan's management, who is responsible for their integrity and objectivity. The accounting policies described below conform to accounting principles generally accepted in the United States of America and have been applied consistently in the preparation of the financial statements.

NOTE 2 - Summary of Significant Accounting Policies (Continued)

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates - The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Current Legislation - On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided the option for retirement plan sponsors to provide temporary relief for their participants with respect to distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan Document. Plan management has adopted certain relief provisions included in the CARES Act which became retroactively effective on April 15, 2020. The Plan was restated to include these provisions effective January 1, 2021.

Subsequent Events - Subsequent events were evaluated through December 13, 2022, which is the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of coronavirus (COVID-19) a pandemic. As a result, economic uncertainties have arisen which are likely to negatively impact operating activity. Other financial impact could occur though such potential impact is unknown at this time.

NOTE 3 - Trustee Certification

The February 28, 2022 and December 31, 2021 information summarized below was certified by Charles Schwab Trust Company. The Plan administrator has obtained certifications from the trustee as of and for the period ended February 28, 2022 and for year ended December 31, 2021, that the information provided to the plan administrator by the trustee is complete and accurate.

	<u>2022</u>	<u>2021</u>
Investments - At Fair Value	\$ 0	\$ 35,576,173
Notes Receivable from Participants	0	667,754
Investment Income (Loss)	(1,478,058)	4,309,287
Interest Income - Notes Receivable from Participants	0	35,219

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 28, 2022 and December 31, 2021.

NOTE 4 - Fair Value Measurements (Continued)

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Shares of Registered Investment Companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of Registered Investment Companies held by the Plan are deemed to be actively traded.

The following tables set forth, by level within fair value hierarchy, the Plan's investments at fair value as of February 28, 2022 and December 31, 2021:

		Fair Value Measurements at the End of Reporting Period Using:	
		Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>February 28, 2022</u>			
Money Market Funds	\$	0	\$ 0
Registered Investment Companies		0	0
Total Investments - At Fair Value	\$	0	\$ 0

		Fair Value Measurements at the End of Reporting Period Using:

NOTE 5 - Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses have been recorded as of February 28, 2022 and December 31, 2021. If a participant ceases to make a loan repayment and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their nonforfeitable account balance, whichever is less. Loan transactions are treated as transfers between the investment fund and the participant note fund. Loan terms range from one to five years, except for loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which is commensurate with local prevailing rates as determined by the Plan's administrator. Principal and interest are paid ratably through weekly or semi-monthly payroll deductions. Balances outstanding at February 28, 2022 and December 31, 2021 were \$0 and \$667,754, respectively.

NOTE 6 - Plan Merger

On February 28, 2022, the Rumsey Electric Company 401(k) Retirement Plan merged into the Kendall Electric, Inc. Profit Sharing Plan. A summary of the transferred net assets follows:

Investments - at Fair Value	\$ 33,010,761
Notes Receivable from Participants	663,878
TOTAL TRANSFERRED ASSETS	<u>\$ 33,674,639</u>

NOTE 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - Related Party and Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies managed by Charles Schwab Trust Company. Charles Schwab Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Direct payments for recordkeeping and investment advisory services totaled \$12,564 and \$86,220 for the period ended February 28, 2022 and year ended December 31, 2021, respectively.
