Independent Auditor's Report

**To the Plan Administrator
Navis, LLC. 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of Navis LLC. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the seven-month period ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the seven-month period ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Navis, LLC. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established on May 26, 2021, is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The sponsor of the Plan is Navis, LLC. (the Company/Plan Sponsor). In September 2022, the Company merged with Kaleris, and amended the Plan document to allow Kaleris employees to participate in the Plan effective January 1, 2023.

Eligibility and Participation

Employees are eligible to participate in the plan on the first day of the calendar month, coincident with or next following the date after completion of 30 days of service, measured from the participant's date of hire. Certain employees, including union employees, leased employees, employees who are bona fide residents of Puerto Rico or performing services in Puerto Rico, interns, apprentices, employees who participate in public or private retirement programs outside of the United States, and employees who are eligible for benefits under another retirement plan sponsored by the Company are not eligible for participation in the Plan.

Contributions

Eligible participants may elect to make pre-tax or Roth contributions. Participants may make salary deferral contributions of eligible annual compensation as defined in the Plan document, up to current statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). An employee who is age 50 or older before the end of a Plan year can contribute an additional catch-up contribution to the Plan subject to IRS limits. The Plan also permits participants to make additional voluntary contributions of qualified rollovers from other retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

The Company makes safe harbor matching contributions to the Plan on behalf of all eligible participants. The safe harbor matching contribution is limited to 100% of the participant's contribution up to 3% of the employee's compensation and 50% of the participant's contribution for the next 2% of the employee's compensation under safe harbor plan provisions. The Company's safe-harbor matching contribution is invested in a portfolio of investments as directed by the participants. During the seven-month period ended December 31, 2021, the Company made \$595,205 in safe-harbor matching contributions to the Plan.

The Plan also allows for discretionary contribution and non-elective contribution by the Company. There were no discretionary contributions and non-elective contributions made for the seven-month period ended December 31, 2021. Contributions are subject to certain IRS limitations.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts. Notes receivable cannot exceed 50% of the vested portion of the participant's account (or \$50,000 if less), and must be a minimum of \$1,000. The note receivable must be repaid within five years unless the entire proceeds are used to purchase the participant's primary residence, in which case the note may be repaid over a 10-year period. All notes receivable will provide for the repayment of interest at rates commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits are generally payable on termination, retirement, death, or disability. Benefits may be paid by either lump-sum, partial, or installment but only with respect to minimum required distributions, over a period of not more than the participant's assumed life expectancy or in case of death, does not exceed the limitations on when the entire benefit must be paid. After the age of 59 ½, a participant may elect to receive an in-service distribution from a portion of their vested balance except from profit share employer contributions. In addition, hardship distributions are also available from elective deferral accounts, subject to regulatory requirements.

Vesting

Participants are immediately 100% vested in their elective salary deferrals, rollovers, Company safe-harbor matching contributions, and any related investment earnings, gains and losses.

Participant shall become vested in his or her Company discretionary contributions and non-elective contributions under the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

The Plan allocates participant forfeitures first to reduce Plan expenses and then for Company contributions. The changes in the Plan's forfeiture account balance for the seven-month period ended December 31, 2021 are as follows:

Balance, May 26	\$ 7,263
Forfeitures during the period	3,963
Interest earned	99
Forfeitures used during the period	<u>(1,981)</u>
Balance, December 31	<u>\$ 9,344</u>

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the seven-month period ended December 31, 2021.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the note receivable from participant balance is reduced and a benefit payment is recorded.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 3 INCOME TAX STATUS

On January 1, 2022, the Plan has adopted a Non-standardized Plan sponsored by Prudential Insurance Company of America (Prudential). The IRS has determined and informed the sponsor of the Non-standardized Plan by a letter dated September 30, 2022, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The non-standardized preapproved plan opinion letter has been relied upon by this Plan.

The Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's asset information as of December 31, 2021, and for the seven-month period ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, were obtained by management and agreed to or derived from information certified by Prudential. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the Plan's assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following:

- Investments as reflected in the Statement of Net Assets Available for Benefits as of December 31, 2021;
- Investment activity, as reflected in the Statement of Changes in Net Assets Available for Benefits for seven-month period ended December 31, 2021;
- Investment information disclosed in Notes 5 and 6 to the Plan's financial statements; and
- Investments, as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021.

NOTE 5 FAIR VALUE MEASUREMENT

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 FAIR VALUE MEASUREMENT (CONTINUED)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end shares of registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Pooled separate accounts: The fair values of these assets are based on the mutual funds' Net Asset Value (NAV). Portfolio valuation procedures for these accounts are determined by the mutual fund company. The asset class provided in correspondences released by Prudential may be that of the primary asset class of the mutual fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 FAIR VALUE MEASUREMENT (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

<u>Investment Category</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 43,261,086	\$ -	\$ -	\$ 43,261,086
Pooled separated accounts	-	8,152,472	-	8,152,472
<i>Investments, at fair value</i>	<u>\$ 43,261,086</u>	<u>\$ 8,152,472</u>	<u>\$ -</u>	
Investments measured at contract value*				<u>7,303,748</u>
				<u>\$ 58,717,306</u>

*Guaranteed investment contract is measured at contract value and has not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit the reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

NOTE 6 INVESTMENT AT CONTRACT VALUE

The Plan invests in an evergreen fully benefit-responsive Group Annuity with the trustee. The trustee maintains the contributions in a general account. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract value is also often referred to as "Book Value". The contract is effected directly between the plan sponsor (or their trustee) and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer.

Generally, there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than the contract value paid either within 90 days or over time.

NOTE 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are guaranteed investment contracts managed by Prudential. Prudential is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Prudential totaled approximately \$24,997 for the seven-month period ended December 31, 2021. The Company pays directly any other fees related to the Plan's operations.

NOTE 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

NOTE 8 PLAN TRANSFER

On May 28, 2021, the Plan Sponsor's former affiliate, Cargotec Holding, Inc., approved the transfer of the employees of the Plan Sponsor and Navis International LLC. into the Plan. Accordingly, the net assets available for benefits of these employees who were part of the affiliate's plan were transferred to the newly established Plan. The transfer of such assets amounting to \$55,431,849 is presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTE 9 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the Company's contribution portion of their account.

NOTE 9 RISK AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 10 SUBSEQUENT EVENTS

The Plan Administrator has evaluated events or transactions that occurred subsequent to December 31, 2021 through December 15, 2022, the date the accompanying financial statements were available to be issued, for potential recognition or disclosure in the financial statements and determined that no subsequent events require disclosure or adjustment to the accompanying financial statements other than the matter described in Note 1.

Independent Auditor's Report

**To the Plan Administrator
Navis, LLC. 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of Navis LLC. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the seven-month period ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the seven-month period ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Navis, LLC. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established on May 26, 2021, is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The sponsor of the Plan is Navis, LLC. (the Company/Plan Sponsor). In September 2022, the Company merged with Kaleris, and amended the Plan document to allow Kaleris employees to participate in the Plan effective January 1, 2023.

Eligibility and Participation

Employees are eligible to participate in the plan on the first day of the calendar month, coincident with or next following the date after completion of 30 days of service, measured from the participant's date of hire. Certain employees, including union employees, leased employees, employees who are bona fide residents of Puerto Rico or performing services in Puerto Rico, interns, apprentices, employees who participate in public or private retirement programs outside of the United States, and employees who are eligible for benefits under another retirement plan sponsored by the Company are not eligible for participation in the Plan.

Contributions

Eligible participants may elect to make pre-tax or Roth contributions. Participants may make salary deferral contributions of eligible annual compensation as defined in the Plan document, up to current statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). An employee who is age 50 or older before the end of a Plan year can contribute an additional catch-up contribution to the Plan subject to IRS limits. The Plan also permits participants to make additional voluntary contributions of qualified rollovers from other retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

The Company makes safe harbor matching contributions to the Plan on behalf of all eligible participants. The safe harbor matching contribution is limited to 100% of the participant's contribution up to 3% of the employee's compensation and 50% of the participant's contribution for the next 2% of the employee's compensation under safe harbor plan provisions. The Company's safe-harbor matching contribution is invested in a portfolio of investments as directed by the participants. During the seven-month period ended December 31, 2021, the Company made \$595,205 in safe-harbor matching contributions to the Plan.

The Plan also allows for discretionary contribution and non-elective contribution by the Company. There were no discretionary contributions and non-elective contributions made for the seven-month period ended December 31, 2021. Contributions are subject to certain IRS limitations.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts. Notes receivable cannot exceed 50% of the vested portion of the participant's account (or \$50,000 if less), and must be a minimum of \$1,000. The note receivable must be repaid within five years unless the entire proceeds are used to purchase the participant's primary residence, in which case the note may be repaid over a 10-year period. All notes receivable will provide for the repayment of interest at rates commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits are generally payable on termination, retirement, death, or disability. Benefits may be paid by either lump-sum, partial, or installment but only with respect to minimum required distributions, over a period of not more than the participant's assumed life expectancy or in case of death, does not exceed the limitations on when the entire benefit must be paid. After the age of 59 ½, a participant may elect to receive an in-service distribution from a portion of their vested balance except from profit share employer contributions. In addition, hardship distributions are also available from elective deferral accounts, subject to regulatory requirements.

Vesting

Participants are immediately 100% vested in their elective salary deferrals, rollovers, Company safe-harbor matching contributions, and any related investment earnings, gains and losses.

Participant shall become vested in his or her Company discretionary contributions and non-elective contributions under the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

The Plan allocates participant forfeitures first to reduce Plan expenses and then for Company contributions. The changes in the Plan's forfeiture account balance for the seven-month period ended December 31, 2021 are as follows:

Balance, May 26	\$ 7,263
Forfeitures during the period	3,963
Interest earned	99
Forfeitures used during the period	<u>(1,981)</u>
Balance, December 31	<u>\$ 9,344</u>

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the seven-month period ended December 31, 2021.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the note receivable from participant balance is reduced and a benefit payment is recorded.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 3 INCOME TAX STATUS

On January 1, 2022, the Plan has adopted a Non-standardized Plan sponsored by Prudential Insurance Company of America (Prudential). The IRS has determined and informed the sponsor of the Non-standardized Plan by a letter dated September 30, 2022, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The non-standardized preapproved plan opinion letter has been relied upon by this Plan.

The Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's asset information as of December 31, 2021, and for the seven-month period ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, were obtained by management and agreed to or derived from information certified by Prudential. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the Plan's assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following:

- Investments as reflected in the Statement of Net Assets Available for Benefits as of December 31, 2021;
- Investment activity, as reflected in the Statement of Changes in Net Assets Available for Benefits for seven-month period ended December 31, 2021;
- Investment information disclosed in Notes 5 and 6 to the Plan's financial statements; and
- Investments, as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021.

NOTE 5 FAIR VALUE MEASUREMENT

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 FAIR VALUE MEASUREMENT (CONTINUED)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end shares of registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Pooled separate accounts: The fair values of these assets are based on the mutual funds' Net Asset Value (NAV). Portfolio valuation procedures for these accounts are determined by the mutual fund company. The asset class provided in correspondences released by Prudential may be that of the primary asset class of the mutual fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 FAIR VALUE MEASUREMENT (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

<u>Investment Category</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 43,261,086	\$ -	\$ -	\$ 43,261,086
Pooled separated accounts	-	8,152,472	-	8,152,472
<i>Investments, at fair value</i>	<u>\$ 43,261,086</u>	<u>\$ 8,152,472</u>	<u>\$ -</u>	
Investments measured at contract value*				<u>7,303,748</u>
				<u>\$ 58,717,306</u>

*Guaranteed investment contract is measured at contract value and has not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit the reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

NOTE 6 INVESTMENT AT CONTRACT VALUE

The Plan invests in an evergreen fully benefit-responsive Group Annuity with the trustee. The trustee maintains the contributions in a general account. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract value is also often referred to as "Book Value". The contract is effected directly between the plan sponsor (or their trustee) and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer.

Generally, there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than the contract value paid either within 90 days or over time.

NOTE 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are guaranteed investment contracts managed by Prudential. Prudential is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Prudential totaled approximately \$24,997 for the seven-month period ended December 31, 2021. The Company pays directly any other fees related to the Plan's operations.

NOTE 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

NOTE 8 PLAN TRANSFER

On May 28, 2021, the Plan Sponsor's former affiliate, Cargotec Holding, Inc., approved the transfer of the employees of the Plan Sponsor and Navis International LLC. into the Plan. Accordingly, the net assets available for benefits of these employees who were part of the affiliate's plan were transferred to the newly established Plan. The transfer of such assets amounting to \$55,431,849 is presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTE 9 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the Company's contribution portion of their account.

NOTE 9 RISK AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 10 SUBSEQUENT EVENTS

The Plan Administrator has evaluated events or transactions that occurred subsequent to December 31, 2021 through December 15, 2022, the date the accompanying financial statements were available to be issued, for potential recognition or disclosure in the financial statements and determined that no subsequent events require disclosure or adjustment to the accompanying financial statements other than the matter described in Note 1.

Independent Auditor's Report

**To the Plan Administrator
Navis, LLC. 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of Navis LLC. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the seven-month period ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the seven-month period ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

An independently owned member
RSM US Alliance

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Navis, LLC. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established on May 26, 2021, is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The sponsor of the Plan is Navis, LLC. (the Company/Plan Sponsor). In September 2022, the Company merged with Kaleris, and amended the Plan document to allow Kaleris employees to participate in the Plan effective January 1, 2023.

Eligibility and Participation

Employees are eligible to participate in the plan on the first day of the calendar month, coincident with or next following the date after completion of 30 days of service, measured from the participant's date of hire. Certain employees, including union employees, leased employees, employees who are bona fide residents of Puerto Rico or performing services in Puerto Rico, interns, apprentices, employees who participate in public or private retirement programs outside of the United States, and employees who are eligible for benefits under another retirement plan sponsored by the Company are not eligible for participation in the Plan.

Contributions

Eligible participants may elect to make pre-tax or Roth contributions. Participants may make salary deferral contributions of eligible annual compensation as defined in the Plan document, up to current statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). An employee who is age 50 or older before the end of a Plan year can contribute an additional catch-up contribution to the Plan subject to IRS limits. The Plan also permits participants to make additional voluntary contributions of qualified rollovers from other retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

The Company makes safe harbor matching contributions to the Plan on behalf of all eligible participants. The safe harbor matching contribution is limited to 100% of the participant's contribution up to 3% of the employee's compensation and 50% of the participant's contribution for the next 2% of the employee's compensation under safe harbor plan provisions. The Company's safe-harbor matching contribution is invested in a portfolio of investments as directed by the participants. During the seven-month period ended December 31, 2021, the Company made \$595,205 in safe-harbor matching contributions to the Plan.

The Plan also allows for discretionary contribution and non-elective contribution by the Company. There were no discretionary contributions and non-elective contributions made for the seven-month period ended December 31, 2021. Contributions are subject to certain IRS limitations.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts. Notes receivable cannot exceed 50% of the vested portion of the participant's account (or \$50,000 if less), and must be a minimum of \$1,000. The note receivable must be repaid within five years unless the entire proceeds are used to purchase the participant's primary residence, in which case the note may be repaid over a 10-year period. All notes receivable will provide for the repayment of interest at rates commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits are generally payable on termination, retirement, death, or disability. Benefits may be paid by either lump-sum, partial, or installment but only with respect to minimum required distributions, over a period of not more than the participant's assumed life expectancy or in case of death, does not exceed the limitations on when the entire benefit must be paid. After the age of 59 ½, a participant may elect to receive an in-service distribution from a portion of their vested balance except from profit share employer contributions. In addition, hardship distributions are also available from elective deferral accounts, subject to regulatory requirements.

Vesting

Participants are immediately 100% vested in their elective salary deferrals, rollovers, Company safe-harbor matching contributions, and any related investment earnings, gains and losses.

Participant shall become vested in his or her Company discretionary contributions and non-elective contributions under the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

The Plan allocates participant forfeitures first to reduce Plan expenses and then for Company contributions. The changes in the Plan's forfeiture account balance for the seven-month period ended December 31, 2021 are as follows:

Balance, May 26	\$ 7,263
Forfeitures during the period	3,963
Interest earned	99
Forfeitures used during the period	<u>(1,981)</u>
Balance, December 31	<u>\$ 9,344</u>

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the seven-month period ended December 31, 2021.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the note receivable from participant balance is reduced and a benefit payment is recorded.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 3 INCOME TAX STATUS

On January 1, 2022, the Plan has adopted a Non-standardized Plan sponsored by Prudential Insurance Company of America (Prudential). The IRS has determined and informed the sponsor of the Non-standardized Plan by a letter dated September 30, 2022, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The non-standardized preapproved plan opinion letter has been relied upon by this Plan.

The Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's asset information as of December 31, 2021, and for the seven-month period ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, were obtained by management and agreed to or derived from information certified by Prudential. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the Plan's assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following:

- Investments as reflected in the Statement of Net Assets Available for Benefits as of December 31, 2021;
- Investment activity, as reflected in the Statement of Changes in Net Assets Available for Benefits for seven-month period ended December 31, 2021;
- Investment information disclosed in Notes 5 and 6 to the Plan's financial statements; and
- Investments, as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021.

NOTE 5 FAIR VALUE MEASUREMENT

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 FAIR VALUE MEASUREMENT (CONTINUED)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end shares of registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Pooled separate accounts: The fair values of these assets are based on the mutual funds' Net Asset Value (NAV). Portfolio valuation procedures for these accounts are determined by the mutual fund company. The asset class provided in correspondences released by Prudential may be that of the primary asset class of the mutual fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 FAIR VALUE MEASUREMENT (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

<u>Investment Category</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 43,261,086	\$ -	\$ -	\$ 43,261,086
Pooled separated accounts	-	8,152,472	-	8,152,472
<i>Investments, at fair value</i>	<u>\$ 43,261,086</u>	<u>\$ 8,152,472</u>	<u>\$ -</u>	
Investments measured at contract value*				<u>7,303,748</u>
				<u>\$ 58,717,306</u>

*Guaranteed investment contract is measured at contract value and has not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit the reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

NOTE 6 INVESTMENT AT CONTRACT VALUE

The Plan invests in an evergreen fully benefit-responsive Group Annuity with the trustee. The trustee maintains the contributions in a general account. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract value is also often referred to as "Book Value". The contract is effected directly between the plan sponsor (or their trustee) and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer.

Generally, there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than the contract value paid either within 90 days or over time.

NOTE 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are guaranteed investment contracts managed by Prudential. Prudential is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Prudential totaled approximately \$24,997 for the seven-month period ended December 31, 2021. The Company pays directly any other fees related to the Plan's operations.

NOTE 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

NOTE 8 PLAN TRANSFER

On May 28, 2021, the Plan Sponsor's former affiliate, Cargotec Holding, Inc., approved the transfer of the employees of the Plan Sponsor and Navis International LLC. into the Plan. Accordingly, the net assets available for benefits of these employees who were part of the affiliate's plan were transferred to the newly established Plan. The transfer of such assets amounting to \$55,431,849 is presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTE 9 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the Company's contribution portion of their account.

NOTE 9 RISK AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 10 SUBSEQUENT EVENTS

The Plan Administrator has evaluated events or transactions that occurred subsequent to December 31, 2021 through December 15, 2022, the date the accompanying financial statements were available to be issued, for potential recognition or disclosure in the financial statements and determined that no subsequent events require disclosure or adjustment to the accompanying financial statements other than the matter described in Note 1.
