Independent Auditor's Report

To the Plan Administrator
Rumsey Electric Company Employee Stock
Ownership Plan

We have audited the accompanying financial statements of Rumsey Electric Company Employee Stock Ownership Plan (the "Plan"), which comprise the statement of net assets (deficiency in net assets) available for benefits as of March 31, 2021 and the related statement of changes in net assets available for benefits for the period from January 1, 2021 to March 31, 2021, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2021 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2021 financial statements.

Opinion

In our opinion, the 2021 financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of March 31, 2021 and the changes in net assets for the period from January 1, 2021 to March 31, 2021 in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As explained in Note 3, the Plan merged into Kendall Electric, Inc. Employee Stock Ownership Plan and Trust effective March 31, 2021. Our opinion is not modified with respect to this matter.

To the Plan Administrator
Rumsey Electric Company Employee Stock
Ownership Plan

Report on Supplemental Information

Our audit of the Plan's financial statements as of and for the period ended March 31, 2021 was conducted for the purpose of forming an opinion on the 2021 financial statements as a whole. The supplemental schedule of reportable transactions for the period ended March 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the 2021 financial statements as a whole.

Report on Prior Year Financial Statements

The financial statements as of and for the year ended December 31, 2020 were audited by other auditors, whose report dated October 13, 2021 expressed an unmodified opinion on those statements.

Rumsey Electric Company Employee Stock Ownership Plan

Notes to Financial Statements

March 31, 2021 and December 31, 2020

Note 1 - Plan Description

The following description of Rumsey Electric Company Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees over the age of 18 who are not covered by collective bargaining agreements and who have completed one of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Rumsey Electric Company (the "Company") may make annual discretionary contributions in the form of cash or stock issuance, as approved by the Company's board of directors. However, employer contributions for each year shall not be less than the amount required to enable the Plan to discharge its current obligations related to any notes payable. Employer contributions are allocated to individual accounts based on the ratio of each participant's eligible compensation.

Vesting

Employee accounts vest with years of service. Employees vest 20 percent after 2 years of service and 20 percent each year thereafter until becoming fully vested after 6 years of service. Employees are immediately fully vested when termination is due to death, disability, or normal retirement.

Put Option

Under federal income tax regulations, the company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase in either a single lump sum or in up to five equal annual installments. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant (or the participant's beneficiary in the case of death) is entitled to distribution of his or her account. Under the provisions of the Plan, the Company is obligated to repurchase participant shares that have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitation.

Diversification

Participants who have attained the age of 55 and have completed at least 10 years of participation in the Plan are eligible to receive up to 25 percent of the value of their accounts, less any prior diversification distributions for a 6-year period. At the end of the sixth year in which the participant becomes eligible for diversification distributions, the participant is eligible to receive up to 50 percent of the value of his or her account, less any prior diversification distributions.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to allocate to each participant's account based upon the relation of the participant's eligible annual compensation to the total plan participant eligible compensation for the plan year. At March 31, 2021 and December 31, 2020, forfeited account balances totaled \$0 and \$129,233, respectively.

Note 1 - Plan Description (Continued)

Voting Rights

Each participant is entitled to exercise, in certain matters, voting rights attributable to the shares allocated to his or her account as long as the trustees is notified prior to the time that such rights are to be exercised.

Party-in-interest Transactions

Certain plan assets are in investments in the company stock. The Company is the sponsor of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances. As a result of the merger discussed in Note 3, all participants became 100 percent vested.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The common shares of the Company are valued at fair value. Fair value is determined by an annual independent appraisal.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The common/collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the fund's underlying net assets. There are no redemption restrictions or unfunded commitments on these investments. All other investments are valued based on quoted market prices reported in active markets. See Note 6 for additional information.

Benefit Payments

Benefits are recorded when paid.

Plan Administration and Administrative Expenses

Various administrative costs are paid by the Company. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including December 20, 2022, which is the date the financial statements were available to be issued.

Note 3 - Plan Merger

Effective March 31, 2021, Kendall Electric, Inc. (the "Buyer") acquired 100 percent of Rumsey Electric Company, which was wholly owned by Rumsey Electric Company Employee Stock Ownership Plan (the "Seller"). As a result, on March 31, 2021, the Plan merged and combined with the Kendall Electric, Inc. Employee Stock Ownership Plan and Trust. Accordingly, all assets, participants, and their related account balances were transferred to the Kendall Electric, Inc. Employee Stock Ownership Plan and Trust in 2021. The agreed-upon purchase price was \$145,000,000 (subject to adjustments), composed of the issuance of 1,333,333 shares of Kendall Electric, Inc. stock to the Seller valued at \$90,000,000 and cash.

As part of the plan merger, the allowable uses for the common/collective trust fund include (a) funding the Rumsey ESOP accounts of all Rumsey ESOP participants who terminated employment with Rumsey Electric Company on or before March 31, 2021; (b) paying any terminated Rumsey ESOP participant who received a distribution in December 2020 the difference between the amount such Rumsey ESOP participant received in December 2020 and the amount such participant would have received if the Rumsey ESOP participant's shares were merged in; and (c) paying an outstanding loan between Rumsey Electric Company and the Plan. The loan was repaid in full during 2021. Any remaining funds will be allocated to the remaining plan participants pro rata based on the stock held in their plan accounts as of March 31, 2021.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 5 - Investments in Common Stock

The Plan's investments in company stock at March 31, 2021 and December 31, 2020 are presented in the following table:

	2021		2020	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	-	-	4,148	367
Cost	\$ -	\$ -	\$ 2,708,644	\$ 239,651

Notes to Financial Statements

March 31, 2021 and December 31, 2020

Note 5 - Investments in Common Stock (Continued)

There were no stock contributions for the period ended March 31, 2021 or the year ended December 31, 2020. In 2020, cash distributions were made to eligible participants representing the fair value of 427 shares. The distributions were funded by a note payable from the Company, and the shares were unallocated (see Note 7). The plan then used cash of \$1,800,000 to reallocate 60 shares, leaving 367 shares unallocated at December 31, 2020.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. The company stock classified as a Level 3 investment is based on the fair value determined through a third party appraisal, which utilized the income approach, including the discounted cash flow method. The appraiser took into account historical and projected cash flow; adjusted earnings before interest, taxes, depreciation, and amortization (EBITDA); and appropriate discount rates.

The valuation process involves plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report, which plan management, along with the ESOP trustees, reviews in detail, discusses, and approves.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Investments measured at NAV - Common/collective trust fund	6,559,793			
Total investments	\$ 141,116,336			

Note 7 - Notes Payable - Employer

During 2020, the company loaned \$12,837,043 in cash to the Plan to cover the Plan's distribution obligations and convert shares of eligible participant accounts to cash. The note was interest free and unsecured. Plan management believes that the loans comply with the requirements of the Department of Labor Prohibited Transaction Class Exemption 80-26. The proceeds of the loan were used to purchase 427 shares of company common stock. As part of the transaction described in Note 3, the trustees tendered to the Company the funds necessary to satisfy the 80-26 loan.
