Independent Auditor's Report

To the Plan Administrator of the
APG 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the APG 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report;

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

APG 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of APG 401(k) Plan (the “Plan”) is provided for general information only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan adopted by Allied Power Group Holdings, LP (the “Company”, “Plan Sponsor” or “Employer”), originally established January 1, 2001, covering eligible employees of the Company. The Plan permits salary deferrals by the Plan’s participants under Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Administration of the Plan

The Plan Sponsor is the Plan Administrator. As of December 31, 2020 and through November 25, 2021, Equitable Life Insurance Company (“Equitable”) served as the trustee and record keeper of the Plan’s assets. For the period from November 26, 2021 through December 31, 2021, the Plan’s record-keeper for the Plan’s assets and Plan trustees were Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (“Great-West”), through its affiliate Empower Retirement (“Empower”).

Eligibility

Effective November 26, 2021, employees are eligible to participate through their own contributions and employer contributions, if any, on the first day of the month following the attainment of age 21 and the completion of 1 month of service. Prior to November 26, 2021, employees were eligible to participate on the first day of the month following the attainment of age 21 and the completion of 60 days of service. Employees are eligible for an employer match upon the attainment age 21 and the completion of one year of service (a minimum of 1,000 hours of service).

Contributions

Participants may elect to make contributions to the Plan on either a pre-tax basis or after-tax basis (as a Roth contribution), in an amount up to 100% of their eligible compensation during the plan year, subject to certain limitations under the IRC. Each participant’s annual contribution shall not exceed the maximum allowed for deferral under the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Employer may make discretionary contributions in the form of an employer match or profit-sharing contributions. During the year ended December 31, 2021, the Employer made no profit-sharing contributions. A discretionary contribution made in the form of an employer match is based on the percentage determined by the Employer. The discretionary match was 100% of the first 2% of the participant’s eligible compensation each pay period contributed to the Plan for 2021. For the year ended December 31, 2021, discretionary employer matching contributions totaled \$205,531.

The Plan is participant-directed, and participants may change their contribution rates as of the beginning of each payroll period and investment options at any time.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Employer’s contributions, and allocation of plan earnings or losses. In addition, participant accounts may be charged with an allocation of certain administrative expenses. Allocations are based on the participant earnings or account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

APG 401(k) Plan

Notes to Financial Statements

Participants have the right to direct the investment of plan assets held under the Plan on their behalf into various investment securities offered by the Plan and can change the allocation of future contributions and current account balances at their discretion.

Vesting

Before August 1, 2018, participants were always fully vested with respect to their salary deferrals, the Company's safe harbor matching contributions, and related earnings. For all Company discretionary and profit-sharing contributions and related earnings, participants were vested 20% after two years of service and an additional 20% for each year thereafter and were fully vested at the completion of six years of service. After August 1, 2018, the Company's discretionary matching and profit-sharing contributions are vested 20% after one year of service and an additional 20% for each year thereafter and are fully vested at the completion of five years of service. A participant shall be immediately vested upon death, retirement, or termination of employment due to becoming disabled.

Notes Receivable from Participants

Participants are allowed to borrow from their participant directed accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance, less the balance of any existing notes. Note terms range from one to five years or up to twenty years for the purchase of a primary residence. Each note is collateralized by the balance in the participant's account and bears interest at a prevailing rate at the time the note is made, fixed for the term of the note. All interest paid to the Plan with respect to a note receivable is credited to the borrower's account balance. Scheduled principal and interest payments are made ratably through payroll deferrals. Participants are only allowed to have two outstanding loans. The Plan adopted certain provisions of the Coronavirus Aid Relief, and Economic Security Act ("CARES Act") which allow for deferral of loan repayments to 2021 and increased the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance.

Payment of Benefits

Upon termination of service for any reason due to death, disability, termination, or retirement, the Plan permits the participant or his or her beneficiary to receive vested benefits under the Plan in the form of a single lump sum cash payment or in installments of substantially equal payments. In the event the participant's vested account balance exceeds \$5,000, the participant may elect to leave the vested account balance in the Plan until April 1 of the calendar year following the year in which the participant attains age 70½, at which time the payment of their benefits under the Plan must commence. In-service distributions may be made from the participant's vested account balance upon attainment of age 59½ or for financial hardship in accordance with the plan agreement. The Plan adopted certain withdrawal provisions within the CARES Act which allow expanded hardship distributions up to \$100,000 related to COVID-19.

Forfeitures

Forfeitures occur when participants terminate employment before becoming 100% vested with respect to their employer contributions. Forfeitures shall be used to pay administrative expenses of the Plan and reduce future employer contributions. At December 31, 2021 and 2020, the total unallocated forfeitures were \$14,262 and \$6,108, respectively. During the year ended December 31, 2021, no forfeitures were used to pay administrative expenses of the Plan or reduce employer contributions.

APG 401(k) Plan

Notes to Financial Statements

Administrative Expenses

Most of the fees related to the administration of the Plan or associated with the investment of plan assets are paid by the Company and are excluded from these financial statements. If the Company does not pay plan-related expenses, such fees or expenses will generally be allocated to the accounts of participants either proportionately based on the value of their account balances or as an equal dollar amount based on the number of participants in the Plan. Participants may be assessed fees directly associated with the administration of their account. Investment related expenses are included in net appreciation of fair value of pooled separate accounts and common collective trusts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on an accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") as codified by the Financial Accounting Standards Board in its Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments are recorded at fair value, except for the fixed account which meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 regarding further discussion of the fixed account and Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of pooled separate accounts and common collective trusts includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits

Benefits are recorded as a reduction to net assets available for benefits when paid.

APG 401(k) Plan

Notes to Financial Statements

Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Plan's financial statements and participant account balances.

Subsequent Events

The Plan Administrator has evaluated all events and transactions through December 19, 2022, the date the financial statements were available to be issued.

3. Information Certified by the Investment Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

<i>December 31,</i>	2021	2020
Common collective trusts	\$ 7,985,318	\$ -
Mutual funds	8,556	-
Fixed account	14,262	-
Pooled separate accounts	-	6,682,714
Notes receivable from participants	507,734	366,313

<i>Year Ended December 31,</i>	2021
Net appreciation in fair value of common collective trusts	\$ 97,696
Net appreciation in fair value of pooled separate accounts	695,408
Interest and dividends	132
Interest income on notes receivable from participants	25,523

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fixed Account

The Plan's fixed account is a group annuity contract the Plan has entered into with Great-West Life and Annuity Insurance Company ("GWL&A"). The contract is a traditional investment contract. Under the contract, the participant principal and interest are fully guaranteed by the general account assets of GWL&A. The investment strategy employed seeks to achieve consistent returns to support a competitive credited rate. Bonds invested in the general account segment have an average maturity between three and seven years; are investment-grade in quality; and are diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages, private equity, etc.

APG 401(k) Plan

Notes to Financial Statements

As discussed at Note 2, the fixed account is presented at contract value. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The average yield of the fixed account based on actual earnings and interest credited to accounts totaled 1% for the year ended December 31, 2021. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. Each quarter an interest rate is established for all deposits, regardless of when funds were deposited. The contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with the fixed account is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include but are not limited to the Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under section 501(a) of the IRC; premature termination of the contract; plan terminations or merger; changes to the Plan's prohibition or competing investment options; and bankruptcy of the Plan Sponsor or other events of the Plan Sponsor, such as divestitures, that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer as that would limit the ability of the Plan to transact at contract value with the participants.

5. Fair Value Measurements and Disclosures

The Plan measures fair value in accordance with ASC 820, *Fair Value Measurement*, which defines fair value as the price that would be received in the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 requires disclosure of the extent to which fair value is used to measure financial and non-financial assets and liabilities, the inputs utilized in calculating valuation measurements, and the effect of the measurement of significant unobservable inputs on earnings, or changes in net assets, as of the measurement date.

ASC 820 establishes a three-level valuation hierarchy based upon the transparency of inputs utilized in the measurement and valuation of financial assets or liabilities as of the measurement date:

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2* - inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3* - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

APG 401(k) Plan

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Common Collective Trusts ("CCTs"): Valued at the net asset value ("NAV") of units of the collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and, therefore, does not need to be categorized within the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments. Participant-directed redemptions are allowed daily with no restrictions.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded. Accordingly, the Plan has classified these investments within level 1 of the ASC 820 hierarchy.

Pooled Separate Accounts: The Plan's investments in the pooled separate accounts are stated at fair value and represent the number of participation units owned by the Plan valued at the NAV of the separate account as of year-end. The net asset value is used as a practical expedient to determine fair value for these accounts and, therefore, do not need to be categorized within the fair value hierarchy. The calculated NAV is directly related to the net asset value of the underlying investment adjusted for dividends or distributions received by the trustee and the daily equivalent of any fees charged. Pooled separate accounts invest primarily in long-term bonds, domestic and international stocks, or single mutual funds with daily redemptions. The underlying investments held by each pooled separate account are traded on an active market. Due to the nature of these investments, there are no unfunded commitments or redemption restrictions.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

APG 401(k) Plan

Notes to Financial Statements

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2021:

	Investment Assets at Fair Value				Total
	Level 1	Level 2	Level 3		
Mutual Funds	\$ 8,556	\$ -	\$ -	\$	8,556

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts present in the Statements of Net Assets Available for Benefits.

There were no transfers in and/or out of the fair value categories during 2021.

As of December 31, 2020, all of the Plan's investments were measured at NAV.

6. Income Tax Status

Prior to November 26, 2021, the Plan had adopted a Volume Submitter Profit Sharing Plan with CODA ("Prototype Plan") sponsored by Equitable, which received a favorable advisory letter from the Internal Revenue Service ("IRS"), dated April 2, 2012, which stated that the form of the prototype plan was acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan had not applied for its own determination letter.

Effective November 26, 2021, the Plan adopted the Great-West Trust Company, LLC Defined Contribution Pre-Approved Plan which received a favorable advisory letter from the IRS, dated June 30, 2020, which stated that the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not applied for its own determination letter.

The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years 2018 and earlier.

7. Parties-In-Interest

The Plan invests in various investments managed by Equitable and Empower. Equitable and Empower are Trustees of the Plan, as defined by the plan agreement and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to Equitable and Empower for management services in total amounted to \$60,778 for the year ended December 31, 2021. Notes receivable from participants also qualify as party-in-interest transactions.

8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon any full or partial termination, all amounts credited to the affected participants become fully vested and not subject to forfeiture. Any unallocated assets of the Plan shall be allocated to participants' accounts and distributed in a manner as the Employer may determine.
