To the Plan Administrator
Southwest Florida Enterprises 401(k) Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Southwest Florida Enterprises 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of the Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and

certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its/their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Southwest Florida Enterprises 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Southwest Florida Enterprises 401(k) Plan (the “Plan”) is provided for general information purposes only. Reference to the Plan document should be made for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Southwest Florida Enterprises, Inc. (the “Plan Sponsor”, the “Company”, or the “Employer”), who have one year and 1,000 hours of service and are age 21 or older, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The effective date of the Plan is September 1, 1999.

Contributions

Participants may elect to contribute to the Plan a portion of their compensation, as defined by the Plan, on a pre-tax basis, subject to Internal Revenue Service (“IRS”) and other limitations. Those participants who are fifty (50) years of age or older may also make a “catch up” contribution in addition to the maximum salary deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). The Company may contribute a discretionary matching contribution each year. For the year ended December 31, 2021, the Company elected to match 50% of the participants’ elective deferral contributions, up to 3% of the participants’ contributions with a maximum of 1.5% of participants’ compensation.

Participant Accounts

Each participant’s account in the Plan is credited with the participant’s contribution, an allocation of any Employer contribution and the Plan’s earnings thereon and charged with benefit payments and an allocation of the Plan’s losses and administrative expenses. Plan earnings and losses are allocated based upon account balances while contributions are credited based upon elective deferrals and compensations, as defined. Administrative expenses are charged directly to the accounts of the participant who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

A participant may direct participant contributions and any Employer contributions into any of several investment options including a guaranteed interest account or pooled separate accounts. Participants may change their investment options at their discretion.

Vesting

Participants are immediately vested in their elective deferral contributions, as well as any rollover contributions, plus or minus any earnings or losses thereon. Participants are also immediately vested in the Company’s matching portion of their accounts and the earnings and losses thereon. As participants are immediately vested in all amounts in their account, there are no forfeitures.

Southwest Florida Enterprises 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from the Plan a minimum of \$1,000 up to a maximum amount not to exceed the lesser of \$50,000 or 50% of the vested portion of their account balance. Notes receivable from participants range from 1 to 5 years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prime rate as printed in the Wall Street Journal at the time the loan is taken. Interest rates were between 5.25% and 7.50% as of December 31, 2021 and 2020. Principal and interest are paid ratably through monthly payroll deductions. Upon termination of service or termination of the Plan where benefits are paid in a lump-sum amount, the unpaid balance of the note is deducted from the participants vested balance prior to the issuance of the benefit check.

Payment of Benefits

On termination of service due to termination of employment, death, disability, or retirement, a participant or their beneficiary may elect to receive the vested portion in the participant's account in a lump sum distribution or in installment payments. In-service withdrawals are permitted from pre-tax contributions account balances upon demonstration of financial hardship or for qualified reservist reason. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA.

Administrative Expenses

The Company has absorbs a significant part of the administrative costs for the Plan, including professional fees for accounting, auditing and Plan administration, contract charges and servicing fees. Administrative fees paid by the Company are excluded from these financial statements.

Participant requested transactions such as loan origination and distribution fees are paid by the participants of the Plan. Investment management fees charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation in the fair value of investments on the statement of net assets available for benefits.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Southwest Florida Enterprises 401(k) Plan

Notes to Financial Statements

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are paid out of the participant's account when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Excess contributions were required to be made to certain active participants to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan and totaled \$25,112 as of December 31, 2020. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company, a qualified institution. At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Southwest Florida Enterprises

401(k) Plan

Notes to Financial Statements

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Guaranteed Interest Account: Fair value is determined using the discounted cash flow basis. Fair value represents the amount Plan participants would receive if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market interest rates exceed crediting rates. The guaranteed interest account provides a guaranteed interest rate for a specified period of time as determined, or allowed, by the Plan. The rate credited is the rate in effect on the day when each deposit is directed to the account. The guaranteed interest account promises a contract value for a benefit event (termination, death, disability and retirement); however, there is a possible surrender charge when funds are withdrawn prior to their maturity. Thus, the guaranteed interest account is considered non-benefit responsive. If the contract holder terminates the contract before a guaranteed interest account matures or transfers funds to other investment managers beyond the limits of the contract, the insurance company will apply an early withdrawal charge to guaranteed interest account balances.

Pooled Separate Accounts: Pooled separate accounts are valued at the net asset value of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV, as provided by Principal Life Insurance Company is used as a practical expedient to estimate fair value. NAV would not be used if it was probable that the investment would not be traded at NAV. The PSAs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. These are direct filing entities.

Southwest Florida Enterprises 401(k) Plan

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Description	Fair Value 12/31/2021	Fair Value Measurements at Reporting Date Using:			
		Quoted Prices	Significant

The following is a reconciliation of benefits paid per the financial statements to the Form 5500:

For the year ended December 31, 2021

Distributions per the financial statements	\$ 509,193
Add: prior year corrective distributions	25,112
Total distributions per the Form 5500	\$ 534,305

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements and participant account balances.

Southwest Florida Enterprises 401(k) Plan

Notes to Financial Statements

8. Related Party and Party-In-Interest Transactions

Southwest Florida Enterprises is the administrator of the Plan, and as such, executes the normal duties associated therewith. Cost incurred for audit, legal, and other administrative functions are paid by the Southwest Florida Enterprises.

Principal Life Insurance Company (“Principal”) is the custodian and recordkeeper of the Plan, and therefore, fees and expenses paid to Principal qualify as party-in-interest transactions. Principal Life Insurance Company serves as the record-keeper of the Plan and as such, fees paid for loan origination and distribution services qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

9. Tax Status

The Plan adopted its latest Prototype Non-Standardized Pre-Approved Profit Sharing Plan with a cash or deferral arrangement developed by Principal, which obtained a favorable Internal Revenue Service (“IRS”) opinion letter on June 30, 2020 in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Internal Revenue Code (“Code”) and that any employer adopting this form of the plan will be considered to have a plan qualified under the Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan has evaluated subsequent events through December 15, 2022, which is the date the financial statements were available to be issued. There were no other subsequent events requiring adjustments or disclosures to the financial statements.
