Independent Auditor's Report

The Plan Administrator
Capri Holdings Limited (USA)
401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Capri Holdings Limited (USA) 401(k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Capri Holdings Limited (USA) 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Capri Holdings Limited (USA) 401(k) Plan, (the Plan) provides only general information. Participants should refer to the Plan document and summary plan description for a complete description of the Plan's provisions, copies of which may be obtained from the Plan's sponsor.

General

The Plan is a defined contribution plan covering all employees of Capri Holdings Limited (USA) (the Company or the Employer) and any participating affiliates who have completed three months of service and are age 21 or older. Non-resident aliens and union employees whose employment is governed by a collective bargaining agreement, under which retirement benefits were the subject of a good faith bargaining agreement that does not provide coverage under this Plan, are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Investments are participant-directed and the Plan uses Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a member of the Principal Financial Group, as the trustee and recordkeeper of the Plan.

During December 2018, Michael Kors Holdings Limited acquired Versace USA, Inc. Effective January 1, 2020, the Versace USA, 401(k) Profit Sharing Plan & Trust Inc. was merged with and into the Plan and the former participants became eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 100% of eligible earnings, as defined in the Plan, through a salary reduction, as pre-tax and/or Roth deductions. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts from other eligible retirement plans (rollover), as defined in the Plan. Contributions are subject to certain annual limitations as imposed by the Internal Revenue Code (the IRC). Participants, upon becoming eligible, are automatically enrolled in the Plan. Upon becoming eligible, new and rehired employees will automatically enter the Plan at 6%. All employees automatically enrolled will have their deferral percentages increased by 1% each June 1st, up to 10%. If an employee does not want to be automatically enrolled, they may elect not to defer or to defer another percentage.

Each year, the Company may decide to make a discretionary matching and/or nonelective contribution to the Plan. These contributions are determined at the sole discretion of the Company. The Company's matching contributions was \$4,133,799 for the year ended December 31, 2021.

Participant Accounts

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions, Company-matching, and nonelective contributions, if any; an allocation of the Plan investment earnings or losses; and administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Capri Holdings Limited (USA) 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately 100% vested in their salary deferral, rollover, and qualified nonelective contributions and any earnings thereon. Company-matching and nonelective contributions and earnings vest in accordance with the following schedule:

Years of Service	Vesting (%)
Less than 1	-
At least 1, but less than 2	25
At least 2, but less than 3	50
At least 3, but less than 4	75
4 years or more	100

Investment Options

Participants direct the investment of their contributions in any investment options offered by the Plan. The Plan currently offers mutual funds and a pooled separate account.

Payments of Benefits

A participant is eligible to receive a distribution on their vested account balance under the following circumstances: (a) retirement, (b) termination of employment, (c) disability, and (d) death. A participant also is eligible for in-service withdrawals. Types of in-service withdrawals available under the Plan are withdrawals of rollover contributions and hardship withdrawals.

Notes Receivable from Participants

Participants may borrow from their vested accounts an amount not less than \$1,000 and not to exceed the lesser of 50% of their vested account balance, reduced by any outstanding note receivable balance, or \$50,000, reduced by the highest outstanding note receivable balance during the one-year period ending on the day before the note was originated. Note terms range up to five years but can be longer for the purchase of a primary residence. The notes are secured by the participants' account balances. For the years ended December 31, 2021 and 2020, notes bear interest rates of 5.25% to 7.50%. The current interest rate is set at 2% above the prime rate. Principal and interest are paid through payroll deductions.

Forfeitures

If a participant leaves the Company before becoming fully vested, any nonvested Company-matching and nonelective contributions and related investment earnings thereon are forfeited. These forfeitures are used to either reduce subsequent Company contributions to the Plan or reduce reasonable expenses for administering the Plan.

As of December 31, 2021 and 2020, there was a balance of \$353,682 and \$33,666 in the forfeiture account, respectively. During the year ended December 31, 2021, \$411,379 and \$331,106 of forfeitures were used to pay Employer contribution and Plan expenses, respectively.

Capri Holdings Limited (USA) 401(k) Plan

Notes to Financial Statements

Administrative Expenses/Other Income

Certain administrative expenses of the Plan are paid directly by the Employer and are excluded from these financial statements. These include legal and audit. Expenses related to the administration of notes receivable from participants and distribution fees are charged directly to each participant's account and are included in the administrative expenses.

Other income consists of plan-servicing credits supporting the Plan and fee adjustments. The revenue credits generally represent the return of excess revenue generated by the Plan, based upon the terms of the recordkeeper services agreement. Revenue credits are determined monthly and may be used to pay reasonable and necessary Plan expenses and can be allocated to participants as a plan-servicing credit. During the year ended December 31, 2021 the Plan received and utilized \$187,132 to pay certain Plan expenses.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation in the fair value of investments, which consists of realized and unrealized gains or losses on investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. Fees charged by the trustee relating

Capri Holdings Limited (USA) 401(k) Plan

Notes to Financial Statements

to notes receivable from participants are paid from the related participants' accounts. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

3. Risks and Uncertainties

The Plan provides for various investment options in mutual funds and a pooled separate account, which are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Certified Investments

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Interest and dividends, net appreciation in fair value of investments, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

Capri Holdings Limited (USA) 401(k) Plan

Notes to Financial Statements

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value:

December 31, 2021

	Assets in Fair Value Hierarchy			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 135,411,218	\$ -	\$ -	\$ 135,411,218
Pooled separate account, measured at NAV*				31,057,235
Total Investments				\$ 166,468,453

December 31, 2020

	Assets in Fair Value Hierarchy			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 121,122,814	\$ -	\$ -	\$ 121,122,814
Pooled separate account, measured at NAV*				26,850,323
Total Investments				\$ 147,973,137

* Investments measured at fair value using the NAV per share (or its equivalent) practical expedient are not categorized in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Capri Holdings Limited (USA) 401(k) Plan

Notes to Financial Statements

Mutual Funds - These assets consist of funds that transact business based on a daily closing NAV computed by the fund manager. These investments are valued at NAV of each share, which is actively traded on national securities exchanges and are owned by the Plan at year-end.

Pooled Separate Account - This asset is valued at NAV as a practical expedient based on the market value of the underlying investments. The NAV is not a publicly quoted price in an active market. The pooled separate account invests in fixed-income securities. The investments may be redeemed daily, there are no unfunded commitments, and there are no other restrictions or penalties as of December 31, 2021 and 2020.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers between levels during the years ended December 31, 2021 and 2020.

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by the trustee. Any purchases and sales of these funds qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants also qualify as exempt party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

8. Tax Status

The Plan has adopted a pre-approved plan sponsored by the Principal Financial Group (Principal). Accordingly, the Plan is permitted to rely on Principal's opinion letter. The Internal Revenue Service (IRS) has determined and informed Principal by a letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the IRC. Previously, the Plan adopted a non-standardized prototype plan sponsored by Principal. On March 31, 2014, the IRS stated in a letter that the prototype plan previously adopted by the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan administrator believes the Plan is designed and is currently being operated in accordance with, and continues to qualify under, the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

9. Subsequent Events

For purposes of determining the effect of subsequent events on these financial statements, management has evaluated events subsequent to December 31, 2021 and through December 16, 2022, the date on which the financial statements were available to be issued, and there were no subsequent events requiring adjustment to the financial statements or disclosures stated therein.
