INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Purvis Systems, Inc. Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Purvis Systems, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of April 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended April 30, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held At End of Year) as of April 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated November 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

PURVIS SYSTEMS, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS APRIL 30, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the Purvis Systems, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of PURVIS Systems Incorporated (the Company) who have attained the age of twenty-one. Employees may begin active participation in the Plan on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and qualifies under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

Participants may elect to contribute up to 100% of pretax or after-tax compensation as defined in the plan agreement. The combined amount of contributions a participant may make is limited to the maximum allowed Internal Revenue Service (IRS) contribution limit. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts, common/collective trust, and mutual funds as investment options. Contributions are subject to certain IRS limitations.

The Plan provides for auto-enrollment whereby all newly eligible employees are automatically enrolled in the Plan once eligibility requirements are met, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated allocation fund until changed by the participant. Effective May 1, 2018, unless such participants affirmatively elect otherwise, their deferral rate will increase annually by 1% until a deferral rate of 8% is reached.

The Company may elect to make discretionary contributions in an amount determined annually by management. Participants are eligible for an allocation of the discretionary contribution if they are active participants on the last day of the plan year, have attained the age of twenty-one, have completed one year of service and attained 1,000 or more hours of service during the Plan year. The discretionary contribution is allocated to eligible participants pro-rata based on the ratio of the participant's eligible compensation to total eligible compensation for the Plan year as defined by the plan agreement.

See independent auditors' report.

PURVIS SYSTEMS, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS APRIL 30, 2022 AND 2021

The Company may make discretionary matching contributions which are determined by the Company periodically. For the year ended April 30, 2022, the Company's discretionary matching contribution was 50% of the monthly amount contributed by the participant, limited to a maximum of 6% of the participant's earnings.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as allocations of the Company's matching contribution, the Company's discretionary contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is fully vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined at the loan's inception, is set at 1% above the prime rate, as determined by the plan's administrator. At April 30, 2022, interest rates on participant loans ranged from 4.25% to 6.50%. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant, or their beneficiary, may elect to receive their benefits in a lump-sum amount equal to the value of the participant's vested interest in his or her account, an annuity or in periodic installments. In addition, the participants shall be entitled to receive any discretionary Company contributions made to the Plan on their behalf for the Plan year in which the death, disability or retirement occurred.

Early Withdrawals

Prior to termination of employment, disability or death, participants may elect to withdraw up to 100% of the value of their account attributable to their salary deferral contributions upon attaining the age of 59½ or in the event of serious financial hardship as defined in the plan agreement.

See independent auditors' report.

PURVIS SYSTEMS, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS APRIL 30, 2022 AND 2021

Forfeitures

There were no forfeited non-vested accounts as of April 30, 2022. As of April 30, 2021, forfeited non-vested accounts totaled approximately \$13,300. These accounts are generally allocated to participants after paying plan expenses. During the year ended April 30, 2022, approximately \$13,800 of forfeitures were allocated to participants or applied to plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies utilize information provided by the Plan's Custodian. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. An allowance for credit losses has not been recorded as of April 30, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

See independent auditors' report.

PURVIS SYSTEMS, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS APRIL 30, 2022 AND 2021

Other Employer Contribution Receivable

Other employer contribution receivable represents a qualified nonelective contribution made by the Company to correct for missed employer match contributions for certain employees. The qualified nonelective contribution was calculated and made in accordance with the IRS's Employee Plans Compliance Resolution System (EPCRS) and includes lost earnings.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

See independent auditors' report.

PURVIS SYSTEMS, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS APRIL 30, 2022 AND 2021

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2022 and 2021.

Pooled separate accounts: Valued based upon the net asset value of the shares held by the Plan, as determined by the Custodian. The net asset value is used as a practical expedient to estimate fair value.

Common/collective trust: A stable value fund, issued by Morley Financial Services, Inc., that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value is used as the practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common/collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of April 30, 2022 and 2021:

	Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Measured at net asset value	Total

4. TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under Department of Labor (DOL) Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. For the year ended April 30, 2022, the Plan's transactions with parties-in-interest were as follows:

Investments

The Plan holds investments which are managed by Principal Life Insurance Company (Principal), the Custodian, or its affiliate Morley Financial Services, Inc. Such investments are in various funds issued by the Custodian or its affiliate. Therefore, the Plan's investments with the Custodian and its affiliates qualify as party-in-interest transactions.

See independent auditors' report.

Administrative Expenses

Administrative expenses are to be paid by the Plan unless paid by the Company. For the year ended April 30, 2022, the Company paid substantially all costs related to the administration of the Plan. Also, certain officers and employees of the Company, who are also participants in the Plan, perform administrative services on behalf of the Plan at no cost to the Plan.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

6. TAX STATUS

The Plan has adopted a prototype profit sharing plan of Principal. Principal has received an opinion letter issued by the National Office of the IRS dated August 8, 2014 that the Plan is qualified under IRC Section 401. The Plan may request its own determination letter from the appropriate District Director of the IRS. The Company has not made such a request to date. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and is tax-exempt.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan is subject to routine audits by the IRS and DOL; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

Investment Risks

The Plan invests in a variety of investment vehicles. Such investment vehicles consist of investments in the form of pooled separate accounts, common/collective trust, and mutual funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near

term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19 Outbreak

The COVID-19 pandemic continues to have a broad and negative impact on commerce and financial markets around the world. Due to the level of risk associated with the Plan's investment securities, it is at least reasonably possible that changes in the fair values of the investment securities will occur in the near term and that such changes could materially affect the Plan's financial statements and the participants' account balances.

Geopolitical Risk

In February 2022, Russia commenced an invasion of Ukraine. In response to this, many countries, including the United States of America, placed significant economic sanctions on Russia. These sanctions and the conflict as a whole will likely have a broad and negative impact on commerce, supply chain logistics and financial markets around the world. The extent to which this conflict may impact future market values of the Plan's investments remains uncertain.

8. PLAN FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at April 30, 2022 and 2021, and net depreciation in fair value of investments and interest and dividends for the year ended April 30, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Custodian.

9. SUBSEQUENT EVENT

The Plan has evaluated subsequent events through December 28, 2022, the date the financial statements were available to be issued.

Plan Restatement

Effective July 1, 2022, the Plan was restated to adopt an updated non-standardized preapproved plan document from the Custodian. There were no significant changes to the Plan as a result of this restatement.

See independent auditors' report.

Change of Third-Party Administrator

In November 2022, the Plan signed an agreement to transition to a new third-party administrator, Empower Retirement Services, effective February 1, 2023. As a part of this transition, Great-West Trust Company will become the new Trustee and Custodian of the Plan.
