INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
F. Radich Motors, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of F. Radich Motors, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of March 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended March 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of F. Radich Motors, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about F. Radich Motors, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of F. Radich Motors, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about F. Radich Motors, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets held for investment purposes at March 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

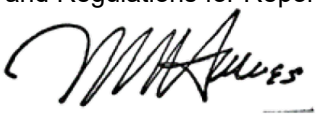

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor’s Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of F. Radich Motors, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution.

In our report dated January 6, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the F. Radich Motors, Inc. 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions:

General

The Plan was established effective January 1990 to provide retirement benefits for employees of F. Radich Motors Inc., DBA Elk Grove Honda (the "Plan Sponsor"). The plan is a defined contribution plan covering all full-time and part-time employees of the Company who are age 21 or older and have one year and 1,000 hours of service. The Plan is intended to satisfy the requirements of a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the "Code") and similar state tax laws. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Two employees of the Plan Sponsor serve as trustees of the Plan. The Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Plan Year

The Plan year begins April 1 and ends March 31.

Contributions

The Plan allows for the following types of contributions:

- ***Salary Deferral 401(k) Contributions***
  The Plan includes an elective salary deferral arrangement pursuant to section 401(K) of the Code. Employees are automatically enrolled into the Plan upon eligibility. Employees may voluntarily contribute up to 100% of their eligible compensation, subject to various nondiscrimination tests and limitations prescribed by the Code, and they may choose to opt out of the automatic enrollment.

- ***Employer Matching Contributions***
  The Sponsor has a discretionary matching contribution. Matching contributions are allocated to eligible participants based upon a discretionary percentage of the employee's salary deferral. Participants must be employed with the plan sponsor on the last day of the plan year and complete 1,000 hours of service during the plan year in order to receive an allocation of the matching contribution. The plan sponsor did not make matching contributions during the year ended March 31, 2022.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

- ***Employer Non-Elective Contributions***
  The Plan Sponsor may make discretionary non-elective profit-sharing contributions to the Plan. Non-elective contributions are allocated to eligible participants based on eligible compensation. Participants must be employed with the Plan Sponsor on the last day of the Plan year and complete 1,000 hours of service during the Plan year in order to receive an allocation of the non-elective contribution. The Plan Sponsor did not make non-elective contributions during the year ended March 31, 2022.

- ***Rollover Contributions***
  Participants may make rollover contributions from another qualified plan.

Participant Accounts and Allocations

The Plan allows participants the ability to self-direct the investment of their contributions into various investment options offered by the Plan. Participants are allowed to invest their accounts in any one of the funds or a combination of fund. The Plan currently offers various mutual funds as investment options to participants. Each participant's account is credited with the participant's contribution, the Company's discretionary matching or profit-sharing contributions, if any, and Plan earnings (losses). Allocations are based on participant's contributions or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and/or profit-sharing contribution portion of their accounts is based on years of continuous service. The vesting schedule is as follows:

Years of Vesting Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeited Accounts

Forfeitures of matching contributions are used to reduce the employer liability for current contributions of matching contributions. Forfeitures of profit-sharing contributions are reallocated as an additional profit-sharing contribution. There were no forfeitures available to reduce contributions for the year ended March 31, 2022.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Retirement

Normal retirement under the Plan is the date a participant attains age 65. There are no early retirement provisions provided under the Plan.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles of the United States (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liability and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable to participants for the years ended March 31, 2022 and 2021.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payments of Benefits

Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who elected to withdraw from the Plan have all been paid as of March 31, 2022.

Administration Fees

The Plan pays all of the Plan costs, which are comprised of its annual audit fee, investment management expenses and other costs. For the year ended March 31, 2022, these costs amounted to $420.

Subsequent Events

The Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through January 10, 2023, the date the financial statements were available to be issued and management has determined that no subsequent events have occurred that should be disclosed.

NOTE 3 – PLAN ADMINISTRATION AND CUSTODIAL ARRANGEMENTS

All Plan investments and custodian duties are with Ascensus Trust Company. Administration and recordkeeping is performed by Ascensus.

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN

The following is a summary of the plan's investment information, included in the plan's financial statements and supplemental schedules that was prepared by, or derived from, information prepared by Ascensus Trust Company, the custodian of the plan, and furnished to the plan management. The plan management has obtained certification from the custodian that the information is complete and accurate as of and for the years ended March 31, 2022 and 2021.

NOTE 5 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the fill term of the asset or liability.

Level 3 – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2022 and 2021.

- *Pooled Separate Accounts*
  Pooled separate accounts invest mainly in mutual funds both domestic and international. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2022 and 2021.

	Assets at Fair Value as of March 31, 2022		
	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ -	$ 3,400,799	$ -
Total Assets at Fair Value	$ -	$ 3,400,799	$ -

	Assets at Fair Value as of March 31, 2021		
	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ -	$ 3,927,692	$ -
Total Assets at Fair Value	$ -	$ 3,927,692	$ -

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 - RELATED-PARTY TRANSACTIONS

The Plan recordkeeping and administration is provided by Ascensus, which is the administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. For the year ended March 31, 2022, the costs amounted to $420.

NOTE 8 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter, that the Plan and related trust are designated in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of March 31, 2022 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 9 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
