Independent Auditor's Report

RSM US LLP

Retirement Plan Committee and Participants
Vessco, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of Vessco, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Kennedy Industries, Inc. 401(k) Plan, the Frank A. Olsen Company Profit Sharing Plan, and the Duncan Company Employee 401(k) Retirement Plan merged into the Vessco, Inc. Retirement Plan effective March 1, 2021, July 1, 2021, and December 1, 2021, respectively. These Plans' assets were transferred to the Vessco, Inc. Retirement Plan during 2021. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions, for the year ended December 31, 2021, and Schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of Vessco, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Vessco, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Retirement Plan Committee is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Plan Mergers: During 2021, the Kennedy Industries, Inc. 401(k) Plan, the Frank A. Olsen Company Profit Sharing Plan, and the Duncan Company Employee 401(k) Retirement Plan were merged into the Plan, effective March 1, 2021, July 1, 2021, and December 1, 2021, respectively. As a result, those Plans' assets, which totaled \$18,952,369, were transferred to the Plan during 2021.

Participation: All employees are eligible to participate in the Plan immediately following attainment of age 19. Employees can enroll in the plan immediately upon employment. The employee will be enrolled in the Plan the first day of each month of the plan year.

Contributions: Participants are allowed to make voluntary pretax contributions and Roth contributions up to 100% of their eligible compensation, as defined in the Plan document, up to the maximum permitted by law. Participants may also make qualifying rollover contributions from benefit plans of previous employers. In addition to participants' contributions, the Employer may elect to make a discretionary matching contribution. For the year ended December 31, 2021, the Employer matched the participants contributions up to 4% of eligible wages. The Employer may also make a discretionary profit sharing contribution. To qualify for the discretionary profit sharing contribution, the participant must be employed on the last day of the plan year. The Employer did not make a discretionary profit sharing contribution for the year ended December 31, 2021.

Participant accounts: Each participant's account is credited with the participant's contributions, the Employer matching contributions, if any, and an allocation of (a) the Employer's discretionary profit sharing contribution, if any, and (b) investment results. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on earnings, account balances or specified transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately fully vested in their accounts.

Payment of benefits: Upon termination of service, or death, permanent disability, retirement, or attainment of age 59½, a participant, or their beneficiary, in the event of death, is entitled to a distribution of their vested account balance. Distributions may be made either in a lump sum or, in the case of required minimum distributions, on an installment basis. Upon termination of service, participants with vested account balances of less than \$1,000 will be cashed out, and balances between \$1,000 and \$5,000 will be distributed by either a lump-sum payment or into an individual retirement account (IRA). Hardship withdrawals are not allowed by the Plan. In all cases, certain income tax penalties may apply to withdrawals or distributions prior to age 59½. Distributions are subject to the applicable provisions of the Plan agreement.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and a participant may hold only one outstanding note at any given time. Note repayments are to be made each pay period through payroll deductions. The interest rate for all new notes is the prime rate as listed on the last business day of each month in *The Wall Street Journal* plus 1%. Notes for reasons other than the purchase of a primary residence are to be repaid within five years.

Investment options: Participants are allowed to invest in a variety of investment options, as more fully described in the Plan's literature. The funds vary in type of investments, rates of return, and investment risk. Participants may elect to have all or part of their balances and future contributions transferred from one investment option to another or in any combination. Participants may change their investment options daily.

Note 2. Significant Accounting and Plan Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Interest income is recorded on the accrual basis. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes, and accordingly have been included as an investment on the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Note 2. Significant Accounting and Plan Policies (Continued)

Benefits paid to participants: Benefit payments to participants are recorded when paid.

Administrative expenses: The Employer pays certain, but not all, administrative costs of the Plan. The expenses paid directly by the Employer are excluded from these financial statements. Administrative expenses paid by the Plan are recognized in the statement of changes in net assets available for benefits. Investment-related expenses are included as an offset to net appreciation in fair value of investments.

Risks and uncertainties: The Plan provides for investments in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.

Subsequent events: Effective January 1, 2022, January 31, 2022, February 25, 2022, May 31, 2022 and October 3, 2022, the Environmental Improvements, Inc. 401(k) Profit Sharing Plan, the Fluid Control Specialties, Inc. Profit Sharing Plan, the B.L. Anderson Co., Inc. Employees' 401(k) Profit Sharing Plan, the LAI, Ltd. 401(k) Plan and the Hawaii Engineering Services, LLC 401(k) Plan merged into the Plan.

Plan management, in preparing the financial statements and notes thereto, has evaluated subsequent events through December 15, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Ascensus Trust Company

The following is a summary of the Plan's investment information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), obtained by management and agreed to or derived from information certified by Ascensus Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2021	2020
Investments, at fair value:		
Registered investment companies	\$ 56,494,729	\$ 32,486,063
Collective trust fund	3,785,844	2,271,455
Interest-bearing cash	44	7,807
Notes receivable from participants	242,842	166,341
	<u>\$ 60,523,459</u>	<u>\$ 34,931,666</u>

The trustee also certified to the completeness and accuracy of \$6,256,768 of net appreciation in fair value of investments, \$712,150 of interest and dividend income related to the aforementioned investments, and \$12,984 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy, that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Shares of registered investment companies (mutual funds) are valued at the quoted market price of shares held by the Plan at year-end.

Collective trust fund: The collective trust fund is valued at the net asset value (NAV) as reported by the trustee at year-end based upon the fund's audited financial statements. The fund's underlying assets consist of investment contracts. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value.

The methods described above may produce fair values that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 56,494,729	\$ -	\$ -	\$ 56,494,729
Investments, at net asset value:				
Collective trust fund (a)				3,785,844
Total investments at fair value				\$ 60,280,573

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 32,486,063	\$ -	\$ -	\$ 32,486,063
Investments, at net asset value:				
Collective trust fund (a)				2,271,455
Total investments at fair value				\$ 34,757,518

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined by NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table summarizes investments measured at fair value based on NAV per share as the practical expedient at December 31, 2021 and 2020:

Investments Category	Fair Value as of		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2021	2020			
Collective trust fund	\$ 3,785,844	\$ 2,271,455	N/A	Daily	60 Days

The redemption notice period disclosed in the table above reflects the notice period required if the Plan withdraws from the investment. There is no redemption notice period required for individual participants who choose to withdraw from the investment.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Vessco Inc, Retirement Plan

Notes to Financial Statements

Note 6. Tax Status

The Plan adopted a nonstandardized form of a prototype plan sponsored by Ascensus LLC. Ascensus LLC has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party and Party-in-Interest Transactions

The Plan's assets are held by Ascensus Trust Company, the trustee of the Plan. The trustee manages and invests contributions received and makes distributions to participants and beneficiaries. Therefore, these transactions qualify as party-in-interest transactions.

Note 8. Nonexempt Transactions

For the year ended December 31, 2021, the Employer inadvertently failed to deposit \$39,392 of participant deferrals within the required time frame as stated by the United States DOL regulations. The Employer reimbursed the Plan for lost earnings in the amount of approximately \$20 on September 1, 2021.
