INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
E.L. Robinson Engineering 401(k) Plan
Cross Lanes, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of E.L. Robinson Engineering 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of March 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended March 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by Empower Retirement Company (Empower), an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated November 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

E.L. ROBINSON ENGINEERING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

March 31, 2022 and 2021

1 – DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES

Plan Description

The following description of the E.L. Robinson Engineering 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for more complete information.

General

The Plan, established April 1, 1998, since amended and restated, is a defined contribution 401(k) plan available to all personnel of E.L. Robinson Engineering Co. There is no length of service requirement for participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Significant accounting policies and estimates

The accounting and reporting policies of the Plan conform to the accrual basis of accounting and to general practices within the employee benefit plan industry. The preparation of financial statements in conformity with the accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The principles and policies which significantly affect the determination of net assets and the changes in net assets are summarized below.

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS (Continued)

March 31, 2022 and 2021

1 – DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions

Each year, participants may contribute up to 75 percent (minimum of 2 percent) of pretax annual compensation, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover), with the exception of Roth distributions. The Plan permits participants to make catch up, true up, and separate bonus contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. The Plan Sponsor may make discretionary employer matching contributions and non-elective contributions to the Plan. The Plan Sponsor made discretionary employer matching contributions of \$412,437 and \$411,334 to the Plan in 2022 and 2021, respectively. Contributions are subject to certain IRS limitations.

Participant investment options

Each Plan participant has the right to direct all contributions and earnings thereon among alternative investment options provided under the Plan's group investment contract. Participants should refer to the most recent annual report and prospectus for pooled separate accounts or information on risk factors, asset concentrations, investment objectives and other financial data. Participants may transfer funds between investment options at any time.

Participant accounts

Each participant's account is credited with the participant's elective contributions and contributions by the Plan Sponsor. In addition, each participant's account is credited with the specific earnings (losses) of the investments owned in self-directed participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The Plan provides for immediate vesting of salary reduction contributions and earnings thereon. In connection with any employer matching and nonelective contributions, the Plan provides for a modified five-year vesting schedule. An employee's vesting percentage increases to 100% if, while employed with the employer, the employee: dies, becomes disabled, or reaches early retirement age.

NOTES TO FINANCIAL STATEMENTS (Continued)

March 31, 2022 and 2021

1 – DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes receivable from participants

Participant's may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the custodian based on prevailing industry loan rates. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon retirement (normal retirement age is 60), death, disability or other termination of employment, as defined in the Plan document, participants or their spouses and/or beneficiaries may elect to receive their account as a lump sum cash payment or annual installments under various annuity options. Further, upon termination of employment, the participant may elect to transfer his or her account balances to another qualified plan or individual retirement account. If the vested account of a participant is less than \$5,000, the entire vested account will be paid in a lump sum.

The Plan allows for hardship withdrawals for certain employee needs as defined in the Plan document. The Plan Sponsor has sole authority to authorize hardship withdrawals, pursuant to the Plan specifications.

Effective January 1, 2020, the plan was amended to adjust rules relating to hardship withdrawals. This amendment made several changes to hardship withdrawal rules such as eliminating the requirement that a participant obtain a plan loan before requesting a hardship withdrawal, allowing earnings on elective deferral contributions as part of a hardship withdrawal, and eliminating the requirement that a participant suspend their contributions for 6 months after the receipt of a new hardship withdrawal.

Benefits are recorded when paid.

Forfeitures

At March 31, 2022 and 2021, forfeited non-vested accounts totaled \$722 and \$8,452, respectively. These amounts will be used to reduce future employer contributions.

2 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan, since amended and restated, and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan's Department of the Treasury information returns, are subject to examination, generally for three years after the filing date.

E.L. ROBINSON ENGINEERING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

March 31, 2022 and 2021

3 – RELATED PARTY TRANSACTIONS AND INVESTMENT ADMINISTRATION

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor, and certain others. During the years ended March 31, 2022 and 2021, transactions with parties-in-interest primarily included certain administrative functions performed by officers or employees of the Plan Sponsor and affiliated entities at no cost to the Plan. The Plan Sponsor pays substantially all administration fees for the Plan.

4 – CERTIFIED INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplementary information, including notes receivable from participants and investments held at March 31, 2022 and 2021 and investment income (loss), which includes net appreciation (depreciation), were obtained and derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian.

5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

E.L. ROBINSON ENGINEERING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

March 31, 2022 and 2021

5 – FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2022, and 2021.

Pooled separate accounts: As of any date, the unit value of the Plan's share of a pooled separate account is based on the observable Net Asset Value (NAV) of the underlying investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2022 and 2021:

Assets at Fair Value as of March 31, 2022				
	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts	\$ -	\$ 17,847,743	\$ -	\$ 17,847,743

Assets at Fair Value as of March 31, 2021				
	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts	\$ -	\$ 15,413,124	\$ -	\$ 15,413,124

6 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

Effective January 1, 2021, Empower Retirement (Empower) acquired Massachusetts Mutual Life Insurance Company. The Plan's funding agreement with Empower contains a fully benefit responsive, fixed fund offering referred to as The Fixed Income Account. The Fixed Income Account is part of Empower's general account and is subject to claims of Empower's general creditors. Empower credits interest on contributions made to the Fixed Income Account at a rate it declares for a period of time that it determines; this interest rate is referred to as the Declared Interest Rate. The Declared Interest Rate is determined at the discretion of Empower. Any change to the Declared Interest Rate will be made before the start of the quarter to which the rate applies. Empower guarantees a minimum rate of interest, which is referred to as the Minimum Guaranteed Interest Rate. The Minimum Guaranteed Interest Rate is determined such that it shall meet or exceed the minimum non-forfeiture rate required by the Plan's state's standard non-forfeiture law. The Declared Interest Rate for the entire plan year ending March 31, 2022 and 2021 is 3%; which is the Minimum Guaranteed Interest Rate.

E.L. ROBINSON ENGINEERING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

March 31, 2022 and 2021

6 – INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an incurred violation of the Plan's investment guidelines, (2) a breach of material obligations under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

E.L. ROBINSON ENGINEERING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

March 31, 2022 and 2021

8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

9 – COVID-19

During the years ended March 31, 2022 and 2021, the spread of COVID-19 has severely impacted many local economies around the globe. The duration and impact of the COVID-19 pandemic remains unclear at this time. It is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position and results of the Plan for future periods.

10 – SUBSEQUENT EVENTS

The Company's management has evaluated events and transactions occurring after March 31, 2022 through the date of the Auditor's report, which is the date the financial statements were available to be issued.

11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
