Independent Auditors' Report

To the Plan Sponsor and Administrator
Scotto Steakhouse 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Scotto Steakhouse 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Scotto Steakhouse 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Scotto Steakhouse 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Scotto Steakhouse 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Scotto Steakhouse 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Plan Sponsor and Administrator
Scotto Steakhouse 401(k) Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Scotto Steakhouse 401(k) Plan as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of Scotto Steakhouse 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 2015, is a defined contribution plan covering eligible employees of Scotto LLC, Melville Steakhouse LLC, Jericho Restaurant LLC, One North 106 LLC, and Smithtown Steakhouse LLC (the "Company"). Effective March 1, 2021, the Plan was amended to include participating affiliates SS 110 LLC and SS Bijou, LLC. All employees who have attained the age of twenty one with one year of service and completing 1,000 hours of service, are eligible to participate in the Plan. An employee entry date into the Plan is the first day of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participant Salary Deferral

Participants in the Plan may contribute a discretionary amount of their annual compensation and bonus provided that the participant's contribution does not exceed the maximum dollar amount determined by the Internal Revenue Service ("IRS") each year, which is $19,500 for the year ended December 31, 2021 and 2020. Employees over the age of 50 can elect to contribute an additional $6,500 for each of the years ended December 31, 2021 and 2020.. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Discretionary Matching Contributions

Participants are eligible to receive a discretionary matching contribution based on a discretionary percentage. During the year ended December 31, 2021, the Company made no matching contributions.

Employer Nonelective Contributions

The Company may decide to make a nonelective contribution to the Plan, although the Company is not required to do so. The nonelective contribution will be allocated to all employees eligible to participate in the Plan. The employee's share of the nonelective contribution is in proportion to their eligible earnings compared to the eligible earnings of the other employees who will also share in the contribution. The nonelective contribution, if made, will be allocated as of the end of each plan year based on eligible earnings within the computation period. No nonelective contributions were made for the year ended December 31, 2021.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's discretionary matching and nonelective contributions plus actual earnings thereon based on the following schedule:

Years of Service	Vesting Requirement
Less than two years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participant Accounts
Individual participant accounts are credited with applicable participant contributions, an allocation of the Company's contributions, and investment earnings or losses, and are charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures
A participant who terminates employment and is less than 100% vested forfeits the non-vested portion of their account. Forfeitures attributable to employer matching and nonelective contributions are used to reduce administrative expenses of the Plan with any remaining amounts to be used to reduce the employer match. For the year ended December 31, 2021 there were no forfeitures.

Investment Options
Participants may direct contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. For participants who do not make an investment election, the accounts will be invested in accordance with the default investment alternatives established by the Plan.

Distributions
Distributions from the Plan are permitted under the following circumstances: (i) attainment of age 59 ½, (ii) termination of employment, (iii) death or permanent disability, and (iv) a proven hardship. Distributions from a participant's account are made in the form of a lump-sum payment or an ad-hoc payment. If a participant's account balance does not exceed $5,000, the distributions can only be made in the form of a lump-sum payment and may be distributed to a terminated participant without consent.

Notes Receivable from Participants
In general, the Plan administrator may permit participants to borrow from their fund accounts a minimum of $500 not to exceed the lesser of either (i) $50,000 or (ii) 50% of the vested amount of the participant's account attributable to salary deferrals and rollovers from other plans. Participants are allowed one outstanding loan at a time.

Loans are secured by the balance in the participant's account and bear interest at the prevailing prime rate plus 2% on the origination date of the loan (rate at December 31, 2021 and 2020, was 5.25%). A loan shall be repaid over a period of up to five years unless the loan is for the purchase of a primary residence, which can be repaid over a period of thirty years. Loans are repaid through payroll deductions. At December 31, 2021 and 2020, participant loans were $2,595 and $1,809, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements have been prepared using the accrual method of accounting.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Dividends are recorded on the ex-dividend date. Interest is included in income when earned, based on the terms of the investments and the periods during which the investments are owned. Purchases and sales of securities are recorded on a trade-date basis.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net change in the fair value of its investments which consists of realized gains or losses, and unrealized appreciation or depreciation on those investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments
Benefits are recorded when paid.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities, at the date of the financial statements and the reported amounts of the Plan income and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

CARES Act
In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to increased volatility in financial markets. The extent to which such increased volatility will impact the value of Plan assets will depend on future developments that are highly uncertain and cannot be predicted.

The outbreak of the coronavirus ("COVID-19") pandemic has adversely affected, and may continue to adversely affect, economic activity globally, nationally, and locally. Following the COVID-19 outbreak in March 2020, the values of investment securities have experienced significant volatility. These economic and market conditions and other effects of the COVID-19 pandemic may continue to adversely affect the Plan. The extent of the adverse impact to the amounts reported in the 2021 Statement of Net Assets Available for Benefits will depend on future developments that are highly uncertain and cannot be accurately predicted.

3. Information Prepared and Certified by the Trustee of the Plan as Complete and Accurate

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Reliance Trust Company, the trustee for the year ended December 31, 2021 and 2020, has certified that the following data included in the accompanying financial statements is complete and accurate.

	December 31, 2021	December 31, 2020
Common/collective trust	$ 53,028	$ 35,096
Shares of registered investment companies	496,039	346,367
Notes receivable from participants	2,595	1,809
	$ 551,662	$ 383,272

	Year Ended December 31, 2021
Net appreciation in fair value of investments	$ 17,505
Dividend and interest income	$ 41,443
Interest income on notes receivable from participants	$ 137

During the year ended December 31, 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the period) appreciated in fair value by $17,505.

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("ASC") No. 820, *Fair Value Measurements and Disclosures* ("ASC 820"), provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Common collective trusts are valued by the determination of the trustee of the common collective trust based on underlying assets, which represents the net asset value. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

- Shares of registered investment companies are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Common/collective trust (a)	$ -	$ -	$ -	$ 53,028
Shares of registered investment companies	496,039	-	-	496,039
Total assets at fair value	$ 496,039	$ -	$ -	$ 549,067

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Common/collective trust (a)	$ -	$ -	$ -	$ 35,096
Shares of registered investment companies	346,367	-	-	346,367
Total assets at fair value	$ 346,367	$ -	$ -	$ 381,463

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliations of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Net gains and losses included in changes in net assets available for benefits for the year ended December 31, 2021, are reported in net appreciation in fair value of investments.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to the total net assets available for benefits. For the year ended December 31, 2021, there were no transfers.

5. Related Party Transactions

The Company administers the Plan from its office. Certain Plan investments are managed by Reliance Trust Company. Reliance Trust Company is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments, on the Statement of Changes in Net Assets Available for Benefits.

6. Tax Status

The Plan is a non-standardized pre-approved profit sharing/money purchase/CODA plan sponsored by ADP, LLC, which has received an opinion letter from the Internal Revenue Service dated October 6, 2020, which indicated that the non-standardized pre-approved plan document was in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of both December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2018.

7. Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

9. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation between the Statements of Net Assets Available for Benefits per the accompanying financial statements and the Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	$ 553,643	$ 384,226
Less: Participant contributions receivable at year end	(1,981)	(954)
Net assets available for benefits per Schedule H of Form 5500	$ 551,662	$ 383,272

The following is a reconciliation between the Statement of Changes in Net Assets Available for Benefits per the accompanying financial statement to Form 5500 for the year ended December 31, 2021:

Net increase in assets available for benefits per the financial statements	$ 169,417
Add: Participant contributions receivable at December 31, 2020	$ 954
Less: Participant contributions receivable at December 31, 2021	(1,981)
Changes in net assets available for benefits per Schedule H of Form 5500	$ 168,390

10. Subsequent Events

The Plan has evaluated subsequent events for possible recognition or disclosure in the financial statements through December 26, 2022, the date the financial statements were available to be issued.
