INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and the Retirement Plan Committee
Westrock Group, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Westrock Group, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the 2021 financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger

As discussed in Note 1 to the financial statements, the board of directors of the Westrock Coffee Company, LLC, the Plan's sponsor, voted to merge the Plan and transferred Plan assets into the Fill Your Cup 401(k) Investment Plan effective December 31, 2021. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

WESTROCK GROUP, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 1 – Description of the Plan

Effective January 1, 2021, Westrock Coffee Company, LLC (the Employer) sponsors the Westrock Group, LLC 401(k) Plan (the Plan). Prior to January 1, 2021, Westrock Group, LLC sponsored the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the Employer's employees, except for leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective December 31, 2021, the Westrock Group, LLC 401(k) Plan was merged and transferred into the Fill Your Cup 401(k) Investment Plan. Employees of Westrock Group, LLC became eligible to participate in the Fill Your Cup 401(k) Investment Plan.

Ascensus Trust Company (the Trustee) served as the trustee of the Plan and held the Plan assets. The Plan had contracted with The Vanguard Group, Inc. (Vanguard) to provide recordkeeping services. Vanguard utilized Ascensus, Inc. (the Recordkeeper) to process and maintain the records of the participant data. The Trustee is a wholly owned subsidiary of the Recordkeeper.

Eligibility

Nonexcluded employees who had reached 21 years of age and completed 3 consecutive months of service were eligible to participate in the Plan. Participants were automatically enrolled in the Plan on the first day of the quarter after satisfying eligibility requirements.

Contributions

Participants could contribute up to 100% of their compensation, as defined in the Plan document, as either pretax or Roth deferrals. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans.

Eligible employees were automatically enrolled in the Plan with a 3% deferral rate. Eligible employees who did not wish to participate in the Plan could affirmatively elect to opt out, or they could elect a different deferral percentage.

The Plan also provided for Employer matching contributions. Effective July 23, 2021, the Employer matched 100% of deferrals up to 1%, plus 50% of deferrals between 1% and 6% of a participants compensation, with a maximum Employer match up to 3.5% of a participants compensation. Employer matching contributions were based on deferrals made each payroll period.

Additional amounts could be contributed by the Employer under the Plan's profit sharing provisions at the discretion of the Employer's board of directors. Unless termination is due to death, disability, or retirement, participants must have been employed on the last day of the Plan year to receive an allocation of the Employer profit sharing contributions. Allocations of Employer profit sharing contributions were based on the proportion of each participant's compensation to the total of all eligible participants' compensation. There were no Employer profit sharing contributions for the year ended December 31, 2021.

Participants directed the investment of their contributions into various investment options offered by the Plan. Contributions were subject to certain limitations of the Internal Revenue Code (the Code).

Participant accounts

Each participant's account was credited with participant contributions, Employer matching contributions, and allocations of Employer profit sharing contributions and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant was entitled is the benefit that was provided from the participant's vested account.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in Employer contributions was based upon years of continuous service as follows:

<u>Years of service</u>	<u>Vesting percentage</u>
Less than two years	0%
Two, but less than three	20%
Three, but less than four	40%
Four, but less than five	60%
Five, but less than six	80%
Six years or more	100%

Participants automatically became 100% vested upon disability or death. Participants who terminated for any other reason were entitled to the vested amount of their accounts.

Payment of benefits

Upon retirement, termination, disability, or death, a participant, or his or her beneficiary in the event of death, could elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, participants could take in-service distributions of their individual account attributable to elective deferrals upon reaching age 59½. Participants could take in-service distributions of Employer matching and profit sharing contributions upon reaching normal retirement age. Upon termination, automatic distributions were required for balances of less than \$5,000. Automatic distributions above \$1,000 made without the participant's consent were rolled into an individual retirement account designated by the Trustee. Generally, certain minimum distributions were required for participants who had separated from service and had reached age 72. The Plan allowed hardship withdrawals, subject to account balance limits and applicable laws.

Participants who were automatically enrolled in the Plan had the option to withdraw their deferrals without penalty within 30 days of their automatic enrollment date.

Forfeitures

Forfeitures were first used to restore participant balances previously forfeited, then could be used to pay Plan administrative expenses, and lastly to reduce Employer contributions. The Plan had \$0 and \$102 in unallocated forfeitures as of December 31, 2021 and 2020, respectively. For the year ended December 31, 2021, forfeitures in the amount of \$4 were used to pay Plan administrative expenses and \$1,282 were used to reduce Employer matching contributions.

Administrative expenses

The Plan allowed certain administrative expenses to be paid from Plan assets. Investment expenses netted against investment income represent amounts associated with the net expense ratios of the investments in the Plan's fund lineup. The Plan participated in an agreement with the Trustee, where excess revenue could have been returned and deposited into an unallocated administrative fee credit account. The amounts in the unallocated administrative fee credit account could be used to pay reasonable and necessary Plan expenses or could have been allocated to participants. There were no unallocated funds in the administrative fee credit account as of December 31, 2021 and 2020, respectively. For the year ended December 31, 2021, no unallocated funds from the administrative fee credit account were used.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the valuation policies utilizing information provided by the Trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

Subsequent events

The Plan administrator has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

Note 3 – Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments as shown on the statement of net assets available for benefits as of December 31, 2021 and 2020;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021;
- Investment information included in the footnotes as of December 31, 2021 and 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There has been no change in the methodology used as of December 31, 2021 and 2020. During the year ended December 31, 2021, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodology used for assets measured at fair value:

Shares of registered investment companies – Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of investment as of December 31:

	Fair value measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies and total investments at fair value	\$ 1,365,302	\$ -	\$ -	\$ 1,365,302

Note 5 – Related Party and Party-in-Interest Transactions

Certain administrative functions were performed by officers and employees of the Company. No officer or employee received compensation from the Plan for these services. Certain administrative expenses, totaling approximately \$12,000, were paid by the Company on behalf of the Plan for the year ended December 31, 2021. The Company does not expect reimbursement from the Plan for these expenses.

Certain investments were managed by Vanguard. These transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan were included in net appreciation in fair value of investments, as they were paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 6 – Tax Status

The Employer adopted a nonstandardized prototype plan (the Prototype Plan) sponsored by Ascensus, LLC. The Internal Revenue Service has determined and informed the Prototype Plan sponsor by a favorable opinion letter dated January 1, 2018, that the Prototype Plan is designed in accordance with the applicable sections of the Code. The Prototype Plan's opinion letter is being relied on by the Plan. Although the Plan had been amended since receiving the advisory letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.
