Report of Independent Auditors

Plan Administrator
Integrity Asset Management 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Integrity Asset Management 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Life Insurance Company, Principal Trust Company and Great-West Life & Annuity Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodians as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Other Matter

The supplemental schedules of assets held at end of year and delinquent participant contributions as of and for the year ended December 31, 2020 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodians. Their report, dated October 15, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodians, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Integrity Asset Management 401(k) Plan

Notes to Financial Statements

December 31, 2020

1. Plan Description

The following description of the Integrity Asset Management 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of Integrity Asset Management and affiliates (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The custodians of the Plan are Principal Life Insurance Company and Principal Trust Company (Principal).

Eligibility

Employees are eligible to participate in the Plan on the first day of the month on which the employee is age 21 or older and has completed three months of service, excluding nonresident aliens and employees governed by collective bargaining agreements

Contributions

Participants may contribute a percentage of their eligible compensation on a pre-tax and after-tax (Roth) basis not to exceed the annual limit established by the Internal Revenue Code (IRC). A participant's pre-tax and Roth deferrals will be separately accounted for, as will gains and losses attributable to each. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches participant contributions based on years of service as depicted in the following table:

Years of Service	Matching Limit Percentage
0 to 5	100% of deferrals up to 1% of compensation
5 to 10	100% of deferrals up to 3% of compensation
>10	100% of deferrals up to 5% of compensation

Participants direct the investment allocations of all contributions.

1. Plan Description (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and Plan earnings and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is100% upon completion of three years of service.

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan, lump sum payments or installments. Hardship withdrawals are available. For terminated participants' account balances that are less than $5,000, the plan administrator may distribute the entire amount in a lump sum without the participant's consent. If the participant's vested portion is greater than $5,000, the participant may elect to maintain the vested portion in the Plan.

Forfeitures

Forfeitures by participants of unvested Company contributions are used to first pay for plan expenses and then used to reduce future employer contributions. At December 31, 2020 and 2019, forfeited unvested account balances totaled $471 and 498, respectively. During 2020, the Plan utilized $1,828 of forfeitures to pay for plan expenses

1. Plan Description (continued)

Notes Receivable From Participants

Participants are permitted to borrow a maximum amount of the lesser of $50,000 or 50% of their vested account balance. The minimum that can be borrowed is $1,000 and only two loans can be outstanding at a time. Notes receivable from participants are secured by the balance in the participant's account and bear interest equal to the prime rate plus one percent. Loan terms range from one to five years or a reasonable amount of time for the purchase of a principal residence. Principal and interest is paid through payroll deductions with equal installments made each pay period.

Administrative Expenses

The Company may pay certain expenses incurred in the administration and operation of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States. Benefit payments are recorded when paid.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and schedules. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting Standards Update

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820)—Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which amends certain disclosure requirements of Accounting Standards Codification (ASC) 820. ASU 2018-13 modifies disclosure for investments in certain entities that calculate Net Asset Value ("NAV") to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the Plan or announced the timing publicly. It also clarified the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date. sure to communicate information about the uncertainty in measurement as of the reporting date. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019. Plan management adopted this ASU but it does not have a material impact on the financial statements.

2. Summary of Significant Accounting Policies (continued)

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent Events

The Plan has evaluated subsequent events through February 3, 2022, the date the financial statements were available to be issued**.** Effective February 1, 2021, the custodians of the Plan changed from Principal to Reliance Trust Company.

3. Fully Benefit-Responsive Investment Contract

The Plan previously entered into a benefit-responsive group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West"). Great-West maintained the contributions in a general account. The contract was a traditional investment contract and met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses**.** Certain events limit the Plan's ability to transact at contract value with Great-West. Such events include the following: amendments to the Plan documents (including complete or partial plan termination or merger with another plan); changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. The contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

4. Investments

All investment information disclosed in the accompanying financial statements, notes and schedules, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest income on notes receivable from participants and investment income for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal and Great-West, the custodians.

5. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds are valued at the net asset value (NAV) of shares held at year-end. The NAV is a quoted price in an active market. Common investment trusts are valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. These securities are redeemable at fair value on a daily basis. There are no unfunded commitments as of December 31, 2020 and 2019.

5. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables represent the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 10,107**	**$ –**	**$ –**	**$ 10,107**
Investments measured at net asset value*	**–**	**–**	**–**	**741,563**
Total assets at fair value	**$ 10,107**	**$ –**	**$ –**	**$ 751,670**

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 10,628	$ –	$ –	$ 10,628
Investments measured at net asset value*	–	–	–	521,015
Total assets at fair value	$ 10,628	$ –	$ –	$ 531,283

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

6. Party-in-Interest Transactions

Plan investments are managed by Principal, the custodians. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

7. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated February 1, 2018, stating that the form of the plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to receiving the IRS opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
