Independent Auditors' Report

To the Participants and Plan Administrator of
Jet Health, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Jet Health, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 4, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Jet Health, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

General

Jet Health, Inc. 401(k) Plan (the Plan), established January 1, 2016, is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan covers substantially all employees of Jet Health, Inc. (the Company or Plan Administrator). Reliance Trust Company (Reliance or Trustee) serves as the Trustee of the Plan. Automatic Data Processing, Inc. (ADP) serves as record-keeper of the Plan. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility and Participant Accounts

All employees of the Company who have attained the age of 21 and have completed twelve months of service are eligible to participate in the Plan on the first day of the month once eligibility is attained. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, the Company's discretionary matching contributions, and an allocation of plan earnings or losses, and is charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances and obtain information regarding the investments on a daily basis.

Contributions

The Plan is funded through employee elective deferrals and Company discretionary matching contributions. A participant may elect to contribute any combination of pre-tax elective deferrals and after-tax elective deferrals (Roth) from 1% to 90% (in whole percentages) of eligible compensation per pay period, subject to certain Plan defined exclusions and maximum limitations imposed by the Internal Revenue Code (IRC) (\$19,500 for 2021). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,500 for 2021). Rollover contributions, representing distributions from other qualified defined benefit or contribution plans, are permitted by the Plan, as defined in the plan document.

The Plan allows for Company discretionary matching and profit-sharing contributions which are determined each year by the Company, subject to certain limitations. The Company makes discretionary matching contributions to the Plan each pay period based on participants' compensation. No Company contributions were made for the year ended December 31, 2021.

Investment Options

The Plan provides for participants to direct both their contributions and Company matching contributions into a variety of investment options, including mutual funds of registered investment companies and common collective trusts, in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the plan website for additional fund information.

Distributions to Participants

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in the form of a lump-sum amount or direct rollover into another qualified plan or individual retirement account (IRA) equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, distributions may be made based on financial hardship. Account balances of \$5,000 or less at the time of distribution will be cashed out as either an involuntary lump sum payment or by direct rollover into an IRA or other eligible retirement plan.

Jet Health, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Vesting

Participants are immediately vested in both their contributions and actual earnings or losses thereon. Vesting in the Company's discretionary matching and profit-sharing contributions, plus actual earnings or losses thereon, is based on years of continuous service. Participants vest 20% per year beginning after one year of qualified service and are 100% vested after five years of qualified service or upon occurrence of the participant's retirement, death or disability, as defined by the plan document.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service (IRS). The borrowings are secured by the balance in the participant's account and bear interest at a rate equal to 2% above the prime rate as reported in the Wall Street Journal. Note terms are generally limited to a maximum of 5 years or to a maximum of 30 years if the note is used to acquire or build the principal residence of the participant. Participants can have up to two loans outstanding at one time. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2021, have interest rates ranging from 5.25% to 7.25% with maturity dates ranging from December 2023 through August 2025. Notes receivable from participants as of December 31, 2020, had an interest rate of 5.25% with maturity dates ranging from March 2021 through August 2025.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become 100% vested, including all Company contributions, subject to payment of liquidation costs and expenses.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants and fees paid related to distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Jet Health, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value. No allowances for credit losses have been recorded as of December 31, 2021 or 2020.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Jet Health, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds of registered investment companies are valued at the net asset value (NAV) or quoted market prices of shares held by the Plan at year-end.

Common collective trusts valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

Jet Health, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

4. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, and the Supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

5. Tax Status

The Plan is based on a prototype non-standard profit-sharing plan with CODA developed by ADP, LLC which received a favorable opinion letter dated July 8, 2014, from the IRS stating that the prototype Plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Delinquent Contributions

During the year ended December 31, 2021 employee withholdings and loan repayments in the amount of \$210,717 were unintentionally late in being transferred to the Plan. As of the date of this report, the late contributions have not been corrected.

7. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, concentration, market, and credit risks. Market risks include global events, such as pandemic, or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Related-Party and Party In Interest Transactions

The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

Notes to Financial Statements
December 31, 2021 and 2020

9. Excess Participant Contributions Payable

The Plan inadvertently overfunded participant accounts for the year ended December 31, 2021, resulting in excess contributions payable of \$3,460. These are recorded as a liability in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per the financial statements	\$ 1,365,484	\$ 915,170
Less participant contributions receivable	(27,611)	-
Add excess contributions payable	3,460	-
Net assets available for benefits per Form 5500	<u>\$ 1,341,333</u>	<u>\$ 915,170</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2021:

Net increase in net assets available for benefits per the financial statements	\$ 450,314
Less:	
Current year participant contributions receivable	(27,611)
Add:	
Excess contributions payable	<u>3,460</u>
Net increase in net assets available for benefits per Form 5500	<u>\$ 426,163</u>

11. Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after December 31, 2021, the Statements of Net Assets Available for Benefits date, through January 6, 2023, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact the financial statements for the year ended December 31, 2021, except as follows:

During 2022, plan management approved a resolution to merge the plan into the Lockton Pooled Retirement Plan (The Lockton Plan). All net assets of the Plan were transferred to The Lockton Plan effective April 1, 2022.
