Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Cornerstone Family Healthcare 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters — 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CORNERSTONE FAMILY HEALTHCARE 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description:

The following description of the Cornerstone Family Healthcare 403(b) Plan (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Cornerstone Family Healthcare (the "Company"). The Plan, which was formed on January 1, 2009, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Only employees who are normally scheduled to work less than 20 hours a week are ineligible.

Effective November 13, 2017, the eligibility requirement to receive an employer contribution is age 18 and 1 year of service.

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions.

Effective February 28, 2021, Cornerstone Family Healthcare merged with Hudson Valley Community Services ("HVCS") and HVCS employees became eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, not to exceed the Internal Revenue Service ("IRS") limit, as defined in the Plan agreement. The Plan includes an automatic contribution arrangement of 1% of pre-tax annual compensation that applies to new participants or re-hired participants hired after November 13, 2017 as they enter the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts in the form of a rollover from other plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make discretionary matching contributions which are allocated to participants in accordance with the Plan document. For 2021 and 2020, the Company made matching contributions of \$0 and \$377,592, respectively.

The Employer may also make discretionary qualified non-elective contributions and discretionary qualified matching contributions. During the years ended December 31, 2021 and 2020, the Employer did not make any discretionary qualified non-elective contributions or discretionary qualified matching contributions.

Participant Accounts

Participant accounts are maintained for each Plan participant to reflect the participants' contributions and related employer matching and discretionary contributions, an allocation of Plan earnings/(losses), and an allocation of administrative expenses. Allocations are based on each participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent of their vested account balance. Loan terms range from one to five years, with the exception of loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The interest rate will be based on the rates available for similar loans from commercial lending institutions. The loan administrator periodically examines the rates such lenders are using. Once a loan is granted, the interest rate on that loan will not change. Principal and interest are paid ratably through payroll deductions.

Loans that are available to participants through TIAA and CREF are issued directly from the funds owned by TIAA and CREF and loan proceeds are not removed from the participant's account balance. However, a portion of the participant's TIAA Traditional Annuity account balance is reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. At December 31, 2021, participants had outstanding Plan loan balances due to TIAA and CREF of \$154,004.

CORNERSTONE FAMILY HEALTHCARE 403(B) PLAN

1. Plan Description (continued):

Vesting

A participant is 100% vested in their contributions including allocated earnings thereon at all times. Employer discretionary qualified non-elective contributions and discretionary qualified matching contributions are fully vested when contributed. The matching contributions are subject to a vesting schedule and could be forfeited if a participant terminates their employment or has a break in service. Participants are 100% vested after 4 years of service.

Distributions

Upon termination of service due to retirement or death, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. Active participants may withdraw any part of their vested account that resulted from rollover contributions. Participants who have attained age 59 1/2 may withdraw any part of their vested account. Hardship withdrawals are also permitted.

Forfeitures

Forfeitures in the amount of \$15,612 and \$0 were used to reduce Company matching contributions during 2021 and 2020, respectively. Forfeiture balances amounted to \$6,718 and \$15,612 as of December 31, 2021 and 2020, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Administration

The Plan is administered by the Company, which is the "Plan Sponsor". Security Benefits Corporation is the recordkeeper of the Plan. UMB Bank ("UMB") is the trustee of the Plan and TIAA and CREF ("TIAA") is the custodian of the Plan.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The Plan uses the accrual method of accounting which recognizes income when it is earned and expenses as they are incurred.

Pervasiveness of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments sold during the year and held at year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest is included in the balance. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the Plan, to the extent that the Company does not pay such expenses, are paid by the Plan. Participant loan setup fees and distribution fees are deducted from the proceeds paid to the initiating participants.

CORNERSTONE FAMILY HEALTHCARE 403(B) PLAN

2. Summary of Significant Accounting Policies (continued):

Risks and Uncertainties

The Plan utilizes various investment instruments which are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan's investments are not insured or protected by the Plan's trustee. Accordingly, the Plan is subject to the normal investment risks associated with money market funds, mutual funds, stocks, bonds and other similar types of investments.

Income Taxes

The Plan adopted a 403(b) Volume Submitter Plan sponsored by Retirement Solutions Advisors LLC. The plan has received an opinion letter from the IRS as to the plan's qualified status. The plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operating in compliance with the applicable provisions of the Internal Revenue Code ("IRC")

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2021, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Subsequent Events

The date to which events occurring after December 31, 2021, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is November 2, 2022, which is the date on which the financial statements were available to be issued.

3. Information Certified by Trustee and Custodian:

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the years then ended, included throughout the Plan's financial statements and the supplemental schedule, that was prepared by or derived from information provided by the trustee and custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from UMB, the trustee, and TIAA, the custodian, that information provided to the Plan Administrator by the trustee and custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule.

The following table presents the fair value of the assets in the Plan certified by the trustee and custodian.

As of December 31	2021	2020
Mutual Funds	\$ 14,288,313	\$ 7,817,520
Money Market	6,718	15,612
Pooled Separate Accounts	252,257	-

Notes Receivable from Participants	241,638	238,167
Total Certified Plan Assets	\$ 17,240,539	\$ 8,071,299

UMB and TIAA also certified to the completeness and accuracy of \$794,414 and \$899,008 of net appreciation in fair value of investments and \$996,260 and \$166,575 of interest and dividends related to the aforementioned Plan Assets for the years ended December 31, 2021 and 2020, respectively.

CORNERSTONE FAMILY HEALTHCARE 403(B) PLAN

4. Fair Value Measurements:

Accounting principles generally accepted in the United States of America provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Money Market: Valued at the closing price reported on the active market on which the individual securities are traded.

Pooled Separate Accounts: Valued at participant unit value of shares held by the Plan at year end.

Annuity Contract: The TIAA Traditional Annuity is reported at contract value, which approximates fair value. The contract value of the TIAA Traditional Annuity equals the accumulated cash contributions, interest credited to the plan's contracts, if any, less withdrawals and transfers, if any.

Investments Measured at Net Asset Value:

- The fair values of accumulation units held by the Plan in CREF accounts (registered investment companies) are based on each account's daily NAV, which is considered by Plan management to be the best approximation of fair value. Data for NAVs are available daily to Plan administrators and client investors on TIAA and CREF's website, and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.
- The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to the Plan Administrator and client investors on TIAA and CREF's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in this account.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of the future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

CORNERSTONE FAMILY HEALTHCARE 403(B) PLAN

4. Fair Value Measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2021				
	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 11,878,201	\$ 11,878,201	\$ -	\$ -
Money Market	6,718	6,718	-	-
Annuity Contract	594,973	-	-	594,973
Total	12,479,892	\$ 11,884,919	\$ -	\$ 594,973
Investments Measured at Net Asset Value	2,662,369			
Investments at Fair Value	\$ 15,142,261			

December 31, 2020				
	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 7,817,520	\$ 7,817,520	\$ -	\$ -
Money Market	15,612	15,612	-	-
Total Assets at Fair Value	\$ 7,833,132	\$ 7,833,132	\$ -	\$ -

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits. For Level 3 investments during 2021, net purchases and issuances amounted to \$(295), and net transfers in amounted to \$595,268.

In accordance with the fair value measurement and disclosures guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for the Plan investments, the fair values of which are estimated using the NAV per share as of December 31:

	2021 Fair Value	Redemption Frequency	Redemption Notice Period
CREF Variable Annuity Accounts:			
Equity Funds (a)	\$ 1,528,759	Daily	Daily
Fixed Income Funds (b)	216,379	Daily	Daily
Multi-Asset Fund (c)	545,231	Daily	Daily
Money Market Fund (d)	119,743	Daily	Daily
Total CREF Variable Annuity Accounts	2,410,112		
TIAA Real Estate Account (e)	252,257	Daily	Daily
Total	\$ 2,662,369		

- (a) Funds in this category invest in a diversified portfolio of domestic and/or foreign stocks to achieve a long-term rate of return.
- (b) Funds in this category invest in various types of debt securities to achieve a long-term rate of return while preserving capital. These funds invest heavily in U.S. Government Bonds.
- (c) These funds invest in domestic and foreign equities and in fixed income securities to achieve a long-term rate of return while giving special consideration to certain social criteria.
- (d) This fund invests in high quality, short-term instruments to achieve high current income and capital preservation. This account primarily invests in commercial paper, bank obligations, and U.S. Government issued securities that are classified as first-tier securities.
- (e) This fund invests in real estate properties, other real estate related investments, and securities. Underlying real estate holdings are valued principally using external appraisals. Underlying securities are generally priced using values obtained from independent pricing sources.

4. Fair Value Measurements (continued):

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Values
Annuity Contract	\$ 594,973	Accumulated cash contributions, interest credited, and transfers less any withdrawals and transfers	Risk-Adjusted market rate	1% - 3%

5. TIAA Traditional Annuity:

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuities ("RA"), Group Retirement Annuities ("GRA"), Supplemental Retirement Annuities ("SRA"), and Group Supplemental Retirement Annuities ("GSRA"). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for income upon retirement. The TIAA Traditional Annuity within SRA and GSRA contracts, as well as holdings reported in the Plan Loan Default Fund on the Statement of Net Assets, have no liquidity restrictions and are benefit responsive as contemplated by FASB ASC 962-325-35-5. The TIAA Traditional Annuity holdings within RA and GRA contracts have liquidity restrictions and are nonbenefit responsive.

Upon a distributable event, the participant surrenders the future accumulation benefits in exchange for a cash payout based on the contract value, demonstrating the contract value can be monetized when a distributable event occurs.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

The RA contract does not allow lump-sum cash withdrawals and transfers must be spread over 10 annual installments. With the GRA contracts, lump sum withdrawals are available within 120 days of termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from RA and GRA contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). The SRA and GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

6. Related Party Transactions:

Certain Plan investments are managed by UMB and TIAA. Therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services and recordkeeping services amounted to \$17,209 and \$14,107 for the years ended December 31, 2021 and 2020, respectively.

7. Plan Transfer

In conjunction with the merger between the Company and HVCS, the assets of the Hudson Valley Community Services, Inc. 403(b) DC Plan, totaling \$5,111,311 were transferred into the Plan.
