The Plan Administrator, Management and Retirement Committee of
Centris Federal Credit Union 401(k) Plan
Omaha, Nebraska:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of the Centris Federal Credit Union 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of March 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended March 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Centris Federal Credit Union 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Centris Federal Credit Union 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Centris Federal Credit Union 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Centris Federal Credit Union 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of March 31, 2022 (Schedule 1), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2021 financial statements of the Centris Federal Credit Union 401(k) Plan were audited by Seim Johnson, LLP, who joined Eide Bailly LLP on July 25, 2022. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated January 6, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Centris Federal Credit Union 401(k) Plan

Notes to Financial Statements March 31, 2022 and 2021

(1) Description of Plan

The following description of the Centris Federal Credit Union 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan sponsored by Centris Federal Credit Union (the Company). The assets are maintained under an agreement between Principal Trust Company (Trustee) and the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

B. Contributions

Participants may contribute up to 75% of their compensation in connection with the 401(k) provisions of the Plan, as either pre-tax or designated Roth (after-tax) deferrals, up to the maximum dollar limits allowed by law. Participants are automatically enrolled with an initial 3% salary deferral contribution and their contributions are invested in a designated fund until changed by the participant. At any time, a participant can elect not to contribute or may increase or decrease his or her deferral to any rate allowed under Plan provisions. If participants do not choose a different percentage (including zero), the percentage will be automatically increased annually on the first day of the Plan year by 1% up to a maximum percentage of 5%.

Participants may also contribute amounts representing distributions from other qualified plans (rollovers). All participants who are eligible to make salary deferral contributions and who will attain age 50 before the close of the calendar year are eligible to make catch-up contributions. The Plan allows all contributions to be participant directed. Contributions are subject to Internal Revenue Service (IRS) limits.

The Company may also make discretionary matching contributions. Effective October 1, 2011, participants in the Centris Federal Credit Union Retirement Plan (Pension Plan) had the one-time option to remain an active participant in the Pension Plan or have their accrued benefits frozen effective April 1, 2012. Employees who chose to have their accrued benefits frozen or who were hired subsequent to October 1, 2011 are eligible to receive discretionary Company matching contributions beginning on April 1, 2012. For the year ended March 31, 2022, the Company matched 5% of participant's compensation.

C. Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, the Company's contributions as well as allocations of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

D. Eligibility

Employees are eligible to make salary reduction contributions and receive discretionary Company matching contributions after attaining age 18 and completing six months of service. Eligible employees become participants on the first day of the month coinciding with or following the date on which entry requirements are fulfilled.

E. Vesting

Participants who terminate from employment on or after April 1, 2018 are 100% vested in all contributions.

Centris Federal Credit Union 401(k) Plan

Notes to Financial Statements March 31, 2022 and 2021

Participants who terminated prior to April 1, 2018 are fully vested in their contributions, as well as rollover contributions, plus actual earnings thereon. These participants were vested in the Company's contributions to the Plan based on years of service. A participant is 100% vested after three years (at least 1,000 hours per year) of credited service. Prior to completing three years of service participants were 0% vested in Company contributions. Separate provisions apply in the event of death or disability of the participant.

F. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Note terms range from one to five years. Principal and interest are paid ratably through periodic payroll deductions. At March 31, 2022, note interest rates ranged from 5.25% to 7.50% and mature from April 2022 through March 2027.

G. Payment of Benefits

Upon termination, disability, retirement or death, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the vested funds allocated to the participant's account. In the event the participant does not make an election, distribution payments between \$1,000 and \$5,000 will be directly rolled over to an individual retirement account designated by the Plan Administrator and management and distribution payments less than \$1,000 will be paid out to the participant.

H. Forfeited Accounts

Participants leaving employment with the Company prior to April 1, 2018 before becoming fully vested forfeit their nonvested interest in the Company's contributions. These forfeitures will be used to reduce the Company's current or future contributions under the Plan or pay Plan expenses. At March 31, 2022 and 2021, forfeited non-vested accounts totaled \$1 and \$816, respectively. For the year ended March 31, 2022, \$2,260 of forfeitures were used to reduce Company contributions and \$109 were used to pay Plan expenses.

(2) Summary of Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. The Retirement Committee determines the Plan's valuation policies utilizing information provided by investment advisers and the Trustee.

Centris Federal Credit Union 401(k) Plan

Notes to Financial Statements March 31, 2022 and 2021

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 31, 2022 or 2021.

E. Payment of Benefits

Benefit payments to participants are recorded when paid.

F. Administrative Expenses

Administrative fees and expenses of the Plan may be paid out of the Plan assets unless paid by the Company. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Company. Expenses paid by the Company are excluded from these financial statements.

G. Subsequent Events

The Plan Administrator and management considered events occurring through January 5, 2023, the date the financial statements were available to be issued.

(3) Investment Contract with Insurance Company

The Plan has a traditional fully benefit-responsive investment contract with Principal Life Insurance Company (Principal), totaling \$772,036 and \$626,341 at March 31, 2022 and 2021, respectively. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Termination of the Plan will limit the ability of the Plan to transact at contract value with the issuer. No event is probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Notes to Financial Statements March 31, 2022 and 2021

(4) Information Certified and Provided by Principal Trust Company (Trustee)

The following is a summary of the information as of March 31, 2022 and 2021, and for the year ended March 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator and management. The Plan Administrator and management have obtained certifications from the Trustee that information provided to the Plan Administrator and management by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator and management instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following information.

The Trustee certified to the completeness and accuracy of \$12,414,821 and \$11,893,686 of investments at March 31, 2022 and 2021, respectively; \$338,556 and \$323,930 of notes receivable from participants at March 31, 2022 and 2021, respectively; \$245,102 of net appreciation in fair value of investments (including realized gains and losses on investments bought and sold, as well as unrealized gains and losses on investments held during the year), \$107,645 of interest and dividend income from investments and \$19,830 of interest on notes receivable from participants for the year ended March 31, 2022.

(5) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|----------------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2022 and 2021:

Mutual funds: Valued at fair value as determined by quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of the fund's underlying investments at year end. The NAV, as provided by Principal, is used as a practical expedient to estimate fair value.

Notes to Financial Statements March 31, 2022 and 2021

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2022 and 2021:

	Investments at Fair Value as of March 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,482,248	--	--	7,482,248
Pooled separate accounts measured at net asset value (a)				4,160,537
Total investments at fair value				\$ 11,642,785

	Investments at Fair Value as of March 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,700,702	--	--	6,700,702
Pooled separate accounts measured at net asset value (a)				4,566,643
Total investments at fair value				\$ 11,267,345

- (a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(6) Fair Value of Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent)

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of March 31, 2022 and 2021:

March 31, 2022				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 4,160,537	--	^	None

March 31, 2021				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 4,566,643	--	^	None

^ Certain funds can be redeemed once per 30 day period, twice per 90 day period, or twice per calendar quarter with a threshold of \$15,000.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

(8) Tax Status

The Plan has adopted a volume submitter profit sharing plan. The volume submitter profit sharing plan received an advisory letter from the Internal Revenue Service as to the volume submitter profit sharing plan's qualified status dated August 8, 2014. The volume submitter profit sharing plan advisory letter has been relied upon by this Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine examinations by taxing authorities; however, there are currently no examinations for any tax periods in progress.

(9) Party-In-Interest Transactions

Certain Plan investments are shares of a guaranteed investment contract and pooled separate accounts that are managed by Principal Life Insurance Company, a related party of Principal Trust Company. Principal Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services provided by Principal Trust Company amounted to \$81,663 for the year ended March 31, 2022.

(10) Risks and Uncertainties

The Plan generally invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(11) Subsequent Events

Effective June 1, 2022, the Plan adopted a non-standardized pre-approved plan document sponsored by Principal Life Insurance Company. The non-standardized pre-approved plan has received an opinion letter from the Internal Revenue Service as to the non-standardized pre-approved plan's qualified status dated June 30, 2020. The non-standardized pre-approved plan opinion has been relied upon by this Plan.
