Independent Auditor's Report

Board of Trustees, Plan Administrator and Participants
TAK Communications WI LLC 401(k) Plan

Scope and Nature of ERISA Section 103(a)(3)(C) Audits of the Financial Statements

We have performed audits of the financial statements of TAK Communications WI LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audits). The financial statements comprise the statements of net assets available for benefits as of March 2, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to March 2, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 2, 2022 and December 31, 2021, and for the period from January 1, 2022 to March 2, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger

The Plan was merged into the TAK Communications, Inc. 401(k) Plan effective March 2, 2022. As discussed in Note 8 to the financial statements, a merger and transfer agreement was enacted by TAK Communications, Inc. 401(k) Plan and TAK Communications WI LLC 401(k) Plan on December 28, 2021, to merge the Plan into the TAK Communications, Inc. 401(k) Plan. All assets of the Plan were physically transferred on March 2, 2022, which is the date that TAK Communications, Inc. 401(k) Plan assumed legal control and responsibility of the Plan assets. Accordingly, these financial statements reflect all activity from January 1, 2022, through March 2, 2022, for the Plan and the transfer out of assets as of March 2, 2022. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

TAK Communications WI LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of TAK Communications WI LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General: The Plan was established on May 25, 2018, and was a defined contribution plan covering nonunion employees of TAK Communications WI LLC (the Company, Plan Administrator and Plan Sponsor). Full-time employees were eligible after completing three months of service and having attained the age of 18. Entrance dates were the first day of each month coinciding with or following the eligibility date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was merged into the TAK Communications, Inc. 401(k) Plan effective March 2, 2022 (see Note 8).

Contributions: Participants could elect to contribute to the Plan, in the form of pretax or after-tax (Roth) deferrals, up to 100% of their eligible compensation, as defined in the plan documents, up to the maximum amount allowable by the Internal Revenue Service (IRS). Participants who had attained age 50 before the end of the Plan year were also eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company, in its sole discretion, could make discretionary employer matching contributions and discretionary profit sharing contributions. There were no employer matching contributions or profit sharing contributions during 2022. Additionally, as a result of the merger (see Note 8) there were no participant contributions with respect to compensation earned between January 1, 2022 and March 2, 2022, as participants began contributing to the TAK Communications, Inc. 401(k) Plan. Participant and employer contributions were subject to certain limitations.

Participant accounts: Individual accounts were maintained for each Plan participant. Each participant's account was credited or charged with the participant's salary deferral contributions, allocations of the Company's discretionary contributions, if any, investment results, and administrative expenses that are paid by the Plan. Allocations were based on participant's compensation, account balances or specific participant transactions, as defined by the Plan document. Participants directed the investment of their contributions into various investment options offered by the Plan, which are more fully described in the Plan's literature. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting: Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions portion of their accounts was based on years of service. Participants became fully vested in their accounts once they completed three years of service, attained age 65, became disabled, upon death, or upon termination of the Plan.

Notes receivable from participants: Participants could borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note repayment terms generally could not exceed five years. Only one note per participant could be outstanding at a time. The notes were secured by the balance in the participant's account and bore interest at a rate of two percentage points over prime interest rate as determined by the Plan document. Principal and interest payments were received ratably from participants through weekly payroll deductions. There are no notes receivable outstanding as of March 2, 2022.

Note 1. Description of Plan (Continued)

Payment of benefits: Withdrawals were allowed in the event of termination, death, retirement, or attainment of age 59½. The Plan also allowed hardship distributions, as defined, subject to certain restrictions. Payments were made in the form of a lump-sum distribution or installments. If a participant terminated employment and the individual's vested interest in the Plan did not exceed \$5,000 and was greater than \$1,000, the distribution was automatically rolled over into an individual retirement account, unless the participant elected to receive a lump-sum distribution. If the vested interest was less than \$1,000, the distribution was paid out in a lump sum. If the vested interest exceeded \$5,000, the participant had to consent to any distribution of their account.

Forfeitures: Forfeitures were used to fund future employer contributions or offset administrative expenses. As of March 2, 2022 and December 31, 2021, forfeited nonvested accounts totaled \$0 and there were no forfeitures utilized during 2022.

Note 2. Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of asset and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and expensed when they were incurred. No allowance for credit losses was recorded as of March 2, 2022 and December 31, 2021. Delinquent participant notes were recorded as distributions based upon the terms of the Plan agreement.

Payments of benefits: Benefits were recorded when paid.

Administrative expenses: Operating expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the individual participant's account. Investment-related expenses were included as an offset to net appreciation (depreciation) in the fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events through January 12, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee

The following is a summary of the Plan's asset information as of March 2, 2022 and December 31, 2021, and for the period from January 1, 2022 to March 2, 2022, included throughout the Plan's financial statements obtained by management and agreed to or derived from information certified by Associated Trust Company, N.A., the trustee of the Plan, and furnished to the Plan Administrator. As of March 2, 2022, there were no assets remaining in the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements related to the following assets as of December 31, 2021:

| | |
|------------------------------------|---------------------|
| Investments at fair value: | |
| Mutual funds | \$ 674,103 |
| Collective trust funds | 353,246 |
| Notes receivable from participants | 6,823 |
| | <u>\$ 1,034,172</u> |

The trustee also certified to the completeness and accuracy of \$84,934 of net depreciation in fair value of investments, related to the aforementioned investments, and \$7 of interest income on notes receivable from participants for the period from January 1, 2022 to March 2, 2022.

Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

TAK Communications WI LLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2021. There were no investments held by the plan as of March 2, 2022.

Mutual funds: Mutual funds were valued at the net asset value (NAV) of identical shares as determined in active markets, held by the Plan at year-end.

Collective trust funds: Collective trust funds were valued using the unit value based on the NAV of the underlying pool of securities less liabilities for each fund. The NAV per share practical expedient was not used when it was determined to be probable that the fund would sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of March 2, 2022, there were no investments remaining in the Plan. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021.

| | Level 1 | Level 2 | Level 3 | Total |
|---|-------------------|-------------|-------------|---------------------|
| Mutual funds | \$ 674,103 | \$ - | \$ - | \$ 674,103 |
| Total assets in the fair value hierarchy | <u>\$ 674,103</u> | <u>\$ -</u> | <u>\$ -</u> | 674,103 |
| Investments measured at net asset value (a) | | | | 353,246 |
| Total assets at fair value | | | | <u>\$ 1,027,349</u> |

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured using the NAV per share practical expedient: As of March 2, 2022, there were no investments remaining in the Plan. The following table includes categories of investments where NAV is available as a practical expedient as of December 31, 2021. There were no unfunded commitments for the investments where NAV is available as a practical expedient.

| | Fair Value as of December 31, 2021 | Redemption Frequency | Redemption Notice Period |
|------------------------|--|-------------------------|-----------------------------|
| Collective trust funds | \$ 353,246 | Immediate | Daily |

TAK Communications WI LLC 401(k) Plan

Notes to Financial Statements

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participant accounts become fully vested. See Note 8 regarding a merger of the Plan effective March 2, 2022.

Note 6. Tax Status

The Plan has adopted a volume submitter profit sharing plan sponsored by Associated Trust Company, N.A. The volume submitter plan has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. However, the Plan Administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan Administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has no uncertain tax positions that require adjustments to or disclosure in the financial statements. Therefore, no provision or liability for income taxes is included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party Transactions and Party-In-Interest Transactions

The Company provided certain administrative services to the Plan for which no fees were charged. Associated Trust Company, N.A. provided investment advisory services and certain administrative and asset management services to the Plan. Certain Plan investments held during the period from January 1, 2022 to March 2, 2022, and as of December 31, 2021, were collective trust funds managed by Associated Trust Company, N.A. These transactions qualify as party-in-interest transactions.

Note 8. Transfer Out to TAK Communications Inc. 401(k) Plan

As discussed in Note 1, a merger and transfer agreement was adopted on December 28, 2021, to merge the Plan into the TAK Communications, Inc. 401(k) Plan. All assets of the Plan were physically transferred on March 2, 2022, which is the date that TAK Communications, Inc. 401(k) Plan assumed legal control and responsibility of the Plan assets. Accordingly, the Plan recognized a transfer out to the TAK Communications, Inc. 401(k) Plan of \$897,285 in its statement of changes in net assets available for benefits for the period from January 1, 2022 to March 2, 2022.
