REPORT OF INDEPENDENT AUDITORS

To the Investment Committee and Plan Administrator of the
Six Flags 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Six Flags 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HLB WE ARE AN INDEPENDENT MEMBER OF THE GLOBAL ADVISORY AND ACCOUNTING NETWORK

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SIX FLAGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

A. Description of the Plan

General

The following description of the Six Flags 401(k) Plan (the "Plan") is provided for general information purposes only. Six Flags Entertainment Corporation (the "Company") sponsors the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Company's corporate offices are located in Grand Prairie, Texas.

The Plan was effective July 1, 1988, and most recently restated effective October 20, 2014, and is a defined contribution plan covering substantially all employees of the Company and certain subsidiaries who have reached the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, disability, or in the event of death.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act." (the "CARES Act") which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, during 2020, the Company determined it was in the best interest of participants to allow a) a COVID-19 distribution up to $100,000, b) an increase in the available participant loan amount up to $100,000, not to exceed 100% of the participant's account balance, and c) deferral of 2020 loan repayments for a year.

Contributions

Participants may contribute up to 50% of pre-tax annual compensation, as defined by the Plan. Participants may designate all or a portion of their elective deferrals as after-tax Roth contributions. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") or as defined in the Plan document. Eligible participants may make rollover contributions to the Plan.

Participants who are eligible to make salary-deferral contributions under the Plan and who have attained age 50 before the close of the Plan year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Company makes safe harbor matching contributions to the Plan equal to the sum of 100% of eligible participants' elective deferrals that do not exceed 3% of eligible compensation during the year, plus 50% of eligible participants' elective deferrals that exceed 3% of eligible compensation during the year, up to a maximum of 5%. Participants are eligible for safe harbor matching contributions upon working one year of service with at least 1,000 hours and are immediately vested in all safe harbor matching contributions.

A. Description of the Plan – continued

General

The Company also has the option of making discretionary contributions, but none were made during 2021 and 2020.

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's contributions, earnings from the participant's selected investments, and an allocation of the Company's contributions. Allocations are based on the provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Administrative expenses, if applicable to the participant, are charged to the individual account.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions plus actual earnings thereon.

Certain participants who were part of acquired companies and/or met certain service and age requirements, as well as certain historical profit-sharing contributions, as defined in the Plan's adoption agreement, follow various other vesting schedules related to matching contribution accounts. Vesting in the remainder of their Company contribution accounts is based on years of service, which is presented in the following table:

Years of Service	Vested Percentage
Less than 1 year	0%
2 years	20%
3 years	50%
4 years	100%

Notes Receivable from Participants

Participants are allowed to borrow from their individual accounts an amount limited to the lesser of $50,000 or 50% of the participant's vested account balance, and the minimum loan amount is $1,000. Note terms range from one to five years, except if the note is for the purchase of a primary residence, for which the note term is up to thirty years. Prior to December 2, 2013, notes bore an interest rate of prime plus 1% and were credited to the participant's account from which they were borrowed. Notes bear a reasonable rate of interest as determined by the Plan Administrator. At December 31, 2021 and 2020, interest rates ranged from 4.25% to 8.50% and 4.25% to 9.75%, respectively.

A. Description of the Plan – continued

Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions in 1% increments in any of the Plan's investment options. Each participant directs the investment of his or her individual account. Participants may choose from a number of mutual funds and a common collective trust. Participants should refer to the Plan document for a more complete description of the investment options available. Each participant has the right to convert all or any portion of his or her account from one investment fund to any other investment fund at any time.

Payment of Benefits

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balances. Benefits are distributed in the form of rollovers or lump-sum payments. If withdrawing participants are not entitled to their entire account balances, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of his or her vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary-reduction contributions if the distribution is: (1) on account of medical expenses incurred by the participant, his or her spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) to pay expenses for the repair or damage to the participant's principal residence; (6) for funeral expenses for a member of the participant's family; or, (7) for any other immediate and heavy financial need of the participant as approved by the Plan Administrator.

Effective January 1, 2019, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal. Expansion of the reasons for heavy financial need were also expanded to include certain disaster events and casualty losses not associated with disasters.

Forfeited Accounts

Forfeitures of terminated participants' non-vested accounts are used to offset expenses of the Plan. There were no forfeitures used to offset Plan expenses for the years ended December 31, 2021 and 2020. Unutilized forfeitures at December 31, 2021 and 2020, were approximately $44,000 and $36,000, respectively.

Administrative Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Plan pays for all investment and record-keeping fees. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end. Purchases and sales of investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance, plus accrued interest.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan Administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — Inputs to the valuation methodology are quoted market prices (unadjusted) for identical assets or liabilities in active markets.

- Level 2 — Observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — Inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. These methodologies were used to measure each major category of investments. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Mutual funds are measured using the estimated net asset values ("NAV") of the shares held by the Plan at year-end and are classified within Level 1 of the valuation hierarchy.

- The Fidelity Managed Income Portfolio, a common collective trust, is measured using the fair value reported by the Plan's third-party trustee and is classified within Level 2 of the valuation hierarchy. Additionally, the common collective trust is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of units of the common collective trust, which was a $1.00 per unit readily determinable fair value as of December 31, 2021 and 2020.

C. Fair Value Measurements – continued

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2021 and 2020. The Plan has no investments classified within Level 3 of the valuation hierarchy.

	2021		
	Level 1	**Level 2**	**Total**
Mutual funds	$ 189,721,378	$ -	$ 189,721,378
Common collective trust	-	16,296,101	16,296,101
Total investments at fair value	$ 189,721,378	$ 16,296,101	$ 206,017,479

	2020		
	Level 1	**Level 2**	**Total**
Mutual funds	$ 171,187,430	$ -	$ 171,187,430
Common collective trust	-	17,869,318	17,869,318
Total investments at fair value	$ 171,187,430	$ 17,869,318	$ 189,056,748

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2021 and 2020, there were no significant transfers between levels.

D. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, (the trustee of the Plan).

E. Tax Status

Effective October 20, 2014, the Plan was most recently amended and restated by the adoption of the Fidelity Profit Sharing 401(k) volume submitter plan document, which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014.

E. Tax Status – continued

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, all participants shall become 100% vested in all amounts credited to their account. Plan assets would be distributed to the participants at the discretion of the Company or continue to be held in a trust fund to be distributed to each participant upon retirement, death, permanent disability, or termination of employment.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

H. Parties-in-Interest Transactions – continued

Plan participants have the option of selecting investments offered by affiliates of the Trustee. These transactions qualify as party-in-interest transactions. Transactions in such investments are exempt from the prohibited transaction rules. Loans to participants also qualify as party-in-interest transactions, and are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

I. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through December 20, 2022, the date the financial statements were available for issuance.

The Plan was amended and restated effective May 31, 2022 to adopt the FMR LLC Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA which has a favorable opinion letter from the IRS dated June 30, 2020. There were no significant changes in the Plan's provisions.

REPORT OF INDEPENDENT AUDITORS

To the Investment Committee and Plan Administrator of the
Six Flags 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Six Flags 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HLB WE ARE AN INDEPENDENT MEMBER OF THE GLOBAL ADVISORY AND ACCOUNTING NETWORK

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SIX FLAGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

A. Description of the Plan

General

The following description of the Six Flags 401(k) Plan (the "Plan") is provided for general information purposes only. Six Flags Entertainment Corporation (the "Company") sponsors the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Company's corporate offices are located in Grand Prairie, Texas.

The Plan was effective July 1, 1988, and most recently restated effective October 20, 2014, and is a defined contribution plan covering substantially all employees of the Company and certain subsidiaries who have reached the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, disability, or in the event of death.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act." (the "CARES Act") which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, during 2020, the Company determined it was in the best interest of participants to allow a) a COVID-19 distribution up to $100,000, b) an increase in the available participant loan amount up to $100,000, not to exceed 100% of the participant's account balance, and c) deferral of 2020 loan repayments for a year.

Contributions

Participants may contribute up to 50% of pre-tax annual compensation, as defined by the Plan. Participants may designate all or a portion of their elective deferrals as after-tax Roth contributions. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") or as defined in the Plan document. Eligible participants may make rollover contributions to the Plan.

Participants who are eligible to make salary-deferral contributions under the Plan and who have attained age 50 before the close of the Plan year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Company makes safe harbor matching contributions to the Plan equal to the sum of 100% of eligible participants' elective deferrals that do not exceed 3% of eligible compensation during the year, plus 50% of eligible participants' elective deferrals that exceed 3% of eligible compensation during the year, up to a maximum of 5%. Participants are eligible for safe harbor matching contributions upon working one year of service with at least 1,000 hours and are immediately vested in all safe harbor matching contributions.

A. Description of the Plan – continued

General

The Company also has the option of making discretionary contributions, but none were made during 2021 and 2020.

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's contributions, earnings from the participant's selected investments, and an allocation of the Company's contributions. Allocations are based on the provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Administrative expenses, if applicable to the participant, are charged to the individual account.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions plus actual earnings thereon.

Certain participants who were part of acquired companies and/or met certain service and age requirements, as well as certain historical profit-sharing contributions, as defined in the Plan's adoption agreement, follow various other vesting schedules related to matching contribution accounts. Vesting in the remainder of their Company contribution accounts is based on years of service, which is presented in the following table:

Years of Service	Vested Percentage
Less than 1 year	0%
2 years	20%
3 years	50%
4 years	100%

Notes Receivable from Participants

Participants are allowed to borrow from their individual accounts an amount limited to the lesser of $50,000 or 50% of the participant's vested account balance, and the minimum loan amount is $1,000. Note terms range from one to five years, except if the note is for the purchase of a primary residence, for which the note term is up to thirty years. Prior to December 2, 2013, notes bore an interest rate of prime plus 1% and were credited to the participant's account from which they were borrowed. Notes bear a reasonable rate of interest as determined by the Plan Administrator. At December 31, 2021 and 2020, interest rates ranged from 4.25% to 8.50% and 4.25% to 9.75%, respectively.

A. Description of the Plan – continued

Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions in 1% increments in any of the Plan's investment options. Each participant directs the investment of his or her individual account. Participants may choose from a number of mutual funds and a common collective trust. Participants should refer to the Plan document for a more complete description of the investment options available. Each participant has the right to convert all or any portion of his or her account from one investment fund to any other investment fund at any time.

Payment of Benefits

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balances. Benefits are distributed in the form of rollovers or lump-sum payments. If withdrawing participants are not entitled to their entire account balances, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of his or her vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary-reduction contributions if the distribution is: (1) on account of medical expenses incurred by the participant, his or her spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) to pay expenses for the repair or damage to the participant's principal residence; (6) for funeral expenses for a member of the participant's family; or, (7) for any other immediate and heavy financial need of the participant as approved by the Plan Administrator.

Effective January 1, 2019, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal. Expansion of the reasons for heavy financial need were also expanded to include certain disaster events and casualty losses not associated with disasters.

Forfeited Accounts

Forfeitures of terminated participants' non-vested accounts are used to offset expenses of the Plan. There were no forfeitures used to offset Plan expenses for the years ended December 31, 2021 and 2020. Unutilized forfeitures at December 31, 2021 and 2020, were approximately $44,000 and $36,000, respectively.

Administrative Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Plan pays for all investment and record-keeping fees. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end. Purchases and sales of investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance, plus accrued interest.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan Administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — Inputs to the valuation methodology are quoted market prices (unadjusted) for identical assets or liabilities in active markets.

- Level 2 — Observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — Inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. These methodologies were used to measure each major category of investments. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Mutual funds are measured using the estimated net asset values ("NAV") of the shares held by the Plan at year-end and are classified within Level 1 of the valuation hierarchy.

- The Fidelity Managed Income Portfolio, a common collective trust, is measured using the fair value reported by the Plan's third-party trustee and is classified within Level 2 of the valuation hierarchy. Additionally, the common collective trust is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of units of the common collective trust, which was a $1.00 per unit readily determinable fair value as of December 31, 2021 and 2020.

C. Fair Value Measurements – continued

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2021 and 2020. The Plan has no investments classified within Level 3 of the valuation hierarchy.

	2021		
	Level 1	**Level 2**	**Total**
Mutual funds	$ 189,721,378	$ -	$ 189,721,378
Common collective trust	-	16,296,101	16,296,101
Total investments at fair value	$ 189,721,378	$ 16,296,101	$ 206,017,479

	2020		
	Level 1	**Level 2**	**Total**
Mutual funds	$ 171,187,430	$ -	$ 171,187,430
Common collective trust	-	17,869,318	17,869,318
Total investments at fair value	$ 171,187,430	$ 17,869,318	$ 189,056,748

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2021 and 2020, there were no significant transfers between levels.

D. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, (the trustee of the Plan).

E. Tax Status

Effective October 20, 2014, the Plan was most recently amended and restated by the adoption of the Fidelity Profit Sharing 401(k) volume submitter plan document, which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014.

E. Tax Status – continued

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, all participants shall become 100% vested in all amounts credited to their account. Plan assets would be distributed to the participants at the discretion of the Company or continue to be held in a trust fund to be distributed to each participant upon retirement, death, permanent disability, or termination of employment.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

H. Parties-in-Interest Transactions – continued

Plan participants have the option of selecting investments offered by affiliates of the Trustee. These transactions qualify as party-in-interest transactions. Transactions in such investments are exempt from the prohibited transaction rules. Loans to participants also qualify as party-in-interest transactions, and are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

I. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through December 20, 2022, the date the financial statements were available for issuance.

The Plan was amended and restated effective May 31, 2022 to adopt the FMR LLC Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA which has a favorable opinion letter from the IRS dated June 30, 2020. There were no significant changes in the Plan's provisions.
