Independent Auditor's Report

To the Plan Administrator
LMI 2.0, LLC 401(k) Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of LMI 2.0, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the period from February 1, 2021 to December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from qualified institutions as of December 31, 2021, and for the period from February 1, 2021 to December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

LMI 2.0, LLC 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the LMI 2.0, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of LMI 2.0, LLC, Besilu Stables, LLC, Land and Sea Management Services, Inc., Leon Air, Inc., BLIII International, LLC, Blue Time III, LLC, L.A. Divas, LLC, Besilu Collection, Inc., Leon Ocala Holdings II, LLC, Leon Property Management, LLC, Destination Brands International, LLC, 630 Leucadendra Investment, LLC, and Tutti Bambini Coral Gables RE, LLC, which were added to the Plan during 2021 (collectively referred to as the “Company”). The Plan was established by the Company on February 1, 2021 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan includes all employees of the Company who have completed 90 days of continuous service and have attained at least age 18. The date of eligible participation occurs monthly after the requirements have been met.

Transfer of Assets

During the year ended December 31, 2021, an amendment was made by the Leon Management International, LLC 401(k) Plan (“Leon”) to transfer the Plan assets of certain employees into the Plan. The spin-off took effect on February 1, 2021 and \$7,305,694 of Leon’s assets were transferred to the Plan. Subsequent to the spin-off, a participant had moved from an employer under the Plan to one that is included in Leon. On December 30, 2021, the participant’s account balance of \$876,136 was transferred from the Plan.

Contributions

Participants may elect to contribute to the Plan a portion of their compensation, as defined by the Plan, on a pre-tax basis, subject to Internal Revenue Service (“IRS”) and other limitations. Additionally, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contribution). Catch-up contributions are permitted for participants who are 50 or older during the Plan year. The Plan has an automatic enrollment feature whereby newly eligible employees that do not affirmatively elect to contribute or not to contribute to the Plan will be automatically enrolled in the Plan at a deferral rate of 3%.

The Company makes qualified safe harbor matching contribution to the Plan, calculated as 100% of the participant’s deferral less than or equal to, up to 3.5% of the participant’s compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contributions and Plan earnings and charged with benefit payments and an allocation of the Plan’s administrative expenses. Plan earnings and losses are allocated based on account balances, while contributions are credited based upon elective deferrals and compensation as defined. Administrative expenses are charged directly to the accounts of those participants who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

LMI 2.0, LLC 401(k) Plan

Notes to Financial Statements

Investment Options

A participant may direct employee contributions and any Employer contributions into any of several investment options including pooled separate accounts, common/collective trusts, mutual funds, and guaranteed interest accounts. Participants may change their investment options at their discretion.

Vesting

Participants are immediately vested in their own contributions, rollover contributions plus actual earnings thereon.

Vesting in the Company's safe harbor matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service whereby the vesting service starts on the participant's date of employment. Participants become fully vested in the Company's contribution portion after 2 years of continuous service. Additionally, a participant becomes fully vested upon death, total and permanent disability or normal retirement age.

Forfeited Accounts

Forfeitures of terminated participants' nonvested accounts can be used to reduce the Company's matching contribution at period end or to pay Plan expenses. Forfeitures are created when participants terminate employment before becoming entitled to their full benefit under the vesting provisions of the Plan. At December 31, 2021, there were no unallocated forfeitures. During the period ended December 31, 2021, the Plan utilized approximately \$2,400 of forfeitures to reduce matching contributions and pay Plan expenses.

Payment of Benefits

Upon termination of service due to death, disability or normal retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount or annual installments over a specified period of time not to exceed their (or their beneficiaries) assumed life expectancy.

In certain hardship situations, as described in the Plan Agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship.

Administrative Expenses

The Company absorbs a significant part of the administrative costs for the Plan, including professional fees for accounting, auditing and Plan administration, contract charges and servicing fees. Administrative fees paid by the Company are excluded from these financial statements.

Participant requested transactions such as distribution fees are paid by the participants of the Plan. Investment management fees charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation (depreciation) in the fair value of investments on the statement of changes in net assets available for benefits.

LMI 2.0, LLC 401(k) Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021, net appreciation in fair value of investments and, interest and dividends for the period from February 1, 2021 to December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the Principal Trust Company and Principal Life Insurance Company, qualified institutions.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

LMI 2.0, LLC 401(k) Plan

Notes to Financial Statements

4. Investment Contract with Insurance Company

The Plan has entered into a group annuity investment contract with Principal Life Insurance Company, which receives the contributions and deposits them into either guaranteed interest accounts and pooled separate accounts, according to the participant's election. The Principal Life Insurance Company guaranteed interest accounts are reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. As the contract is not fully benefit-responsive, the contract is included in the financial statements at fair market value at December 31, 2021, as reported to the Plan by Principal Life Insurance Company. The fair market value of the contract is the value paid when funds are withdrawn prior to their maturity. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value; however, a surrender charge may be applied to transfers or withdrawals from an unmaturing guaranteed interest account.

5. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under the ASC 820 are described as follows:

- **Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2:** Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds: Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

LMI 2.0, LLC 401(k) Plan

Notes to Financial Statements

Pooled Separate Accounts: Units held in the pooled separate accounts ("PSAs") are valued at the NAV based on the fair market value of the underlying investments of the account less its liabilities. PSAs are either made up a single underlying mutual fund or variety of underlying investments, such as domestic stocks, international stocks, and short-term securities. The NAV, as provided by the Principal Life Insurance Company, is used as practical expedient to estimate fair value. The funds are direct filing entities. There are no unfunded commitments or redemption restrictions.

Common/collective Trust: The Plan invests in a variety of collective investments trusts ("CITs"). The CITs each invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The NAV of the investments is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common/collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried in an orderly business manner. There were no unfunded commitments as of December 31, 2021. These funds are direct filing entities.

Guaranteed Interest Accounts: Valued at fair value. Fair value represents the amount plan sponsors would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2021:

Description	December 31, 2021			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 1,364,012	\$ 1,364,012	\$ -	\$ -
Guaranteed interest accounts	17,525	-	-	17,525
Common/collective trusts at NAV	3,828,837	-	-	-
Pooled separate accounts at NAV	2,311,895	-	-	-
Total investments at fair value	\$ 7,522,269	\$ 1,364,012	\$ -	\$ 17,525

6. Related Party Transactions and Parties-in-Interest Transactions

Principal Life Insurance Company serves as the record-keeper of the Plan, and therefore, fees and expenses paid to the record-keeper for distribution services qualify as party-in-interest transactions. Principal Trust Company serves as the trustee of the Plan, and as such, fees and expenses paid to trustee qualify as party-in-interest transactions.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

LMI 2.0, LLC 401(k) Plan

Notes to Financial Statements

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the financial statements.

8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

9. Tax Status

The Plan has adopted the Prototype Non-standardized Profit-Sharing Plan of Principal Life Insurance Company, which has obtained a favorable IRS opinion letter as of August 8, 2014, in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Internal Revenue Code ("IRC") and that any employer adopting this form of the Plan will be considered to have a plan qualified under the IRC. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan has evaluated subsequent events through November 30, 2022, which is the date the financial statements were available to be issued.

On June 3, 2022, the Plan was restated to conform to certain IRS regulatory requirements and adopted the Non-Standardized Pre-Approved Profit-Sharing Plan of Principal Life Insurance Company, which received an opinion letter from the IRS dated June 30, 2020 stating that the restated pre-approved plan document was in compliance with applicable requirements of the IRC. Additionally, no other significant subsequent events have occurred requiring adjustments to the financial statements or disclosures.
