Independent Auditor's Report

The Plan Administrator
Maimonides Medical Center Tax Deferred Retirement Plan
Brooklyn, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Maimonides Medical Center Tax Deferred Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and Metropolitan Life Insurance Company and Prudential Insurance Company of America did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Maimonides Medical Center Tax Deferred Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Maimonides Medical Center Tax Deferred Retirement Plan (the Plan) provides general information about the Plan's provisions. Participants should refer to the Plan document for a complete description of the Plan's provisions; in the event there is a conflict between this document and the Plan document, the Plan document shall control.

General

The Plan was adopted effective January 1, 1985 by Maimonides Medical Center (the Hospital, or Employer) and most recently amended effective April 30, 2021. The Plan is a defined contribution Plan covering all employees of the Hospital. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Hospital sponsors a defined benefit plan The Maimonides Medical Center Pension Plan (the DB Plan) which was frozen effective December 31, 2020 (the Freeze Date). No new participants will be added to the DB Plan on and after the Freeze Date. Employees who were previously eligible to participate in the DB Plan will now be eligible to participate in the Plan.

As a result of the freeze, the Plan has been redesigned as of January 1, 2021 to allow Short Service Employees and Frozen Participants to become eligible and fully vested for employer contributions, upon meeting additional eligibility criteria under the Plan. Further, the Plan has been redesigned to implement an employer matching contribution, amend the current Hospital contribution to 5.5%, and include a vesting period.

Trustee (Custodian) and Administration of the Plan

Maimonides Medical Center Pension Committee (the Committee) is responsible for the general administration of the Plan. Prudential Insurance Company of America (Prudential), TIAA - CREF (TIAA), and Metropolitan Life Insurance Company (MetLife) are the custodians and recordkeepers for the Plan.

Eligibility

All employees of the Hospital are eligible to participate in the Plan on the first day employed with the Hospital. An employee becomes eligible to receive employer contributions on the first day employed as an eligible employee, based on the designated job classifications specified within the Plan document.

For employer nonelective contributions, an employee hired prior to January 1, 2021 becomes eligible immediately. For those employees hired on or after January 1, 2021, they become eligible with the first full pay period beginning after the later of the date of which six months of active employment are completed and the date in which they become an eligible employee.

Effective April 30, 2021, the Plan adopted an automatic enrollment feature which will enroll all eligible employees into the Plan as soon as administratively practicable after the employees date of hire.

Notes to Financial Statements

Contributions

The Plan provides for elective contributions, including Roth contributions, made pursuant to salary reduction agreements. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. All contributions are subject to the annual limitations imposed by the Internal Revenue Code (the Code). The Plan also provides for employees in certain designated job classifications to receive Hospital contributions of 5.5% of their annual compensation, not including bonuses and incentive payments. No participant contribution is required to be eligible for this employer contribution. Participants direct their contributions and Hospital contributions into various investment options offered by the Plan.

Effective January 1, 2021, an active participant who satisfies eligibility requirements will receive an employer nonelective contribution equal to a specified percentage of compensation earned by the participant. For an active participant who is an employment agreement holder, the specified percentage is 6.5%, and for any other active participants the specified percentage is 5.5%.

Vesting

Participants are immediately vested in their contributions and the Hospital's contributions plus actual earnings thereon.

A participant who is hired after January 1, 2021, including a participant who was hired before January 2021 but is rehired on or after January 1, 2021 following a forfeiture break of service, shall have their vested interest in their employer matching contribution account and employer nonelective contribution account determined in accordance with the following schedule with respect to employer contributions made on or after January 1, 2021:

Years of Vesting Service	Graded Vesting Schedule (%)
Less than 1	-
1	20
2	40
3	60
4	80
5 or more	100

Notes Receivable from Participants

Participants may borrow from their accounts, other than from Roth contributions, in increments of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (45% of their account balance held by TIAA), not less than \$1,000. Loan terms range from one to five years or up to 20 years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than two loans outstanding at any point in time. Loans bear an interest rate of 4.25% to 9.25%. If participants terminate employment with the Hospital, they may continue to make loan payments through a preauthorized check agreement. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the Code.

Maimonides Medical Center Tax Deferred Retirement Plan

Notes to Financial Statements

Contract Loans

Participants are also able to borrow directly from TIAA. Adequate security is required, and a portion of the participant's Plan account is reserved, or held in collateral, to guarantee 110% of the outstanding loan in case of default. At December 31, 2021 and 2020, the balances of such loans are \$4,504,049 and \$6,737,846, respectively. As such, \$4,954,454 and \$7,411,631 for the years ended December 31, 2021 and 2020, respectively of annuity account values (110% of outstanding loans from TIAA) serve as collateral for the related loans.

Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Plan may also be amended at any time. In the event of plan termination, each participant would become 100% vested and net assets would be distributed as prescribed by ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Forfeited Accounts

Due to the new vesting schedule in place for the nonelective employer contribution, forfeitures from participant accounts shall be used to pay plan expenses, unless the Plan Administrator determines to use some or all of forfeitures to reduce future employer contributions or reinstate previously forfeited account balances, or the employer determines to allocate some or all forfeitures to participant accounts on a pro-rata basis or any other basis the employer deems acceptable. There was no forfeiture balance as of December 31, 2021.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance, plus accrued but unpaid interest. No allowance for credit losses had been recorded as of December 31, 2021 or 2020. A loan will be in default if any scheduled repayment remains unpaid at the end of the calendar quarter following the calendar quarter in which the scheduled payment was due or there is an outstanding principal balance existing on a loan after the last scheduled repayment date. If a loan

Maimonides Medical Center Tax Deferred Retirement Plan

Notes to Financial Statements

is determined to be defaulted, the participant loan balance is reduced, and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts which are stated at contract value; see Note 5) are stated at fair value. See Note 4 for discussion and disclosures related to fair value measurements.

The Plan invests in guaranteed investment contracts (GICs). The plan sponsor determined that all GICs, except for TIAA Traditional Non-Benefit Responsive Annuity (non-benefit responsive GIC), are fully benefit-responsive. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions plus earnings, less participant withdrawals, and administrative expenses.

The Committee and management of the Hospital are responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Hospital, as provided by the Plan's provisions. Certain fees and other Plan expenses may be charged to participants' accounts as permitted under applicable law. Administrative expenses paid by the Plan include certain record-keeping, custodian fees and professional fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Hospital and are excluded from these financial statements.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Insurance Company of America (Prudential), TIAA - CREF (TIAA), and Metropolitan Life Insurance Company (MetLife), qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

Maimonides Medical Center Tax Deferred Retirement Plan

Notes to Financial Statements

- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for general type of assets measured at fair value by the Plan.

Mutual Funds - Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Non-Benefit Responsive Guaranteed Investment Contracts - The TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract, or Retirement Annuity, is a fixed rate annuity contract that is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Non-Benefit Responsive Annuity Contract is reported at fair value using a discounted cash flow method, which is

Maimonides Medical Center Tax Deferred Retirement Plan

Notes to Financial Statements

approximated by contract value. The TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract is not available for sale or transfer on any securities exchange. When the contract value accumulation of the TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract is converted to an annuity (plan withdrawal), participants may transfer their accumulation to a CREF account or to the Real estate Account over a ten-year period. Participants cannot withdraw or transfer their TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract accumulation in a lump sum. When a participant's accumulation in the TIAA Traditional Non-Benefit Responsive Guaranteed Annuity Contract is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded within benefits paid to participants and beneficiaries in the statements of changes in net assets available for benefits.

Pooled Separate Accounts - These assets are valued at their accumulation unit value (AUV) as a practical expedient to measuring fair value. The AUV is determined daily based on the NAV of shares of the underlying fund and the separate account charges (i.e., the daily asset charge). The Plan's investments in the pooled separate accounts may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments. The underlying funds of the pooled separate accounts are generally invested in registered investment companies whose investment strategies are to seek capital appreciation through investment in common and preferred stocks and debt securities.

The TIAA Real Estate Account (REA) - Generally invests in real estate properties and real estate-related investments. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally reported using values obtained from independent-pricing sources. The Plan's investment in the account is valued using a unit valued by TIAA and CREF based on the value of the underlying investments and other factors. The value of the REA is published on NASDAQ but is not publicly traded. The NAV is used as a practical expedient to estimate fair value. There are no unfunded commitments. Transfers out of the REA can be executed on any business day but are limited to once per every 90 days.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fully Benefit-Responsive Investment Contracts

The Plan invests in several fully benefit-responsive GICs. These contracts are reported at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Each issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 3%. The crediting rates are reviewed on a quarterly or annual basis for resetting, depending on the contract. The contracts cannot be terminated before the scheduled maturity dates.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code.
- Premature termination of the contracts.
- Plan termination or merger.
- Changes to the Plan's prohibition on competing investment options.
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

Maimonides Medical Center Tax Deferred Retirement Plan

Notes to Financial Statements

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines.
- A breach of material obligation under the contract.
- A material misrepresentation.
- A material amendment to the agreements without the consent of the issuer.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related-Party Transactions

Certain Plan investments are in funds and accounts that are managed by Prudential, TIAA, and MetLife. Participant loan and distribution processing fees are paid to Prudential, TIAA, and MetLife by participants. The Plan paid for third party administrator fees, investment advisory, and plan audit fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

8. Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code and, therefore, it is not eligible to receive a determination letter from the IRS. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

U.S. GAAP require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has

Notes to Financial Statements

recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Management evaluated subsequent events for the Plan through December 22, 2022, the date the financial statements were available to be issued.
