Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Abel HR Multi 401(k) and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Abel HR Multi 401(k) and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4i - Schedule of Assets (Held At End of Year) and Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Abel HR Multi 401(k) and Savings Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. In our audit report, dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ABEL HR MULTI 401(k) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan:

The following description of Abel HR Multi 401(k) and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution multiple employer plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees of Abel HR, Inc. (the “Company” and “Plan Administrator”) and all employer organizations are eligible to participate in their respective plan based on the particular company’s requirements listed in that company’s respective plan agreement. Employees may be eligible to participate immediately or up to the first day of the month following completion of one year of service in which at least 1,000 hours of work was completed and the attainment of up to 21 years of age. Employees must not be represented for collective bargaining purposes by any bargaining unit.

Plan Administration - Certain Plan investments are units of pooled separate accounts managed by Lincoln National Life Insurance Company, (“Custodian”), who is responsible for the recordkeeping and holding of certain Plan investment assets and executing investment transactions.

Contributions - Eligible participants may elect to contribute from 1% to 75% of their compensation to the Plan, subject to the Internal Revenue Code (IRC) limitations for 401(k) plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participating employer organizations have elected to make either a safe harbor matching contribution to the Plan, a discretionary contribution, or a match of the employee’s salary deferral.

Vesting - Participants are vested immediately in their respective contributions plus actual earnings thereon. Vesting in their portion of the Company’s contribution (plus earnings thereon) is based on years of continuous service except for safe harbor elections made by certain employer organizations in which all employer matching contributions are 100% vested. A participant is generally 100% vested after 5 years of credited service (depending on the participating employer organization), which is as follows:

<u>Years of Services</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, an allocation of the Company’s contribution and Plan earnings, and is charged with the participant’s withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested amount.

ABEL HR MULTI 401(k) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant (or their beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum, or in annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If death occurs prior to retirement, the participant's account is paid to the designated beneficiary.

During 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act Coronavirus Related Distribution ("CRD") allows the Plan's qualified participants, as defined, to take a COVID-19 related distribution up to a maximum of \$100,000, or the participant's vested and non-forfeitable account balance, from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The qualified participant, at any time during the 3-year period after the receipt of the CRD, may make one or more contributions to the Plan as repayment of the distribution.

The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the Setting Every Community Up for Retirement Enhancement (SECURE) Act enacted in December 2019.

Self-Directed Brokerage Account - Effective June 1, 2009 the Plan was amended to allow consenting participants, of electing employer organizations, to direct the investment of their individual account.

Forfeitures - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are used to reduce the Company's discretionary contributions to the Plan or administrative expenses for the year. Forfeitures to the Plan were \$138,928 and there were no forfeitures used to reduce Plan expenses or reduce the Company's discretionary contribution to the Plan in 2021. Further, there were \$8 in forfeitures transferred in from an employer organization entering the Plan in 2021. There were \$145,178 and \$6,281 of unapplied forfeitures at December 31, 2021 and 2020, respectively.

Employer Organization Transfers To or Out of the Plan - When employer organizations join or leave the Plan their respective participant accounts are reported as transfers into or out of the Plan on the Statement of Changes in Net Assets Available for Benefits.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Group annuity contracts held by defined benefit contribution plans are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the record keeping, administration of notes receivable from participants, withdrawals and investment advisory services are charged directly to the participant's account and are included in expenses. Investment related expenses are included in net appreciation of fair value of investments.

ABEL HR MULTI 401(k) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions in net assets available for benefits during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Participant contributions are made on a pre-tax or after tax Roth basis, through voluntary payroll deductions as elected by each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document.

Benefit Payments - Benefits are recorded when paid.

Hardship Withdrawals - The Plan provides for hardship withdrawals from participants' vested balances, not to exceed an amount required to meet an immediate need created by hardship, and then only to the extent that such immediate need cannot be satisfied by other sources reasonably available to the participant. Permissible circumstances for hardship withdrawals include medical expenses, purchase of a home, tuition payments, amounts necessary to prevent eviction from the participants' personal residence, payment for burial or funeral expenses, and such other circumstances as the Plan Administrator may determine in accordance with Internal Revenue Service ("IRS") rules and regulations.

Excess Contributions Payable - For the years ended December 31, 2021 and 2020, the Plan did not meet the requirements for the non-discrimination test and various participants have contributed in excess of established IRC limitations. As a result, excess contributions of \$36,845 and \$1,927 is recorded as a liability in the accompanying statements of net assets available for benefits as a reduction of participant-directed contributions for the years ending 2021 and 2020, respectively. The excess contributions are to be reimbursed after each year-end.

Subsequent Events - The Plan Administrator has evaluated subsequent events through December 19, 2022, the date the financial statements were available to be issued. The effect of those events and transactions that provide additional pertinent information about conditions that existed at the Statements of Net Assets Available for Benefits date have been recognized in the accompanying financial statements.

ABEL HR MULTI 401(k) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 - Certified Investment Information:

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Custodian, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- a) Investments, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020, excluding self-directed investments of \$2,884,307 and \$2,954,264 at December 31, 2021 and 2020, respectively.
- b) Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021, excluding approximately \$185,000 of net investment gains from self-directed accounts.
- c) Investment information included in the Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule of assets (held at end of year).

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

Note 4 - Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "Fair Value Measurements", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The carrying amounts of contributions receivable and notes receivable from participants included in the accompanying Statements of Net Assets Available for Benefits approximated fair value at December 31, 2021 and 2020 and are not presented in the following tables. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ABEL HR MULTI 401(k) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Pooled separate accounts:* Valued at their "accumulation unit value" (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV.
- *Self-directed brokerage accounts:* Valued at the closing price reported on the active market in which the various investments are traded.
- *Money market fund:* Valued at transaction price. Carrying value approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

<i>Investments at Fair Value as of December 31, 2021</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Money market fund	\$ 1,000	\$ -	\$ -	\$ 1,000
Self directed brokerage accounts	2,884,307	-	-	2,884,307
Total investments in fair value hierarchy	<u>\$ 2,885,307</u>	<u>\$ -</u>	<u>\$ -</u>	2,885,307
Pooled separate accounts (a)				44,966,105
Total investments at fair value				<u>\$ 47,851,412</u>

<i>Investments at Fair Value as of December 31, 2020</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Money market fund	\$ 1,000	\$ -	\$ -	\$ 1,000
Self directed brokerage accounts	2,954,264	-	-	2,954,264
Total investments in fair value hierarchy	<u>\$ 2,955,264</u>	<u>\$ -</u>	<u>\$ -</u>	2,955,264
Pooled separate accounts (a)				38,041,407
Total investments at fair value				<u>\$ 40,996,671</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at either net asset value per share (or its equivalent such as accumulated unit value) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

ABEL HR MULTI 401(k) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Transfers in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of levels 1, 2, or 3.

Note 5 - Pooled Separate Accounts with Insurance Company:

The Plan has entered into pooled investment contracts with the Custodian at December 31, 2021 and 2020. The Custodian maintains the contributions in a pooled account. The pooled account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses assessed by the Custodian.

Note 6 - Group Annuity Contract with Insurance Company:

The Plan investments in a fully benefit-responsive group annuity contract with the Custodian during 2021 and 2020. in Group Annuity Contracts. This account seeks to avoid investment risk by obtaining a fixed interest rate guaranteed by the insurance companies.

The insurance company declares and guarantees an interest rate for each new contribution or premium. Upon renewal, they will declare a new interest rate for that contribution or premium (and its accumulated earnings). The Group Annuity Contract is guaranteed by the insurance companies and is backed by the full faith and credit of their general accounts.

As described in Note 2, because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by the Custodian, represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Under the fixed annuity option, the insurance companies guarantee a specified periodic payment to annuitants. There are no reserves against fair value for credit risk of the contract issuer or otherwise. There is no specific formula used to determine the crediting interest rate and the rate is not tied to the performance of the set of underlying assets. The Group Annuity Contracts promises contract value for a benefit event (termination, death, disability and retirement); however, there is a possible market adjustment when funds are withdrawn prior to their maturity. The Group Annuity Contracts interest rate closely tracks current rates and are declared before each quarter. The average yield and crediting interest rates for 2021 and 2020 were 1.96% and 2.40%, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the Trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options

ABEL HR MULTI 401(k) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

In addition, certain events that allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' contributions remain fully vested and Company contributions become fully vested. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

Note 8 - Notes Receivable from Participants:

Participants may obtain loans from the Plan at a minimum of \$1,000 up to a maximum of 50% of their vested account balance or \$50,000, whichever is less. Loans are collateralized by the participant's account balance and bear interest at the rate of 4.25% - 6.50%. Loans are generally payable through payroll deductions within 5 years, and only one loan per participant may be outstanding in a twelve-month period.

Note 9 - Tax Status:

The IRS has determined and informed the Company by a letter dated December 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statement.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

ABEL HR MULTI 401(k) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 10 - Risks and Uncertainties and Concentration of Risk:

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

The Plan may have investments in funds with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The full impact of the COVID-19 outbreak continues to evolve as of the date the financial statements were available to be issued. This pandemic has adversely affected global economic activity and greatly contributed to deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity, cannot be determined at this time.

The Plan's investment in two funds comprise approximately 30% and 26% of total investments for 2021 and 2020, respectively. In addition, there was one investment that compromised approximately 14% of the self-directed brokerage account in 2021 and two investments that comprised approximately 42% of the self-directed brokerage account in 2020.

Note 11 - Party-in-Interest:

Certain Plan investments are managed by the Custodian of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. The Retirement Plan Company, LLC and National Professional Planning Group, Inc serve as the Plan's record keeper and Merrill Lynch, Pierce, Fenner and Smith provides investment consulting services. Total administrative expenses paid to the Custodian, record keeper and investment advisor totaled \$109,764 in 2021.

Note 12 - Prohibited Transactions:

During 2021, the Company's remittances of certain employee contributions to the Plan's Trustee totaling \$396,971 were not remitted within the period prescribed by Department of Labor regulations, of which \$153,604 was remitted to the Plan during the year. The remaining \$243,367 of delinquent participant contributions was funded to the Plan in 2022 and is included within the employee contribution receivable on the Statements of Net Assets Available for Benefits. The Company made additional contributions of \$815 to compensate those participants for potential lost income due to the delays.

In connection with the delinquent participant contributions, the Company also made \$121,670 of employer contributions to the Plan for the Plan year ending December 31, 2021, of which \$54,780 was remitted to the Plan during the year. The remaining \$66,890 of employer contributions was funded to the Plan in 2022 and is included in the employer contribution receivable on the Statements of Net Assets Available for Benefits. The Company made additional employer contributions of \$264 to compensate those participants for potential lost income due to the delays.
