Independent Auditor's Report

The Plan Administrator
David Yurman Enterprises, LLC
Retirement Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of David Yurman Enterprises, LLC, Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agree to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedules Required by ERISA

The 2021 supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following brief description of the David Yurman Enterprises, LLC Retirement Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on November 1, 1985. The Plan covers all eligible domestic employees of David Yurman Enterprises, LLC and its affiliates, David Yurman Retail, LLC and Double Y Loft, LLC (collectively, the Company or Employer). The Company is the sponsor of the Plan (Plan Sponsor). The Plan document was restated January 1, 2017 and several Plan features were amended during 2018.

Fidelity Management Trust Company (Fidelity) is the trustee and record keeper. Putnam Fiduciary Trust Company, LLC, (Putnam) is the trustee of the stable value fund. Fidelity and Putnam are collectively the "trustees."

Eligibility

All employees that are not excluded employees, as defined by the Plan document, are eligible to participate in the Plan the first day of the month coinciding with or following the date of hire and age 21 is attained.

Temporary employees and interns must complete a year of service for eligibility (1,000 hours of service during the applicable eligibility computation period).

Contributions

Participants may elect to defer up to 75% of eligible compensation to the Plan. Contributions may be made to the Plan on a pre-tax and/or after-tax Roth salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts from other qualified retirement plans (rollover), as defined in the Plan document. Contributions are subject to certain annual limitations, as imposed by the Internal Revenue Code (IRC).

The Employer may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the participant's elective deferrals. For 2021, the Employer elected to match 50% of each participant's contributions, up to a maximum of 6% of the employee's compensation through March 2021.

Each year, the Employer may make discretionary non-elective contributions to the Plan. To share in the allocations, participants must complete at least 1,000 hours of service during the Plan year and must be employed at the last day of the Plan year. For Plan year 2021, the Employer did not elect to make non-elective contributions.

Participant Accounts/Vesting

Each participant's account is credited with employee deferrals, Employer matching contributions and non-elective contributions, if any, as well as an allocation of Plan earnings and losses. Participant accounts are charged for withdrawals and certain administrative expenses. Allocations are based on Plan earnings, account balances, or specific-participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employees are immediately vested in their voluntary contributions plus actual earnings thereon. Participants become vested in their Employer matching and non-elective contributions plus earnings thereon, as follows:

Years of Service	Vesting (%)
1	25
2	50
3	75
4	100

Participants also become 100% vested in Employer matching and non-elective contributions plus earnings thereon upon reaching normal retirement age, as defined in the Plan document, and upon death or disability prior to termination of employment.

Investment Options

Participants may direct their contributions into various investment options offered with the trustees consisting of mutual funds and a stable value fund.

Forfeitures

The unvested portion of accounts of participants at the time of separation of service from the Company will generally be forfeited upon the earlier of the last day of the Plan year in which the former participant incurs five consecutive one-year breaks in service or the distribution of the entire vested portion of the participant's account.

Forfeitures may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. Forfeitures of amounts attributable to Employer contributions other than Employer matching contributions will be added to any Employer discretionary contribution (e.g., matching or non-elective) and allocated in the same manner. At December 31, 2021 and 2020, forfeited non-vested accounts totaled approximately \$370,859 and \$454,000, respectively. For the year ended December 31, 2021, forfeitures in the amounts of \$286,445 were used to reduce Employer contributions and to pay Plan expenses.

Notes to Financial Statements

Payment of Benefits

Employees may receive the value of their vested account upon attaining normal retirement age, death, disability, separation of service from the Company, or in case of hardship withdrawals for eligible reasons defined by the Plan document. A participant may elect to receive either a lump-sum distribution in the amount of the participant's account or installment payments.

Notes Receivable from Participants

Pursuant to the Plan agreement, participants may borrow from the Plan at reasonable rates of interest, provided the loan does not exceed the lesser of \$50,000 or 50% of the participant's vested account balance. Principal and interest are paid ratably through payroll deductions over a five-year period, unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan. At December 31, 2021, all loans had interest rates ranging from 4.25% to 6.50% per annum.

Administrative Expenses

The Plan's administrative expenses are paid from the Plan assets or by the Employer, as provided by the Plan's provisions. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the period.

Notes to Financial Statements

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Benefits Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments, at fair value and investments, at contract value, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

5. Fair Value Measurements

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021 and 2020. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds - Mutual funds are valued at the unadjusted quoted price, which represents the net asset value (NAV) of shares held by the Plan at year end.

Stable Value Fund - The stable value fund is valued based upon the unit values. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. The NAV is used as a practical expedient to estimate fair value. There are no restrictions on the redemption of this investment and no unfunded commitments.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

The following tables provide information, by level, for assets that are measured at fair value (see Note 2):

December 31, 2021

	Assets in the Fair Value Hierarchy			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 77,491,812	\$ -	\$ -	\$ 77,491,812
Stable value fund*				4,620,582
Total Investments, at fair value				\$ 82,112,394

December 31, 2020

	Assets in the Fair Value Hierarchy			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 66,099,187	\$ -	\$ -	\$ 66,099,187
Stable value fund*				4,590,503
Total Investments, at fair value				\$ 70,689,690

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts prescribed in these tables are intended and permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments may exist.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2021 and 2020.

6. Plan Termination

Although it has not expressed any intent to do so, the sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions and all accounts would be available for distribution at the same time and in the same manner as would have been permissible had the Plan not been terminated.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

7. Party-in-Interest Transactions

Certain Plan investments are managed by the trustees and recordkeeper for the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rule under ERISA. Notes receivable from participant loans also qualify as party-in-interest transactions.

8. Reconciliation of Financial Statements to Form 5500

The Plan reports certain information differently for financial statement and Form 5500 reporting purposes. The following reconciles the differences between the amounts reported on an accrual basis for financial reporting purposes and the amounts reported on a cash basis for Form 5500 purposes:

<i>December 31,</i>	2021	2020
Net Assets Available for Benefits, per financial statements	\$ 83,155,428	\$ 71,505,904
Less: employer contributions receivable	171,480	27,560
Net Assets Available for Benefits, per Form 5500	\$ 82,983,948	\$ 71,478,344

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500:

Year ended December 31, 2021

Changes in Net Assets Available for Benefits, per financial statements	\$ 11,649,524
Net change in employer contributions receivable	143,920
Changes in Net Assets Available for Benefits, per Form 5500	\$ 11,505,604

9. Tax Status

The Company adopted Fidelity Management & Research Co.'s volume-submitter profit sharing plan with a cash or deferral arrangement that received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the volume-submitter plan was designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

Subsequent events were evaluated through December 15, 2022, the date the financial statements were available to be issued. There were no subsequent events requiring adjustments or disclosures to the financial statements.

(Date – to be entered by client)

BDO USA, LLP
401 Broadhollow Road, Suite 201
Melville, NY 11747
Ladies and gentlemen:

We are providing this letter in connection with your audits of the financial statements of David Yurman Enterprises, LLC Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

We elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that ERISA Section 103(a)(3)(C) audits are permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certifications meet the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. GAAP and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

We confirm that we are responsible for the preparation and fair presentation in the Plan's financial statements of net assets available for benefits and changes in net assets available for benefits in conformity with U.S. GAAP.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, as of the date of this representation letter, as entered on the first page, the following representations made to you during your audit:

- (1) We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated July 14, 2022, for the preparation and fair presentation of the Plan's financial statements (including disclosures) in accordance with U.S. GAAP. The notes to the Plan's financial statements include all disclosures required by laws and regulations to which the Plan is subject. The Plan's supplemental schedule is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- (2) We acknowledge our responsibility for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the ERISA plan financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.
- (3) We have fulfilled our responsibility, as set out in the terms of the aforementioned audit engagement letter, for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- (4) We acknowledge our responsibility for the presentation of the ERISA-required supplemental schedule in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The methods, significant assumptions, and the data used in making the accounting estimates and the related disclosures

are appropriate to achieve recognition, measurement, and disclosure that is in accordance with U.S. GAAP. (Significant estimates are estimates at the date of the statement of net assets available for benefits that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets for which events could occur that would significantly disrupt normal finances within the next year.).

FASB ASC 450-20, *Loss Contingencies*, requires loss contingencies to be accrued if it is probable an asset has been impaired or a liability incurred at the date of the statement of net assets available for benefits and the amount of loss can be reasonably estimated. Such contingencies must be disclosed, but may not be accrued, if the loss is reasonably possible (but not probable) or the loss is probable but the amount of loss cannot be reasonably estimated.

- (a) Violations or possible violations of laws or regulations (including the failure to file reports required by regulatory bodies (e.g., DOL, IRS, Health and Human Services, state and municipal authorities) when the effects of failing to file could be material to the financial statements) whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.
 - (b) Unasserted claims or assessments that our lawyer has advised us are probable of assertion and must be disclosed in accordance with FASB ASC 450.

- (14) The Plan has complied with all aspects of contractual agreements, including debt covenants, that would have a material effect on the financial statements in the event of noncompliance.
- (15) We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with the requirements of FASB ASC 820, *Fair Value Measurement*. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.
- (16) Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable. For any financial instruments, including non-readily marketable securities, we concur with and accept responsibility for the methods and significant assumptions used to estimate fair value of financial instruments and/or the approach used by the appraiser. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.
