Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Michigan Corporate Services, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of March 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of March 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements, in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of March 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the

supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following brief description of Michigan Corporate Services, LLC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution plan available to qualifying employees of the following affiliated entities: Michigan Corporate Services, LLC; AIS Construction Equipment Corporation; Michigan Agricultural Commodities, Inc.; Behrenwald Farms; and Contract Finance Corporation (collectively referred to as the Employers). The Plan is administered by Michigan Corporate Services, LLC (the Company or Plan Sponsor). The Plan covers eligible employees who have completed an hour of service with an Employer that has adopted the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Under the Plan, individual Employers may specify their own application of Plan provisions (i.e., eligibility, entry dates, Employer contributions, etc.). However, for the years ended March 31, 2022 and 2021, all Employers are operating under the provisions described below.

Contributions

Participants may contribute a percentage of pre-tax annual compensation, as defined by the Plan, not to exceed the maximum annual amount allowed by the Internal Revenue Code (IRC). Participants are automatically enrolled at 3%, unless the participant opts out or changes their deferral. The Plan also allows participants to transfer funds from other qualified plans into the Plan.

Employer contributions are discretionary and determined annually by the board of directors of the Employers. Employer contributions may include non-elective contributions, matching and qualified matching contributions, and profit-sharing contributions. The Employer match was 100% of participant deferrals up to 3% of compensation, plus 50% of elective contributions over 3% and up to 5% of compensation, as defined by the Plan. Effective September 1, 2021, the Employer match was 100% of participant deferrals up to 5%. No additional discretionary contributions were approved by the Employers for the years ended March 31, 2022 and 2021.

Effective April 1, 2022, participants may elect to contribute a percentage of compensation as a Roth contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's matching and discretionary contributions, and Plan earnings, and is charged with an allocation of administrative expenses. Allocations to participant accounts are specified by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers a collective investment trust, various mutual funds, and self-directed brokerage accounts as investment options. Participants may change the direction of their investment accounts and the manner in which they are invested on a daily basis.

Notes to Financial Statements

Vesting

Participants are immediately vested in their participant elective contributions, non-elective contributions, and any qualified matching contributions plus actual earnings thereon. Vesting in the Employers' discretionary profit-sharing contributions and matching contributions plus earnings thereon is based upon years of service, as follows:

Years of Service	Vested (%)
Less than 2	-
2	20
3	40
4	60
5	80
6 or more	100

Forfeitures

Forfeitures are used to reduce future Employer contributions. For the years ended March 31, 2022 and 2021, forfeited non-vested accounts used to reduce Employer contributions totaled \$255,884 and \$79,624, respectively. At March 31, 2022 and 2021, forfeited non-vested account balances available for use were \$123,668 and \$216,346, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a maximum equal to the lesser of \$50,000 or 50% of the vested interest of their account balance. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate, which is the prevailing rate charged by lenders for notes of a similar type. Interest rates on outstanding notes receivable as of March 31, 2022 range from 4.25% to 8.00%. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years unless the notes were used to purchase a primary residence.

Payment of Benefits

Upon separation of service due to death, disability, attainment of age 59½, retirement, or otherwise, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a period of years not exceeding the life expectancy of the participant or beneficiary, or a transfer into another qualified retirement plan. Under certain circumstances, as defined by the Plan, participants may request a hardship or in-service withdrawal from their elective contributions account.

Administrative Expenses

Expenses paid by the Plan represent fees associated with certain fund expenses, the issuance of notes receivable from participants, and certain other administrative fees related to withdrawals or transfers. These expenses are allocated to specific participants who enter into these transactions. In addition, certain Plan expenses have been offset by revenue-sharing income, which is noted on the statements of changes in net assets available for benefits as other income. For any excess revenue-sharing income not otherwise used to pay Plan expenses, the Company may allocate the funds on a pro-rata basis to participant accounts. All other Plan expenses are paid by the Plan administrator.

Notes to Financial Statements

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions, which were effective through December 31, 2020:

- Special coronavirus distributions up to \$100,000.
- Increase in the available loan amount, as described in Note 1, to the lesser of \$100,000 or 100% of the participant's vested account balance.
- Extend the period for loan repayments, if applicable, up to one year.
- Suspend required minimum distributions for 2020.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Subsequent Events

Subsequent events have been evaluated by management through January 12, 2023, the date these financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Michigan Corporate Services, LLC 401(k) Retirement Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments include the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balance plus unpaid accrued interest. Defaulted loans, if any, are reclassified as deemed distributions based upon the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Collective Investment Trust (CIT) - This is valued at the net asset value (NAV) of the shares held by the Plan at year-end, which is provided by the trustee and is determined based on the fair value of the underlying investments, primarily corporate bonds, U.S. treasury and agency debt, asset-backed, commercial mortgage-backed securities, agency-residential mortgage-backed securities, and short-term investment instruments. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The primary investment objective of the CIT is to seek preservation of principal, while providing current income and liquidity. The CIT provides for daily redemptions by the Plan at reported NAV with no advance notice requirement. There is no restriction in place with respect to the daily redemption of the CIT. There are no unfunded commitments related to the CIT.

Michigan Corporate Services, LLC 401(k) Retirement Plan

Notes to Financial Statements

Mutual Funds - These are valued at quoted market prices in an exchange and active market, which represent the NAV of shares held by the Plan.

Self-Directed Brokerage Accounts - Brokerage account assets include common stock, interest-bearing cash, exchange-traded funds, and mutual funds that are valued at quoted market prices in an exchange and active market.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below set forth the Plan's investments by level within the fair value hierarchy:

March 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 84,980,085	\$ -	\$ -	\$ 84,980,085
Self-directed brokerage accounts	1,309,367	-	-	1,309,367
Total, in the fair value hierarchy	\$ 86,289,452	\$ -	\$ -	86,289,452
Investments at NAV*				4,022,763
Total Investments, at fair value				\$ 90,312,215

March 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 83,210,579	\$ -	\$ -	\$ 83,210,579
Self-directed brokerage accounts	1,249,017	-	-	1,249,017

Investments at NAV*				4,159,617
Total Investments, at fair value				\$ 88,619,213

* The CIT is measured at fair value using the NAV per share (or its equivalent) as a practical expedient and has not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of and for the years ended March 31, 2022 and 2021. Accordingly, Great-West Trust Company, LLC, a qualified institution, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of March 31, 2022 and 2021.
- Investment income and interest income on notes receivable from participants, as reflected on the accompanying statements of changes in net assets available for benefits for the years ended March 31, 2022 and 2021.
- Investments reflected on the ERISA-required Schedule of Assets (Held at End of Year) as of March 31, 2022.

At the direction of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

6. Tax Status

The Internal Revenue Service (IRS) determined, by a letter dated January 25, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

Subsequent to March 31, 2022, the IRS determined, by a letter dated September 14, 2022, that the Plan is designed in accordance with applicable sections of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party Transactions

Fees paid during the year for administrative and recordkeeping services rendered by parties-in-interest were based on customary and reasonable rates for such services and are paid by the Company. Individual participants are charged fees for distributions or special requests.
