The Plan Participants and Trustees of
Confederated Tribes of Warm Springs Enterprise 401(k) Plan
1107 Wasco St.
Warm Springs, Oregon

We have audited the financial statements of The Confederated Tribes of Warm Springs Enterprise 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit") for the year ended December 31, 2021, and we will issue our report thereon dated December 13, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Charles Schwab Bank, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 28, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by The Confederated Tribes of Warm Springs Enterprise 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during plan year 2021. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We did not note any particularly sensitive estimates.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected as a result of audit procedures that were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 13, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA,

and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of The Confederated Tribes of Warm Springs Enterprise 401(k) Plan Administrator, Trustees and management of the Confederated Tribes of Warm Springs Reservation of Oregon and is not intended to be, and should not be, used by anyone other than these specified parties.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of The Confederated Tribes of Warm Springs Enterprise 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees of The Confederated Tribes of Warm Springs Reservation of Oregon (the Employer) who are deemed to be performing commercial functions for the Employer, as determined by the Employer on a reasonable and good faith basis. The Plan is operated by the Employer, on a voluntary and good faith basis, in accordance with the requirements of the Employee Retirement Income Security Act of 1974 (ERISA), pending publication of final guidance under Section 906 of the Pension Protection Act. Until January 1, 2019, the Plan was documented as part of The Retirement and 401(k) Plan for the Employees of The Confederated Tribes of Warm Springs Reservation of Oregon (the Master Plan), which also included The Confederated Tribes of Warm Springs Governmental 401(k) Plan. Effective January 1, 2019, the Master Plan was amended and restated into two separate plan documents. The Plan incorporated the prior plan provisions and amendments applicable to the Enterprise Plan. The restatement of the Plan into two separate Plan documents was undertaken by the Tribe on a voluntary basis, to further its reasonable and good faith operational compliance with Section 906 the Pension Act of 2006. As of the effective date, the assets and liabilities of the Plan were spun-off to a newly created Enterprise Plan Trust Fund. These financial statements do not include the assets and activity of the Governmental 401(k) Plan, which is exempt from the requirements of ERISA.

The Plan was amended as of January 1, 2021, to auto enroll all Indian Head Casino employees hired after that date that meet eligibility requirements. The automatic enrollment will begin to take place January 1, 2022.

The Plan requires employees to be classified by the Tribe as a Commercial employee, to complete a minimum of one year of service which consists of 1,000 hours and attain the age of eighteen (18) before participating in the Plan. The Plan has three features: an elective deferral feature, a non-elective contribution, and an employer match feature. The Tribal Council of The Confederated Tribes of the Warm Springs Reservation of Oregon has delegated the responsibility to oversee the administration of the Plan to the Employer's Pension Committee and has delegated responsibility to manage the Plan's investment offerings and investment performance to the Employer's Investment Committee.

At the end of 2020, the Tribal Council transferred the authority to manage and monitor Enterprise 401(k) Plan investments to the Pension Committee. Beginning in 2021, the Pension Committee holds the primary investment responsibility, with periodic reporting back to the Investment Committee.

Contributions

Each year, participants may elect to defer a percentage of their pretax annual compensation, as defined in the Plan. The maximum percentage allowable may not exceed the limits of the Internal Revenue Code Section's 401(k) and 415. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. During 2021, no employees were auto-enrolled in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Beginning January 1, 2023, the participant's deferral rate will increase by 1% of eligible compensation, not to exceed 5% of eligible compensation, on the first day of each calendar year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions and the Employer's contributions into various investment options offered by the Plan. The Employer makes enhanced safe harbor matching contributions equal to 100 percent of the elective deferrals of up to 5 percent of total compensation. The Employer may make Employer Discretionary Contributions to the Plan on behalf of participants and it shall be declared by the Council for each plan year. The Employer did not make a Discretionary Contribution for Plan Year 2021.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, the employer's matching contribution, allocations of the employer's non-election contribution, and allocations of Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions and the Tribe's matching and discretionary contributions to the Plan, plus actual earnings thereon.

Payments and Benefits

Withdrawals are permitted for participants upon reaching age 59 ½, monthly or annual installment options are available for active employees upon reaching age 70 ½, and for participants who experience financial hardships. On termination of service due to death, disability, retirement, or other termination, a participant may rollover the value of the participant's vested interest in their account to an individual retirement account or another qualified retirement plan or receive a lump sum distribution if the vested interest in the account does not exceed \$10,000.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with U.S. generally accepted accounting principles (US. GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standards setting body for establishing governmental accounting and financial reporting principles. The Plan utilizes the basis of accounting applicable financial reporting framework used by tribal entities which meet the definition of a government.

The Plan financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Enterprise Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

The Plan recognizes benefit payments in the period the benefits are paid.

Administrative Expenses

All administrative expenses of the Plan are currently paid out of the Plan's assets. The Plan Administrator may determine, in its discretion, to allocate Plan expenses to all current and former participants of the Plan, to a particular class of participants, or to charge the account of a particular affected participant. All expenses which are allocated among participants accounts shall be allocated as of the last day of the Plan Year during which such expenses were paid and shall be allocated either on a pro rata or per capita basis, as determined by the Plan Administrator in its discretion.

NOTE 3 – INVESTMENT INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

NOTE 4 –FAIR VALUE MEASUREMENTS

GASB provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021:

Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The mutual funds are classified within Level 1 of the valuation hierarchy.

Total Assets at Fair Value	<u>\$ 6,577,948</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,577,948</u>

NOTE 5 - INVESTMENTS

Investment securities are exposed to various risks that can affect the value of the Plan's investments such as custodial credit risk and concentration risk. The Plan invests in registered investment companies (mutual funds). Mutual fund holdings in equity securities respond to such factors as economic conditions, individual company earnings performance, and market liquidity, while holdings in debt securities are particularly sensitive to credit risk and change in interest rates.

Interest rate risk

Interest rate risk arises from the likelihood that interest rates will rise or fall during the holding period of a fixed-rate security and adversely affect the selling price of the security prior to maturity. The price of a debt security typically moves in the opposite direction of the change in interest rates. As of December 31, 2021, the Plan had the following investments subject to interest rate risk:

Fund	Weighted Average (Years)
Corporate Bond Funds	8.98

See accompanying independent auditors' report

**THE CONFEDERATED TRIBES OF
WARM SPRINGS ENTERPRISE 401(K) PLAN
Notes to Financial Statements

Credit risk

Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its payments on a security under the original term. As of December 31, 2021, the Plan had the following credit quality mix in its fixed income securities:

Rating	Investment Type	Amount
AAA	Corporate Bond Funds	1,200,749
AA	Corporate Bond Funds	227,313
A	Corporate Bond Funds	412,007
BBB	Corporate Bond Funds	378,424
BB	Corporate Bond Funds	85,695
B/Below B	Corporate Bond Funds	131,959

NOTE 6 – TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code and accordingly, the trust's net investment income is exempt from income tax. On December 18, 2014, the Plan received a favorable tax determination letter from the Internal Revenue Service, covering the January 1, 2014 restatement of the Plan. Although the Plan has been amended and restated since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 7 – RELATED PARTY/PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and cash and cash equivalents managed by Schwab. Schwab is the plan custodian. Therefore, transactions with Schwab are considered to be party-in-interest transactions as well as other services providers to the Plan.

The Plan also has notes receivable from participants, which also qualify as party-in-interest transactions.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Confederated Tribe of the Warm Springs Reservation of Oregon has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the Plan sponsor's reasonable and good faith compliance with provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

NOTE 9 – SUBSEQUENT EVENTS

Effective January 1, 2022, the Plan was amended to implement auto-enrollment for eligible employees not currently participating in the Plan and auto-increase of deferrals for participating employees.
