Independent Auditor's Report

The Plan Administrator
Landis+Gyr Savings and Profit Sharing Plan
Alpharetta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Landis+Gyr Savings and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with U.S. GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Landis+Gyr Savings and Profit Sharing Plan

Notes to Financial Statements

1. Plan Description

The following description of the Landis+Gyr Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the following affiliated entities: Landis+Gyr Technology, Inc.; Hunt Technologies, LLC; Cellnet Technology, Inc.; Ecologic Analytics, LLC; and Landis+Gyr Investor Relations, Inc. The Plan is administered by Landis+Gyr Technology, Inc. (the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees who have attained 21 years of age are eligible to participate in the Plan. Co-op and on-call employees, temporary employees, and interns become eligible on the date on which they first attain age 21 and complete at least 1,000 hours of service during an eligibility computation period.

Effective June 30, 2020, the Plan was restated. Included in the restatement was a plan name change to Landis+Gyr Savings and Profit Sharing Plan; the Sponsor name changed to Landis+Gyr Technology, Inc.; the safe harbor provisions were removed; and all other participating employers were removed. All other material terms and conditions remained the same.

Contributions

Participants may contribute up to 50% of their eligible compensation and may elect to enter into a special salary reduction agreement to make deferral contributions in an amount up to 100% of any employer-paid cash bonuses designated by the employer. Participants may elect a portion or all of the deferral contributions to be made as Roth (after-tax) contributions.

The Plan also contains an automatic enrollment feature whereby participants are notified approximately 30 days prior to when the Company begins to automatically deduct 5% on a pre-tax basis. Contributions will automatically increase 1% per year up to a maximum of 10% of compensation. Participants may elect a Roth deferral contribution, which will automatically increase 1% per year to a maximum of 10% of compensation. Prior to June 30, 2020, the Plan was a safe harbor plan, which required a basic matching contribution equal to 100% of the participant's salary deferrals of the first 3% of compensation deferred and 50% of the next 2% of compensation deferred. Effective June 30, 2020, the safe harbor match was revoked. Effective January 1, 2022, the safe harbor match is reinstated.

In addition, the Company may make an additional discretionary nonelective contribution. Participants are only entitled to receive nonelective employer contribution if they are employed on the last day of the Plan year and have earned at least 1,000 hours of service during the Plan year. No discretionary contributions were approved for the years ended December 31, 2021 or 2020. If a participant dies, retires, or becomes disabled during the Plan year, the participant is entitled to their share in nonelective contributions, if any, regardless of service or last day of employment.

Landis+Gyr Savings and Profit Sharing Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution, employer contribution, and an allocation of the Plan earnings. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100% vested in their deferral and after-tax contributions, and rollover contributions. A participant's vested interest in matching employer contributions and nonelective employer contributions, other than safe harbor matching or safe harbor nonelective employer contributions, which are fully vested when made, is based upon years of vesting service as defined by the Plan Agreement. Various vesting schedules exist as a result of mergers into the Plan and participating employer's prior vesting schedules.

Payment of Benefits

A participant is eligible to request a distribution of their vested account balance based on any of the following events: death, disability, normal retirement (age 65), early retirement (age 55 and five years of vesting service), minimum required distributions, and termination of employment. Participants may elect to take an in-service withdrawal upon reaching age 59½. Under certain circumstances of financial hardship, a participant is allowed to make an in-service hardship withdrawal. Upon termination or retirement of service, a participant may elect to receive either a lump-sum payment or installment payments.

Notes Receivable from Participants

Participants may borrow from their fund accounts in any amount greater than \$1,000 up to the lesser of \$50,000 or 50% of the participant's vested account balance, for a term not to exceed five years (30 years in cases where the loan proceeds are used to purchase the participant's principal residence). All loans shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. Interest rates range from 4.25% to 7.50% on notes receivable outstanding at December 31, 2021. Principal and interest are paid ratably during the year through payroll deductions and credited to the participant's account.

Forfeitures

Forfeitures are retained in the Plan and may first be used to pay administrative expenses, or to reduce future employer contributions payable under the Plan. Forfeited nonvested accounts were immaterial to the Plan for the years ended December 31, 2021 and 2020.

Administrative Expenses

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. Participant loan accounts and distributions taken are assessed a separate fee for the administration of these transactions. All other administrative expenses are paid from the Plan's assets.

Notes to Financial Statements

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions through December 31, 2020:

- Special coronavirus distributions up to \$100,000.
- Increase of available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance.
- Extended participant loan repayments, if applicable, up to one year.
- Suspended required minimum distributions for 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Subsequent Events

Subsequent events have been evaluated by management through December 22, 2022, the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for a discussion of fair value measurements.

Landis+Gyr Savings and Profit Sharing Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Agreement.

Payment of Benefits

Benefit payments to participants are recorded when paid.

3. Investments

In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Money Market Fund - This is valued at the net asset value (NAV) of the shares held by the Plan at year-end and is determined based on the value of the underlying investments of the fund. The money market fund seeks to maintain a \$1.00 NAV.

Mutual Funds - These are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts (CIT) - These are valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions

Landis+Gyr Savings and Profit Sharing Plan

Notes to Financial Statements

(purchased and sales) may occur daily. The Fidelity Managed Income Portfolio Fund invests in short-term bonds and other fixed-income securities, such as U.S. treasury bonds, government agency securities, corporate bonds, mortgage-backed securities, asset-backed securities, and derivative instruments. The collective investment trust funds provide for daily redemptions by the Plan at reported NAVs per share, with no advance notice requirement. There are no unfunded commitments with respect to these investments.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's investments by level within the fair value hierarchy.

December 31, 2021

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total

* The investments in the CIT are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Notes to Financial Statements

4. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investments reflected in the ERISA-required Schedule of Assets (Held at End of Year) as of December 31, 2021.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and ERISA-required supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions, plus actual earnings thereon.

6. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Total fees paid to Fidelity for recordkeeping and administrative services amounted to \$156,969 and \$161,253 for the years ended December 31, 2021 and 2020, respectively. The Plan also holds notes receivable from Plan participants.

7. Tax Status

The Plan adopted the Fidelity Basic Plan Document No. 17, a volume-submitter defined contribution plan. The Internal Revenue Service (IRS) informed Fidelity by an opinion letter dated June 30, 2020, that the volume-submitter plan is acceptable under section 401 of the Internal Revenue Code (IRC). The volume-submitter plan has been amended since receiving the opinion letter. However, the Company and Plan Administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would

Landis+Gyr Savings and Profit Sharing Plan

Notes to Financial Statements

not be sustained upon examination by the IRS. The Plan is also subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2021 to adjust for the CIT. The Plan did not hold a CIT as of December 31, 2020.

December 31, 2021
