## Independent Auditor's Report

To the Plan Administrator  
JR Butler, Inc. 401(k) Plan  
Englewood, Colorado

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of JR Butler, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of JR Butler, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of JR Butler, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about JR Butler, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of JR Butler, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about JR Butler, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

#### **Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### **Auditor's Report on the 2020 Financial Statements**

We were engaged to audit the 2020 financial statements of JR Butler, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### Note 1: Plan Description

The following description of the JR Butler, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution safe harbor plan available to eligible employees of JR Butler, Inc. and JRB Services, LLC (collectively referred to as the "Company") who have completed three months of service. A participant must have completed one year of service and be 21 or older to be eligible to receive the Company's discretionary profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the plan administrator and is responsible for oversight of the Plan. American United Life Insurance Company (AUL) serves as the custodian and OneAmerica Retirement Services serves as recordkeeper and third party administrator. Mesirow Financial determines the appropriateness of the Plan's investment offerings and monitors investment performance.

#### Contributions

Each year, participants may contribute up to the amount allowed by law of annual compensation, as defined in the Plan, on a pre-tax basis or through Roth contributions. Deferral contributions shall not exceed certain limits set forth by the Internal Revenue Service (IRS) (\$19,500 in 2021). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (up to \$6,500 in 2021). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes safe harbor matching contributions to eligible employees equal to 100% of the participant's elective contributions up to 3% of participant compensation, plus 50% of the participant's elective contributions between 3% and 5% of the participant's compensation. The Company may elect to make an additional discretionary matching contribution and/or discretionary profit sharing contribution. For the year ended December 31, 2021, the Company did not make any discretionary contributions.

#### Participant Accounts

Each participant's account is credited with the participant's contributions, Company safe harbor and discretionary matching contributions, and allocations of (a) the Company's profit sharing contributions, and (b) plan earnings (losses). Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

### **Note 1: Plan Description** (Continued)

#### **Vesting**

Participants are vested immediately in their voluntary contributions and Company safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary profit sharing contribution portions of their account, plus actual earnings thereon, is based on years of continuous service. Participants are fully vested in the Company's discretionary contributions after six years of service or upon the participant's death, disability, or reaching normal retirement age 65.

#### **Investment Options**

Participants direct the investment of their contributions into various investment options offered by the Plan. Those participants who are auto enrolled are invested in the default fund. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants. Participants may change their investment options at any time.

#### **Payment of Benefits**

Upon termination of service due to death, disability, retirement, or separation of service, a participant (or beneficiary) may elect to receive either a lump sum amount equal to the vested value of the participant's account or installments as required by minimum distribution rules. The Plan allows for in-service distributions upon attaining age 59 1/2.

Hardship withdrawals are available if the participant meets certain criteria. Effective January 1, 2019, the Plan adopted the new hardship withdrawal provisions of the Bipartisan Budget Act of 2018 (the "Act"). The Act lifted several restrictions relating to hardship withdrawals, including the elimination of the suspension period for making contributions to the Plan after a hardship withdrawal was taken, elimination of the requirement to exhaust plan loans available before taking a hardship withdrawal, and the inclusion of earnings accrued on elective deferrals when determining the allowable amount of the hardship withdrawal. The Plan has been amended to adopt these changes.

The Plan allows for coronavirus-related distributions (CRDs) effective March 31, 2020, under the CARES Act signed into law on March 27, 2020. This allows individuals impacted by the coronavirus to withdraw up to \$100,000 from IRAs, employer sponsor retirement plans, or a combination of the two, with certain tax exceptions.

#### **Forfeited Accounts**

At December 31, 2021 and 2020, the balance of the forfeited accounts totaled \$-0-, for both years. Forfeitures are used to pay administrative expenses or reduce Company contributions, and any forfeitures that still remain will be allocated to participants. During the year ended December 31, 2021, no forfeitures were used to reduce Company contributions.

### **Note 2: Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

#### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

#### **Investment Valuation and Income Recognition**

Investments are reported at fair value, except for the fully benefit-responsive investment contract (FBRIC). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

FBRICs are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain investment related expenses are included in net appreciation in fair value of investments.

#### **Subsequent Events**

The Plan has evaluated subsequent events through December 20, 2022, which is the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure.

### Note 3: Information Prepared and Certified by the Custodian (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2021, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by AUL, the custodian of the Plan.

### Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

**Mutual Funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

|                                 | Assets at Fair Value as of December 31, 2021 |         |         |              |
|---------------------------------|----------------------------------------------|---------|---------|--------------|
|                                 | Level 1                                      | Level 2 | Level 3 | Total        |
| Mutual Funds                    | \$ 7,044,972                                 | \$ -    | \$ -    | \$ 7,044,972 |

### Note 5: Fully Benefit-Responsive Investment Contracts (FBRICs)

The Plan maintains a guaranteed investment contract (GIC), the AUL Fixed Account, which is a traditional investment contract. The underlying investment options of this contract are considered to be fully benefit-responsive and therefore are reported at contract value as reported to the Plan by AUL. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contributions to the guaranteed investment contract become part of AUL's general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value is equal to contributions received plus interest credited, less payments, withdrawals, or transfers. The interest rate credited on the guaranteed investment contract varies based on a formula determined by AUL but will not be less than a guaranteed floor interest rate determined quarterly. The interest rate credited for 2021 was 0.8%. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The contract may not be terminated at an amount less than contract value.

Certain events limit the Plan's ability to transact at contract value with AUL including plan termination and other events as specified in the investment contract. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The investment contract permits AUL to terminate the agreement prior to the scheduled maturity date if certain events such as ERISA violations occur and other events as specified in the investment contract.

### Note 6: Related-Party Transactions and Party-in-Interest Transactions

Mesirow Financial provides investment advisory services to the Plan, and Wipfli LLP performs the ERISA Section 103(a)(3)(C) audit for the Plan. Transactions with these parties qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. Fees incurred and paid by the Plan in the amount of \$1,088 were included in administrative expenses for December 31, 2021.

## Notes to Financial Statements

---

### **Note 6: Related-Party Transactions and Party-in-Interest Transactions (Continued)**

Certain plan investments are managed by AUL. AUL is the Custodian, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

### **Note 7: Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

### **Note 8: Tax Status**

The Plan's volume submitter plan sponsor obtained a favorable opinion letter from the IRS dated March 31, 2014, stating that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

### **Note 9: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Beginning in March 2020, the United States economy began suffering adverse effects from the COVID-19 virus crisis (the "COVID-19 Crisis"). The Company's operations have not been significantly impacted by the COVID-19 Crisis; however, the Company continues to monitor the situation. Negative impact to the Company's results of operations, cash flows, and financial condition, and the ability for the Company to continue to make contributions to the Plan, cannot be reasonably estimated or determined at this time.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
