INDEPENDENT AUDITORS' REPORT

Plan Administrator
Preston Memorial Hospital Deferred
Compensation Plan
Kingwood, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed the audits of the financial statements of the Preston Memorial Hospital Deferred Compensation Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of April 1, 2022, and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022, through April 1, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of April 1, 2022, and December 31, 2021, and for the period from January 1, 2022, through April 1, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is either complete and accurate, or complete and accurate to the best of its knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger and Liquidation Basis of Accounting

As discussed in Note 9 to the financial statements, the governing body of the Plan approved a plan of liquidation on September 24, 2021, and management determined liquidation to be imminent. As a result, the Plan has changed its basis of accounting from the going-concern basis of accounting used in presenting the 2021 financial statements to the liquidation basis of accounting used in presenting the 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

PRESTON MEMORIAL HOSPITAL DEFERRED COMPENSATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a brief description of the Preston Memorial Hospital Deferred Compensation Plan (Plan) and provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a complete description of the Plan's provisions.

General: The Plan was a defined contribution plan covering substantially all employees of Preston Memorial Hospital (Hospital), the Plan Sponsor. The Plan was intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan had an effective date of July 1, 2016.

Effective April 1, 2022, the Plan merged with and transferred rights to the assets of the Plan to the Monongalia Health System 401(k) Savings Plan, which is sponsored by the Monongalia Health System. This merger was part of the alignment of benefits between Monongalia Health System and Preston Memorial Hospital.

Eligibility: Employees were eligible to participate in the Plan if they were 21 or older and had at least 30 days of service.

Contributions: The Plan received only employer contributions. Participants may have rolled over amounts representing distributions from other qualified defined benefit or defined contribution plans.

Matching and profit sharing contributions from the Hospital were determined by the Board of Directors at their discretion each taxable year and may not exceed the maximum amount allowable under IRC Section 404.

Discretionary contributions from the Hospital for the period from January 1, 2022, through April 1, 2022, were equal to fifty percent (50%) of the participant's elective deferral up to a maximum of six percent (6%) of eligible compensation. Effective January 9, 2022, discretionary contributions increased to 100% on the first 3% of employee contributions and 50% on the next 2%, for a 4% total match.

No profit-sharing contribution was made for the period from January 1, 2022, through April 1, 2022.

Participant accounts: Each participant's account was (a) credited with the Hospital's discretionary contributions, (b) credited (reduced) with an allocation of investment income (loss) and appreciation (depreciation) in the fair value of the investments, (c) reduced by the participant's withdrawals, and (d) reduced by an allocation of administrative expenses. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Allocations are based on participant earnings or account balances, as defined by the Plan.

Notes receivable from participants: Loans were not permitted under the Plan.

Vesting: Vesting in the employer contributions portion of their accounts plus actual earnings thereon was based on years of continuous service. A participant became 100 percent vested after five years of credited service as defined in the Plan document. The Plan was amended on September 29, 2020, to recognize prior services for vesting purposes for Mon Health System (an affiliated entity). All vested employees had a three year cliff vesting schedule applied when transferring to Mon Health Medical Center or Mon Health System.

The Plan was amended on July 1, 2021, to indicate any participant, whose employment was separated due to an involuntary transfer to an affiliated entity, became 100% vested in all accounts upon the date of separation.

PRESTON MEMORIAL HOSPITAL DEFERRED COMPENSATION PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of benefits: On termination of service due to death, disability, termination, or retirement, a participant may elect to have received a lump-sum payment equal to the value of the participant's vested interest in his or her account. The Plan also allowed for in-service hardship withdrawals upon determination of a financial hardship. All fully vested balances were available for distribution after the participant reached the age of 59½.

Investment options: Participants were allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants could change their allocation on a daily basis.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affected the determination of net assets available for benefits and changes in net assets available for benefits were as follows:

Basis of accounting: The financial statements of the Plan were prepared under the liquidation basis of accounting.

Use of estimates: The preparation of financial statements in accordance with the liquidation basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments in mutual funds were stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

Contract value was the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because the contract value was the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of these investments were recorded on a trade date basis. Dividends were recorded on the ex-dividend date and interest income was recorded on the accrual basis. Net appreciation (depreciation) included the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Payment of benefits: Benefit payments were recorded when paid.

Administrative expenses: The Plan's administrative expenses could be paid by either the Plan or the Hospital as provided by the Plan document.

Subsequent events: In preparing these financial statements, the Plan Administrator evaluated events that occurred through January 12, 2023, the date the financial statements were available to be issued, for potential recognition or disclosure.

PRESTON MEMORIAL HOSPITAL DEFERRED COMPENSATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified and Provided by Trustees

The Plan Administrator had elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA for 2022 and 2021. Accordingly, Empower Retirement, Great-West Life & Annuity Insurance Company and Subsidiary, Great-West Trust Company, LLC (Empower), a Trustee of the Plan, has certified to the completeness and accuracy of all investments reported on the accompanying statement of net assets available for benefits as of April 1, 2022, and the related investment activity reported on the statement of changes in net assets available for benefits for the period from January 1, 2022, through April 1, 2022. Reliance Trust Company, a Trustee of the Plan, has certified to the completeness and accuracy to the best of its knowledge and belief of all investments reported on the accompanying statement of net assets available for benefits as of December 31, 2021.

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of April 1, 2022, or December 31, 2021:

Mutual funds: Valued based on quoted market prices.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

PRESTON MEMORIAL HOSPITAL DEFERRED COMPENSATION PLAN

NOTES TO FINANCIAL STATEMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2021:

	Assets at Fair Value as of			
	December 31, 2021			
	Total	Level I	Level II	Level III
Investments in the fair value hierarchy:				
Mutual funds	\$ 8,198,056	\$ 8,198,056	\$ -	\$ -

Note 5. Investment Contract With Insurance Company

The Plan included as an investment option participation in the Mass Mutual Guaranteed Interest Account, a fully benefit-responsive guaranteed investment contract. Mass Mutual maintained the contributions in a general account. The account was credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

There were no reserves against contract value for credit risks of the contract issuer or otherwise. Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan; or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, was probable. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Party-in-Interest Transactions

Certain Plan investments were managed by Reliance Trust Company and Empower Retirement, the Trustees, as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions.

Fees paid by the Plan for Trustee and asset management services for the period from January 1, 2022, through April 1, 2022, totaled \$5,994. Certain administrative functions were performed by employees of the Hospital. No such employees received compensation from the Plan.

Note 7. Plan Termination

Although it had not expressed any intent to do so, the Hospital had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA (Note 9).

PRESTON MEMORIAL HOSPITAL DEFERRED COMPENSATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 8. Tax Status

The Internal Revenue Service had determined and informed the Hospital by letter dated March 31, 2014, that the Plan and related trust were designed in accordance with the applicable sections of the IRC. The Plan had been amended since receiving the determination letter. Plan management believed the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax had been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for years ended December 31, 2019, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 9. Plan Transfers

Funds transferred out of the Plan reflected amounts transferred to the Monongalia Health System 401(k) Savings Plan related to the merger, effective April 1, 2022, and amounted to 7,911,557.

Note 10. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks.
