Independent Auditor's Report

Plan Administrator
Gellert Global Group Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Gellert Global Group Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, schedule H, part IV, line 4(a)—schedule of delinquent participant contributions for the year ended December 31, 2021 and schedule H, part IV, line 4(i)—schedule of assets (held at end of year) as of December 31, 2021, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated December 21, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Gellert Global Group Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Gellert Global Group Retirement Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) profit-sharing plan established on January 1, 1976, covering eligible employees of Atalanta Corporation, J.F. Braun & Sons, Inc., Camerican International, Inc., Gellfam Management Corp., GHG Holdings LLC and KH International, Inc. Effective October 1, 2021, KH International, Inc. merged into Camerican International, Inc. The participating employers in the Plan are collectively referred to as "the Company".

The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Each employee of the Company becomes eligible to participate in the Plan upon meeting all of the following requirements:

- 1) Attaining 18 years of age (Prior to January 1, 2019, the age requirement was 21 years)
- 2) Completing three months of service

Plan trustees: Effective February 2021, Bank of America, N.A. (Bank of America) became the trustee of Plan investments, replacing State Street Bank and Trust Company (State Street).

Plan custodians: Plan investments were held by State Street under a custodian contract through January 2021. Effective February 2021, Bank of America became the custodian of the Plan's assets.

Plan administration: The Plan is administered by Gellert Global Group. Transamerica Retirement Solutions Corporation (Transamerica) was the Plan's third-party administrator and recordkeeper through January 2021. Effective February 2021, Merrill Lynch, Pierce, Fenner & Smith Incorporated (Merrill Lynch), a subsidiary of Bank of America Corporation, became the third-party administrator and recordkeeper.

Contributions: Participants may direct the Plan to deposit up to 100% of their annual compensation directly into their Plan accounts on a before-tax basis, subject to IRC limitations. The Company makes safe harbor matching contributions at a rate of 100% of the first 3% of salary deferrals plus 50% of the next 2% of salary deferral, up to 4% of an employee's eligible compensation. Participants may also designate all or any part of their salary deferral contributions to the Plan as Roth deferrals.

Participants who are age 50 or older before the close of the plan year may elect to make a catch-up contribution, subject to IRC limitations. The Company makes matching contributions on participant catch-up contributions if the participant was unable to receive the maximum match under the Plan formula because of IRC limitations on salary deferral contributions.

Participant accounts: Each participant's account is credited with the participant's contribution, a share of the Plan's matching contribution, investment earnings or losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. An election may be made upon retirement, death, or termination to be paid in a lump sum or an annuity.

Gellert Global Group Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Investment choices: Upon enrollment in the Plan and anytime thereafter, a participant may elect to direct contributions or investment balances among the various investment options.

Vesting: Participants are immediately vested in all employee contributions made to their accounts, plus actual earnings thereon and employer safe harbor matching contributions.

Payment of benefits: The distribution to which a plan participant is entitled is the participant's vested account balance, including net realized and unrealized investment gains or losses. An election may be made upon termination, retirement, disability, or death to be paid in a lump sum or an annuity.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 (reduced in the case of participants' prior loans outstanding) or 50% of the vested account balance from their accounts. The loans are secured by the balance in the participant's account, are withdrawn on a pro rata basis from the investments in the participant's account, and bear interest at the prime rate plus 1%. The loan term, as approved by the Plan's Committee, cannot exceed five years, except for a loan for a primary residence, which can be extended. Pro rata repayments of principal and interest, generally through monthly payroll deductions, are credited directly to the borrower's account. Delinquent loans are treated as distributions based on the terms of the Plan document.

Administrative expenses: Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor, as provided in the Plan document.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan also invests in investment contracts that are reported at contract value, as defined by the terms of the contract, at the measurement date (see Note 5 for discussion of valuation measurements).

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Other income: The Plan may receive revenue sharing payments from investments in which the Plan's assets are invested. The administrative services agreements between the Plan and the Trustees provides that to the extent that revenues sharing payments received by the Trustees exceed administrative fees charged to the Plan by the Trustees, the excess will be credited to the Plan's revenue sharing accounts and used to reduce Plan expenses. These credits are included in other income in the statement of changes in net assets available for benefits. During the year ended December 31, 2021, the Company used approximately \$67,000 from these accounts to pay administrative expenses.

Gellert Global Group Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

As of December 31, 2021 and 2020, unallocated nonvested amounts totaled approximately \$189,000 and \$100,000, respectively.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document.

Note 3. Insurance Company Investments

New York Life Insurance Company: The Plan entered into a traditional insurance investment contract with New York Life Insurance Company (New York Life) in 2021. With traditional investment contracts, the Plan owns only the contract itself and not the underlying assets. The insurance investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value was \$7,829,499 as of December 31, 2021.

New York Life Insurance maintains the contributions under the investment contract in a pooled separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contributions to the contract are invested in New York Life's Pooled Separate Account No. 25 (Separate Account). The Separate Account is invested primarily in a diversified and conservative array of fixed income securities and cash equivalent investments. The investments in the Separate Account are intended to provide a stable crediting rate consistent with preservation of principal. The assets in this account are owned by New York Life and maintained solely for the benefit of participating retirement plans. The Separate Account is not chargeable with any other liabilities arising out of any other business of New York Life.

The insurance investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed periodically for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Gellert Global Group Retirement Plan

Notes to Financial Statements

Note 3. Insurance Company Investments (Continued)

Transamerica Financial Life Insurance Company (TFLIC): The Plan had an insurance contract with TFLIC in 2020. TFLIC maintained the contributions in a general account. The Plan did not own any underlying securities of the TFLIC general account. The Plan had guaranteed benefits under the terms of the contract. The Plan's account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The investment contract was reported at fair value as the investment contract was not fully benefit-responsive as there were no participant funds invested in this account. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates were reviewed and reset each time contributions were made to the account. The fair value of the contract was \$100,252 at December 31, 2020 and the guaranteed interest rate was approximately 1.0% during 2020.

Note 4. Information Certified and Provided by Plan Custodians

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, that was prepared by or derived from information provided by the custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that the information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information, that appears throughout the financial statements and ERISA-required supplemental schedules, related to the following assets at December 31, 2021 and 2020:

	2021	2020
Cash	\$ 494	\$ -
Investments:

Note 5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Fair values are based on the daily price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, and are classified as Level 1 investments.

Money market fund: The carrying amount approximates fair value because the instrument is liquid in nature, and it is classified as a Level 1 investment.

Common collective trust funds: Stable value funds that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transaction (purchases and sales) may occur daily. If the Plan initiates a full redemption from the fund, the issuer reserves the right to defer payments for up to one year in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 5. Fair Value Measurements (Continued)

Insurance company general account: A stable value account valued at fair value (see Note 3), which is classified as a Level 3 investment. If the Plan does not provide 12 months' advance written notice of termination, the Plan's balance in the account may be subject to a market value adjustment.

Life insurance contracts: Valued at the cash surrender value of the policies as reported by the insurer, and which are classified as Level 3 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

Investments measured at net asset value (a)				7,497,553
Total investments				<u>\$ 67,740,983</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share as of December 31, 2021 and 2020:

Investment	2021 Fair Value	2020 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Transamerica Collective Trust Fund (b)	\$ -	\$ 7,497,553	\$ -	Daily	12 months
Columbia Trust Dividend Income Fund I (c)	\$ 6,877,314	-	\$ -	Daily	12 months

- (b) The Transamerica Collective Trust Fund invests in Wells Fargo Stable Return Fund W, which invests wholly in Wells Fargo Value Return Fund G (Wells Fargo G). Wells Fargo G is a collective trust fund sponsored by the Wells Fargo Bank, N.A., which invests in stable value investment vehicles such as guaranteed investment contracts, bank investment contracts and synthetic guaranteed investment contracts issued by highly rated financial institutions and corporations, as well as obligations of the U.S. Government or its agencies. Wells Fargo G seeks to provide investors with a moderate level of stable income without principal volatility.
- (c) The Columbia Trust Dividend Income Fund I invests in the Columbia Trust Dividend Income Fund (Underlying Fund). The Underlying Fund is sponsored by Ameriprise Financial, which principally invests in a diversified portfolio of income-producing equity securities, including common stocks, preferred stocks and convertible securities. The Underlying Fund's primary objective is to provide total return, consisting of current income and capital appreciation.

The following table sets forth the activity in the Plans Level 3 investments for the years ended December 31, 2021 and 2020:

	Insurance Company General Account		Life Insurance Contracts	
	2021	2020	2021	2020
Balance, beginning of year	\$ 100,252	\$ 55,524	\$ 833,245	\$ 814,866
Purchases	10,705	137,606	-	-
Earnings	6	125	33,286	18,379
Sales / Conversions	(110,963)	(93,003)	(188,575)	-
Balance, end of year	\$ -	\$ 100,252	\$ 677,956	\$ 833,245

The Plan's life insurance contracts, which are reported as Level 3 assets, may be subject to certain liquidity restrictions. No unobservable inputs have been utilized in the valuation of these investments.

Note 6. Exempt Party-In-Interest Transactions

The Plan's investments include units of a common collective trust fund offered through Transamerica Retirement Solutions Collective Trust, mutual funds issued by Transamerica Partners Funds Group and assets invested in an insurance company/general account offered through Transamerica Financial Life Insurance Company. These entities are affiliates of Transamerica Retirement Solutions Corporation, the Plan's third-party administrator and recordkeeper. Accordingly, these transactions qualify as party-in-interest transactions.

Note 7. Risks and Uncertainties

The Plan provides for various investment options in combinations of mutual funds and other investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their accounts.

Note 9. Tax Status

The Plan obtained its latest determination letter, dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2021 and 2020 and for the year ended December 31, 2021.

Note 10. Prohibited Transactions

The Plan Sponsor inadvertently failed to deposit \$1,075,452 of participant contributions during 2021 within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor will deposit the late contributions and lost earnings to correct this failure in 2022. The lost earnings correction will be made from the Plan Sponsor's assets and not from assets of the Plan.

Note 11. Subsequent Events

The Plan has evaluated subsequent events through January 11, 2023, the date the financial statements were available to be issued.
