Independent Auditor's Report

Board of Trustees
The Nord Center Retirement Plan
Lorain, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of The Nord Center Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of The Nord Center Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Nord Center Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Nord Center Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Nord Center Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2022 Supplemental Schedules Required by ERISA

The supplemental schedules on pages 15 and 16 as of and for the year ended June 30, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of The Nord Center Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated December 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE NORD CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

1. Description of Plan:

General:

The Nord Center Retirement Plan (Plan) is a defined contribution plan covering employees of The Nord Center (Corporation) who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective July 1, 2020, The Nord Center Retirement Plan for Union Employees merged into The Nord Center Retirement Plan for Non-Union Employees and the Plan was renamed The Nord Center Retirement Plan. Participant balances transferred from The Nord Center Retirement Plan for Union Employees to the Plan totaled \$365,204 during the year ended June 30, 2021.

Effective December 1, 2021, the Plan was amended and restated to change the frequency of entry dates for elective deferrals to be sixty days following the date of hire.

Management of the Plan has engaged Reliance Trust Company (Reliance) as the trustee of the Plan. The Variable Annuity Life Insurance Company (VALIC) as custodian of the Plan holds Plan investments as collateral for a limited number of participants with loans, which were issued when they were the only custodian.

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The Plan adopted the distribution provision of the CARES Act that allowed participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The Plan also adopted the loan provisions of the CARES Act which increased the loan limits of new loans requested between March 27, 2020 and September 22, 2020 to the lesser of \$100,000 or 100 percent of the participant's vested account balance. In addition, the Plan adopted the required minimum distribution (RMD) provision of the CARES Act that allowed participants to avoid taking RMD's during 2020. These optional features from the recent law changes that were adopted by the Plan will require written amendments before December 31, 2025 in accordance with applicable law and Internal Revenue Service (IRS) guidance.

Contributions:

Participants may elect to contribute up to 100% of their compensation (which may not exceed annual dollar limits established by the Internal Revenue Service) into the Plan on a pre-tax or post-tax basis. The amount participants can contribute on an annual basis is limited to the amount set by the Internal Revenue Service. The post-tax contributions by participants are Roth contributions. Eligible employees hired on or after July 1, 2016 are automatically enrolled into the plan (if an election is not made) for a 2% contribution withholding (increasing by 1% in the second year through the ninth year to a maximum of 10%) from each payroll until the employee opts out or elects an alternative deferral amount. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

THE NORD CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2022 AND 2021

1. Description of Plan (continued):

Contributions (continued):

The Corporation may make discretionary matching contributions and discretionary nonelective contributions to participant accounts as determined periodically by the Corporation's Board of Trustees. During the years ended June 30, 2022 and 2021 the Corporation made discretionary matching contributions of 100% of participant elected deferrals limited to 2% of the participant's total compensation. These discretionary matching contributions totaled \$180,690 (\$219,032 less forfeitures of \$38,342) in 2022 and \$188,634 (\$222,373 less forfeitures of \$33,739) in 2021. The Corporation did not make any discretionary nonelective contributions in 2022 or 2021.

Forfeitures of nonvested accounts are retained in the Plan and can be used to restore forfeitures, reduce employer contributions (or reallocate as employer contributions) or pay Plan expenses. Unused forfeitures totaled \$29,927 at June 30, 2022 and \$49,991 at June 30, 2021.

Participant accounts:

Separate accounts for each participant are maintained by the custodian/trustee. Each account is credited or debited with contributions and earnings or losses from investments held in the account. Participants direct the investment of their contributions, including any employer contributions, into various investment options offered by the Plan.

Vesting:

Participants are immediately vested in their deferral contributions plus earnings thereon. The following is the vesting schedule for employer discretionary matching contributions and discretionary nonelective contributions:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death.

THE NORD CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2022 AND 2021

1. Description of Plan (continued):

Payment of benefits (continued):

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance, a partial lump sum distribution not to exceed the vested value of their account balance, or in installments not to exceed the life of the participant.

Benefits are recorded when paid.

Participant notes:

Participants may borrow from their accounts a minimum of \$1,000 to a maximum of the lesser of \$50,000 or 50% of the participant balance except as allowed by the CARES Act. Note transactions are treated as transfers between investment funds and the participant notes fund. Repayment of a note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence, in which case the note term may extend beyond five years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Interest rates on the notes were 4.25% through 6.25% at June 30, 2022 and 4.25% through 6.50% at June 30, 2021. Principal and interest may be paid through payroll deductions.

Included in investments at June 30, 2022 and 2021 are investments of \$25,839 and \$27,497, respectively, held as collateral for notes by participants from VALIC. These notes are not included in participant notes, as the funds borrowed are from VALIC and these loan collateral funds are held and invested in VALIC's group annuity contracts while the notes are outstanding.

Investment income:

Participants may direct their contribution into various investment options including target date retirement funds. Additionally, the Plan provides a "Manage My Retirement" option, which is a managed account service to be provided by a registered investment advisor to a participant for an annual investment management fee based on net assets under management. Income or losses are allocated to participant accounts based on earnings or losses in the respective investment accounts.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

THE NORD CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2022 AND 2021

2. Summary of significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's mutual funds and money market fund investments are recorded at fair value, which is determined by quoted market prices provided by either Massachusetts Mutual Life Insurance Company (MassMutual) (July 1, 2020 through December 30, 2020), and Great-West Life & Annuity Insurance Company (Great-West) (December 31, 2020 through June 30, 2022), the Plan's recordkeeper (on behalf of Reliance, trustee of the Plan), and VALIC, custodian of the Plan, at June 30, 2022 and 2021.

Empower Retirement (Empower) acquired MassMutual's retirement plan business, effective December 31, 2020. Empower is a brand that represents products and services for Great-West.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. These amounts were provided by the trustee/custodian for the years ended June 30, 2022 and 2021.

3. Investments:

The following table presents the value of investments at June 30, 2022 and 2021. All investments are participant directed.

	<u>2022</u>	<u>2021</u>
Mutual funds, at fair value	\$ 8,698,766	\$ 10,407,956
Collective trust, at fair value	56,636	84,509
Guaranteed investment contracts, at contract value	<u>1,419,256</u>	<u>1,530,782</u>
	<u>\$ 10,174,658</u>	<u>\$ 12,023,247</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE NORD CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2022 AND 2021

4. Fair value (continued):

Level 2 – Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts are valued based on the unit value of the fund. Unit values are determined by the trust company sponsoring such fund by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$ 8,698,766</u>	\$ 8,698,766
Investments measured at net asset value (a)		<u>56,636</u>
Total investments at fair value		<u>\$ 8,755,402</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured using the net asset value per share practical expedient:

The following table presents the fair value, unfunded commitments, redemption frequency, and redemption notice period for common collective trust plan investments for which fair value is measured using the net asset value per share practical expedient as of June 30, 2022:

<u>Investment*</u>	<u>Fair Value</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Carillon Eagle Mid Cap Growth Fund	\$ 56,636	Daily	Daily

The following table presents the fair value, unfunded commitments, redemption frequency, and redemption notice period for common collective trust plan investments for which fair value is measured using the net asset value per share practical expedient as of June 30, 2021:

<u>Investment*</u>	<u>Fair Value</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Carillon Eagle Mid Cap Growth Fund	\$ 84,509	Daily	Daily

- * For the year presented the common collective trust did not have unfunded commitments with any of its investments.

5. Party-in-interest transactions:

Certain Plan investments were managed by VALIC and by MassMutual (through December 30, 2020) and Great-West (beginning December 31, 2020) representing guaranteed investment contracts that were the insurance company's assets with the Plan maintaining rights to assets underlying the funds. VALIC is the custodian and Reliance is the trustee (on behalf of MassMutual and Great-West) as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2022 AND 2021

5. **Party-in-interest transactions (continued):**

The Plan issues notes to participants, which are secured by the vested balance in the participant's account, and certain administrative fees related to the administration of the Plan were paid by the Plan or the Corporation. These transactions qualify as party-in-interest transactions.

6. **Investment contracts with insurance company:**

The Plan participates in benefit-responsive investment contracts with VALIC, MassMutual (through December 30, 2020) and Great-West (beginning December 31, 2020). VALIC, MassMutual and Great-West maintain the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the plan by VALIC, MassMutual and Great-West. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with VALIC, MassMutual and Great-West. Such events include the following: (a) amendments to the plan documents (including, complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under the ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan participants, is probable.

The average interest rate credited to participants for the investment contracts was 1.50% in 2022 and 1.70% in 2021.

7. **Certified investments:**

Certain information related to investments and participant notes disclosed in the accompanying financial statements and supplemental schedules, including investments and participant notes held at June 30, 2022 and 2021 and net increase (decrease) in value of investments and dividends and interest for the years ended June 30, 2022 and 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance (trustee) and/or VALIC (custodian) of the Plan.

8. Administrative expenses:

Certain administrative expenses of the Plan were paid by the Corporation. Certain administrative functions are performed by employees of the Corporation. No such employee, nor the Corporation receives compensation from the Plan.

Certain expenses of maintaining the Plan are paid directly by the Corporation and are excluded from these financial statements. Fees related to the administration of participant notes are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net increase in fair value of investments.

9. Income tax status:

The IRS has determined that the prototype plan under which The Nord Center Retirement Plan is organized is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Plan termination:

Although it has not expressed any interest to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the individual accounts of the affected participants become fully vested.

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.

12. Prohibited transactions:

Employee contributions totaling \$1,504 during 2019 were not remitted within the time limit prescribed by the Department of Labor. The Plan calculated and remitted the earnings on \$1,308 of the late contributions during 2020. The Plan will calculate and remit the earnings on the remaining late contributions totaling \$196 to all affected participants during fiscal year ending June 30, 2023.

13. Differences between financial statements and Form 5500:

Differences were noted between the accompanying financial statements and the amounts reported in the 2022 Form 5500. Defaulted loans are considered to be a deemed distribution to the participants for Form 5500 purposes; for financial statement purposes, the loans are still considered to be assets of the Plan due to them being accrued by the participant's account and also due to the Plan allowing for participants to designate in what investment programs their account balance should be invested. There were no differences at June 30, 2021.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the year ended June 30, 2022:

Net assets available for benefits per the financial statements	\$ 10,298,600
Less: Deemed distribution of participant loans	<u>(9,114)</u>
Net assets available for benefits per Form 5500	<u>\$ 10,289,486</u>

The following is a reconciliation of total deductions from net assets per the financial statements to the Form 5500 for the year ended June 30, 2022:

Benefits paid to participants per the financial statements	\$ 1,110,786
Plus: Deemed distributions of participant loans	<u>9,114</u>
Deductions per Form 5500	<u>\$ 1,119,900</u>

14. Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through December 9, 2022, the date the Plan's financial statements were available to be issued.
