Eyecare Medical Group Employee Stock Ownership 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the accompanying financial statements of Eyecare Medical Group Employee Stock Ownership 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with U.S. generally accepted auditing standards (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EYECARE MEDICAL GROUP EMPLOYEE STOCK OWNERSHIP 401(K) PLAN

Notes to Financial Statements

December 31, 2021

1. Description of Plan

The following description of Eyecare Medical Group Employee Stock Ownership 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Eyecare Medical Group (the Plan Sponsor or Company) established the Plan effective January 1, 2021. The Plan is administered by Blue Ridge ESOP Associates (or "Plan Administrator") who is appointed by the Company.

During 2021, another plan sponsored by the Company merged into the Plan. All Plan assets were transferred from the Eyecare Medical Group Profit Sharing Plan effective December 15, 2021. Participants were immediately eligible to participate in the Plan upon entrance.

The Plan consists of two components. One component is an employee stock ownership plan (ESOP). The Plan Sponsor issued 100,000 shares of common stock to the Plan on February 1, 2021 for \$56,000 at a value of \$0.56 per share. The Plan entered into a loan and pledge agreement with the Plan Sponsor and gave a \$20,000 note to the Plan Sponsor for the purchase of 35,714.29 shares, as described in Note 6 to the financial statements. The Plan Sponsor contributed \$36,000 in cash to the Plan that the Plan used to purchase 64,285.71 shares.

Any shares purchased through the proceeds from loans are held in the trust established by the Plan Sponsor together with the Plan and considered unallocated. The loan is to be repaid by Plan Sponsor contributions to the trust fund. As the Plan makes each payment on the note, shares held as collateral are released in accordance with the applicable amortization schedule and are allocated to eligible participants' accounts in accordance with the Plan terms and in compliance with applicable regulations under the Internal Revenue Code of 1986, as amended (the Code). Accordingly, the financial statements of the Plan present separately the assets and liabilities of the Plan and changes in net assets available for benefits pertaining to:

- 1) The accounts of participants with rights in allocated stock (Allocated), and
- 2) Stock not yet allocated to participants (Unallocated).

The Company is a Subchapter S corporation and under the terms of the Plan shares of the Company cannot be held directly by participants following a distribution. When a participant is to receive a distribution of shares, the Company is responsible for providing the funds to redeem those shares. Shares may be distributed subject to a forced sale to the Company and the Company is obligated to redeem the shares. The Company may determine that the Plan will redeem the shares to be distributed; in that case the Company will make a contribution to the Plan to fund the redemption by the Plan, make a loan to the Plan to fund the redemption or a combination of contribution and loan. If the Company lends funds to the Plan to fund distributions, the Company will make the contributions required by the Plan to repay such loans and the shares redeemed with such loan proceeds will be held as collateral for such loans.

EYECARE MEDICAL GROUP EMPLOYEE STOCK OWNERSHIP 401(K) PLAN

Notes to Financial Statements

December 31, 2021

The other component is a 401(k) plan (401(k) Plan). The Plan is designed to comply with Sections 4975(e)(7) and 401(k) and the regulations thereunder of the Code. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Substantially all employees who have completed one year of service are eligible to participate in the Plan. An employee becomes a participant on the first day of the Plan year after completing a year of service.

Contributions

Participants may make salary reduction contributions of up to 75% of their compensation subject to Internal Revenue Service (IRS) limitations and may direct their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified plans into the 401(k) Plan. The Company may make a discretionary matching and/or non-elective contribution to eligible participants. The Employer makes non-elective Safe Harbor contributions to the Plan totaling 3% of the participants' eligible compensation. The Company may make a discretionary profit sharing contribution to the Non-ESOP accounts.

Voting Rights

The Administrator typically will decide how shares of the Plan Sponsor common stock held by the Plan will be voted. In certain situations, the participants have the right to decide how shares of the Plan Sponsor common stock allocated to their accounts will be voted.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions and the Company's contributions, an allocation of shares of the Plan Sponsor common stock and forfeitures as determined by the Committee, an allocation of Plan earnings (or losses) and an allocation of administrative expenses. Allocations are based on a participant's eligible compensation, relative to total compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer safe harbor contributions plus actual earnings thereon, with the exception of employer contributions that are contributed to satisfy the Plan's annual debt service payments on its notes payable and matching and non-elective employer contributions. For such contributions, a participant vests 20% per year until the participant is fully vested. A participant also becomes fully vested when the participant reaches

EYECARE MEDICAL GROUP EMPLOYEE STOCK OWNERSHIP 401(K) PLAN

Notes to Financial Statements

December 31, 2021

Normal Retirement Age (age 65) or in the event of death or disability. A participant becomes fully vested in the discretionary employer profit sharing contribution after three years.

Benefit Payments

Distribution Events and Forms of Distribution

Participants' benefits become eligible for distribution after the last day of the Plan year in which a participant reaches Early Retirement Age (the later of the date on which the participant attains age sixty or the twentieth anniversary date on which the participant commenced employment with the Plan Sponsor), reaches Normal Retirement Age, dies, becomes disabled, or terminates employment with the Plan Sponsor. Distributions from the ESOP are generally made in substantially equal annual installments over a period of five years. Distributions from the 401(k) Plan may be distributed in the form of a single lump sum payment unless the participant elects to have their benefit distributed through substantially equal installments. Distributions of vested balances in excess of \$5,000 require written consent by the participant. With respect to distributions from ESOP accounts, distributions of a participant's vested interest may be made in cash or in whole shares of Plan Sponsor common stock, with cash equal to the value of any fractional shares.

Distribution Elections and Commencement

A participant is entitled to elect to commence a distribution of their benefits within one year of attaining Early or Normal Retirement Age, within one year of death or disability, or within five years of severance of employment. If no election is made by a participant, distribution of their benefits will commence no later than the sixtieth day after the latest of the close of the Plan year in which the participant attains Normal Retirement Age, completes their ten-year anniversary of Plan participation, or terminates employment with the Plan Sponsor.

With respect to the ESOP, if the Company determines that it has sufficient liquidity and there is a timely valuation, it may permit for a distribution to commence as soon as administratively feasible. In the event a participant has terminated employment before attaining Early Retirement Age, Normal Retirement Age, or becoming disabled, the participant may defer their distributions attributable to their ESOP account for a period up to the sixth year following termination, regardless of whether or not the amounts have been diversified.

In-Service Distributions

Participants who have attained age 59½ may take an in-service withdrawal of all vested amounts attributable to their 401(k) Plan account. Participants are also permitted to make hardship withdrawals from their 401(k) Plan account provided they meet certain criteria and the withdrawal is approved by the plan administrator.

EYECARE MEDICAL GROUP EMPLOYEE STOCK OWNERSHIP 401(K) PLAN

Notes to Financial Statements

December 31, 2021

Put Option

Under federal income tax regulations, the shares of the Plan Sponsor common stock that are held by the Plan and its participants and that are not readily tradeable on an established market, or are subject to trading limitations, include a put option. The put option is a right to demand that the Plan Sponsor buy any shares of its common stock distributed to participants for which there is no market. The put price is the then-fair market value, as determined by an independent appraiser. The Plan Sponsor can pay for the purchase with interest over a period not exceeding five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Notes Receivable from Participants

Participants may borrow up to \$50,000 from their 401(k) Plan accounts limited to 50% of the participant's vested balance subject to certain limitations. Loan terms may not exceed more than five years. The loans bear interest at a rate commensurate with local prevailing rates for other loans of this type. The loans are collateralized by the balance in the participant's account.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in the Plan Sponsor common stock into investments that are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, eligible participants may diversify up to 25% of the number of shares of the Plan Sponsor common stock allocated to their account. In the sixth year, the percentage changes to 50%. Participants who elect to diversify pursuant to this paragraph will have the elected amount transferred to their 401(k) Plan account or, at the discretion of the Company, such amount may be distributed to the participant.

At such times when the Company has a current appraisal and there is sufficient liquidity to do so, the Company may, in its sole discretion (i) cause the diversification of all or some portion of ESOP accounts of participants whose benefits are eligible for distribution or (ii) notify all participants that they may diversify all or a portion of their ESOP account by notifying the plan administrator in writing. Diversifications made pursuant to this paragraph will be transferred to the participant's 401(k) Plan account.

Forfeitures

ESOP forfeitures are allocated to eligible participants based on a participant's eligible compensation, relative to total compensation. The 401(k) Plan forfeitures may also be allocated to eligible participants or may be utilized to pay the Plan's administrative expenses. Participants who are not employed on the last working day of a Plan year are generally not eligible to share in the allocation of forfeitures for such year. At December 31, 2021, no forfeited cash or shares of terminated non-vested account balances were allocated to the remaining participants.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Investments

The shares of the Plan Sponsor common stock are valued at estimated fair value, which is determined by annual independent appraisals. The per share fair value at December 31, 2021 was \$30.02. The Plan's mutual fund investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of the common/collective trusts are valued at the underlying net asset value (NAV) of units held by the Plan at year-end.

See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan Sponsor, to the extent they are not paid by the Plan.

EYECARE MEDICAL GROUP EMPLOYEE STOCK OWNERSHIP 401(K) PLAN

Notes to Financial Statements

December 31, 2021

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, including shares of the Plan Sponsor common stock, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the investments, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Management has considered transactions or events occurring through December 20, 2022, the date the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Information Prepared and Certified by the Custodian

The investments and investment transactions, other than the Plan Sponsor common stock, and notes receivable from participants, were obtained by management and agreed to or derived from the information certified by Great-West Trust Company, LLC, the custodian, as complete and accurate. This information is included in the following:

- Statement of Net Assets Available for Benefits
- Statement of Changes in Net Assets Available for Benefits
- Schedule H, line 4i - Schedule of Assets (Held at End of Year)

4. Fair Value Measurement

The fair value measurement accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

EYECARE MEDICAL GROUP EMPLOYEE STOCK OWNERSHIP 401(K) PLAN

Notes to Financial Statements

December 31, 2021

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Plan Sponsor common stock: Valued at fair value based upon an independent appraisal utilizing income and asset valuation approaches.

Mutual funds: Valued at the NAV of shares (based on quoted market prices) held by the Plan at year-end.

Fixed annuity: Valued daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Common/collective trust: Valued using the market approach based on the NAV of the units held by the Plan at year-end. The NAV is provided by the custodian and is used as a practical expedient to estimate fair value. No redemption notice is required prior to withdrawal of funds.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021.

	Assets at Fair Value as of December 31, 2021			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
