Independent Auditors' Report

To the Plan Administrator
Lallemand USA 401(k) Savings Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Lallemand USA 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) for the year ended December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 20 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform and they did not perform, any auditing procedures with respect to the information certified by the qualified institution. Their report dated November 2, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LALLEMAND USA 401(k) SAVINGS PLAN

Notes to Financial Statements
December 31, 2021 and 2020

Note 1 - Description of Plan

The following description of the Lallemand USA 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document or the summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan covers eligible employees of American Yeast Sales (AYS) (who owns American Yeast Corporation (AYC), who in turn owns American Yeast Corporation of Tennessee (AYC Memphis)), Lake State Yeast LLC (Lake State), Siebel Institute of Technology Inc. (Siebel), Lallemand Specialties Inc. (Lallemand Specialties), and Dakota Yeast LLC (Dakota Yeast), (collectively, the "Company"). The Company is owned by Lallemand USA Inc. and is ultimately owned by Lallemand Inc. (Lallemand). The Plan is administered by Lallemand USA Inc. (Plan Sponsor) through the 401(k) Committee of the Company.

The Plan is a defined contribution retirement savings plan sponsored by the Company for the benefit of all eligible employees. Employees are eligible to join the Plan immediately after their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On January 1, 2020, the Mascoma 401(k) Savings Plan (Mascoma Plan) was merged into the Plan. The Mascoma Plan consisted of two Lallemand USA Inc. subsidiaries, Mascoma LLC and Minnesota Specialty Yeast. The Mascoma Plan assets were received into the Plan on January 16, 2020. Approximately \$2.84 million was moved from the Mascoma Plan into the Plan.

On January 1, 2021, Scott Laboratories USA's 401k Plan (Scott Labs Plan) was merged into the Plan. The Scott Labs Plan assets were received into the Plan on January 15, 2021. Approximately \$25 million was moved from the Scott Labs Plan into the Plan.

The 401(k) Committee of the Companies is responsible for oversight of the Plan. The 401(k) Committee of the Company also determines the appropriateness of the Plan's investment offerings and monitors investment performance. The 401(k) Committee has appointed Principal Trust Company (Principal) as trustee and as transfer agent and recordkeeper of the Plan.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions for the 2020 Plan year:

- Special Coronavirus distributions up to \$100,000

LALLEMAND USA 401(k) SAVINGS PLAN

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 1 - Description of Plan (continued)

General (continued)

- Increased the available loan amount as described in note 1 to the lesser of \$100,000 or 100% if the participant's vested account balance
- Extended the period for loan repayments, if applicable, up to one year
- Temporary relief on required minimum distributions

As of January 1, 2021, the Plan reverted back to the original provisions prior to the CARES Act.

Contributions

Participants may elect to contribute in amounts ranging from one percent (1%) to one hundred percent (100%) of their annual eligible compensation as pre-tax or Roth contributions, as defined in the Plan, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Additionally, participants age fifty (50) or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants may also elect to rollover amounts from other qualified plans provided certain conditions are met.

Eligible employees are automatically enrolled in the Plan at a three percent (3%) contribution rate unless the employee elects otherwise. Contribution rates are increased one percent (1%) annually up to a maximum six percent (6%) contribution rate.

For 2021 and 2020, the Company contributed matching contributions equal to one hundred percent (100%) of the first six percent (6%) of annual eligible compensation that the participant defers, including catch-up contributions. The Company may change the matching contribution rate at any time.

Participant investment account options

The Plan currently offers a variety of mutual funds held by Principal Trust Company (Principal).

Participant accounts

Participant's direct the investment of their account balance into a broad range of investment funds offered by the Plan. The Plan's recordkeeper maintains an account balance in the name of each participant to which each participant's pre-tax contributions, the Company's contribution, and share of net earnings, losses and expenses, if any, of the various investment funds, are recorded. Interest dividends, and realized and unrealized gains and losses on investment of the funds are allocated directly to each participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 1 - Description of Plan (continued)

Vesting

Participants' contributions, the Company matching contributions, and related earnings are fully vested immediately and are non-forfeitable.

Notes receivable from participants

Participants may borrow from their individual accounts up to the lesser of \$50,000 or 50% of their vested account balance. Interest rates on the loans are based on the rates available for similar loans from commercial lending institutions. Loan repayment periods can range from one to five years. The loans are secured by balance in the participant's account. Principal and interest is repaid ratably through payroll deductions.

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive an amount not to exceed the value of the participant's vested interest in his or her account in either a lump-sum amount or a direct rollover. For termination of service due to other reasons, a participant may receive the value of the interest in his or her account as a lump-sum distribution or a direct rollover. Withdrawals by a participant while still employed are limited to those requested due to events of financial hardship as defined in the Plan document or upon attainment of age 59½.

Note 2 - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions which affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See note 4 for discussion of fair value measurements.

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 2 - Summary of significant accounting policies (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of the Plan are paid by the Company and are not included in the statements in changes in net assets available for benefits. Certain investment related expenses are included in net appreciation of fair value of investments.

Note 3 - Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and the supplemental schedule is complete and accurate.

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedules.

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract: The investment is the Principal guaranteed investment contract is reported at fair value. Fair value is the relevant measure as the investment contract is not fully benefit-responsive. The Fund is credited with contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Principal. See note 5 for the discussion of the investment contract as it relates to the Plan.

Note 4 - Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

Total	\$ <u>41,975,705</u>	\$ <u>4,950,908</u>	\$ <u>-</u>	\$ <u>46,926,613</u>

Note 5 - Group Annuity Contract with Principal Life Insurance Company

The Plan was invested in the Principal Fixed Income Guaranteed Option, a group annuity contract issued by Principal, as of December 31, 2020. The methodology for calculating the interest crediting rate was defined in Article I, Section 2 of the contract under the terms "Composite Crediting Rate." The methodology for calculating the guaranteed minimum interest rate was defined in Article I, Section 2 of the contract under the term "Guaranteed Minimum Interest Rate."

The Principal Fixed Income Guaranteed Option was a single group annuity contract with a fixed rate of interest. It was not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the plan was the yield earnings (i.e. interest credited) on the group annuity contract.

The Composite Crediting Rate history for the contract ranged from 1.6% (as of May 31, 2021) to 1.8% (as of May 31, 2019). The interest rate history was prior to any plan-level recordkeeping expenses being deducted. Any difference between the above range of interest rates and the actual earned crediting rates for each plan participant would be due to the Rate Level Service Fee. The Rate Level Service Fee was a direct offset to the interest rates summarized above. Please see Article II of the Service Agreement for more information regarding the Rate Level Service Fee.

By definition, the Principal Fixed Income Guaranteed Option group annuity contract was an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time.

LALLEMAND USA 401(k) SAVINGS PLAN

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 6 - Related party transactions and party-in-interest transactions

Plan investments include interests in certain mutual funds managed by Principal, and therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than direct payment. The Plan made direct payments to the trustee totaling \$224,242 and \$118,827 for the years ended December 31, 2021 and 2020, respectively, which was not covered by revenue sharing. These transactions are party-in-interest transactions. The plan sponsor pays directly any other fees related to the Plan's operations.

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 - Tax status

The Internal Revenue Service (IRS) has determined that the Volume Submitter Profit Sharing Prototype Plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated August 8, 2014. The Plan has been restated effective January 1, 2023 and the IRS determined the Prototype Plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated June 30, 2020.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that is more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and uncertainties

Investment securities in which the Plans invest are subject to various risks, such as market, credit, and interest rate risks. Specifically, the COVID-19 pandemic and related effects has resulted in global economic uncertainty, labor and supply chain disruptions, inflation, and political unrest. As a result, there has been heightened market risk and the Plan's investment portfolios have incurred volatility in fair value. Because the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses or gains that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined. However, due to the level of risk associated with such securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

December 31, 2021 and 2020

Note 10 - Subsequent events

Plan management has evaluated subsequent events through December 16, 2022, which is the date the financial statements were available to be issued.

Effective July 1, 2022, the Plan was restated.
